### SECTION 3 - DESCRIPTION OF SERVICES

#### 3.4 Outbound Services-Switched Access

##### 3.4.1 MTS

MTS is an intercity long distance Service available to Customers seven (7) days per week, twenty-four (24) hours per day, 365 days per year. With MTS, calls are originated from other than a public or semipublic coin telephone. The desired telephone number is dialed, the call is completed without the assistance of a live or automated operator, and the call is not billed to a number other than the originating number. Calls originate on switched facilities provided by LECs, CLECs or authorized access providers. MTS is available to Residential Customers and Business Customers that presubscribe to the Company for long distance Service. If a Customer presubscribes to the Company for the provision of outbound long distance Service and does not select one of the Company's optional price plans, the Company will provision MTS Service on the Customer's initial order for Service. If a Residential Customer subscribes to the Company's interstate Automatic Savings Plan, the Company will provision MTS Service for intrastate calling. Charges are usage sensitive and vary by day-of-week and time-of-day. Calls are billed in one (1) minute increments, with a minimum call duration of one (1) minute. Peak and off peak rates apply. The peak rate period is 8:00 a.m. to but not including 5:00 p.m., Monday through Friday. The off-peak rate period is all other times. The off-peak rates apply on the following holidays: New Year's Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day. Usage rates for MTS vary depending on whether the presubscribed line is classified as business or residential. With MTS, there is no minimum monthly billing. Calls billed under this Service offering will not qualify for promotional rates.
