RE: Case No. GR-2001-629
File No. 200200710

**Missouri Public
Service Commission**

Dear Mr. Roberts:

On February 28, 2002 Laclede Gas Company made a tariff filing to implement a customer weatherization program pursuant to the terms of the Unanimous Stipulation and Agreement approved by the Commission in Case No. GR-2001-629. Such filing consisted of several tariff sheets including Original Sheet No. R-45. However, the Staff discovered that one sentence was missing from the bottom of Sheet No. R-45. Due to this inadvertent omission, the Company has revised the enclosed tariff sheet to include the missing sentence and respectfully requests that the Commission substitute such sheet for the comparable sheet originally filed on February 28.

Sincerely,

Kenneth J. Neises
Kenneth J. Neises

RULES AND REGULATIONS

34. Weatherization Program (continued)

4. As a term of its contract with the Agencies, the Company agrees that it and the Agencies will consult with Staff, Public Counsel and the Department of Natural Resources (and any other party agreeable to Company, Staff and Public Counsel) during the term of the program.
5. The program will continue until the effective date of an order of the Commission approving rates in the Company's next general rate case filed after the effective date of this tariff, unless otherwise ordered by the Commission. With the assistance of the Agencies, the Company shall submit reports on the program to the Staff, Public Counsel, and the Department of Natural Resources on a quarterly basis reflecting the information provided to the Company by the Agencies in their quarterly reports. Within thirty days of receiving the most recent quarterly report from the Agencies following the end of each year of the program, the Company shall also submit an annual report. Each annual report will address the progress of the program, and provide an accounting of the funds received and spent on the program during the preceding program year. The report will include the following information with breakdowns for each of the participating Agencies.
 - a. Program funds provided by Laclede.
 - b. Amount of program funds, if any, rolled over from previous program year.
 - c. Amount of administrative funds retained by the Agency.
 - d. Number of weatherization jobs completed and total cost (excluding administrative funds) of jobs completed.
 - e. Number of weatherization jobs "in progress" at the end of the program year.
 - f. To the extent available, information detailing efficacy and impact of weatherization measures on attaining the goals of the program. To that end, the contract with the Agencies shall require that the NEAT audit printout and itemization of the costs for each measure installed and each administrative cost incurred for each job be provided to the Company.

The report shall be subject to audit by the Commission Staff and Public Counsel.
