Dear Ms. Hart:

This will acknowledge the invoice from you under your assigned invoice number 1110429F dated 11/30/2010.

Please be advised that Halo Wireless Communications is a Commercial Mobile Radio Service (CMRS) provider. The charges reflected in your statement appear to relate to intrastate access charges. Please be advised that Halo has not ordered or received any interstate or intrastate access services from your company that could possibly be chargeable to Halo, so we have no obligation to pay them.

While there are no charges related to transport and termination of intraMTA or interMTA traffic contained in your statement, since Halo is a CMRS provider, it would have no obligation to pay such charges absent a contract in any event.

Sincerely,

A handwritten signature in black ink, appearing to read "John Marks".
