RE: Filing No. AO-2010-0213  
- Order Directing Collection of Broadband Information

Dear Mr. Reed:

On January 15, 2010, Chairman Robert Clayton issued an Order Directing Collection of Broadband Provider Information in the above-referenced case. The Undersigned counsel represent approximately thirty-five (35) Incumbent Local Exchange Carriers (ILECs) and five (5) Alternative Local Exchange Carriers (ALECs) as listed on Attachment A to this letter. We have advised our clients (or their affiliates, as the case may be) to comply with the Commission's Order. However, to the extent they provide information regarding the number of broadband customers, we have further advised that this information should be designated as "Highly Confidential," as it is "market specific information relating to services offered in competition with others" as defined by Commission Rule 4 CSR 240-2.135. In the event that one or more of the listed clients, or their affiliate, neglects to designate this customer information as "Highly Confidential," please consider this letter as a request to do so.

In addition to the referenced Rule, we understand that the confidentiality of this information will be maintained pursuant to Section 386.480 RSMo and will not be disclosed publicly, unless in accordance with the provisions of that Statute. If it is the Commission's intent to disclose this information to a third party that is not subject to the referenced Statute or Rule, we would request that the Commission enter into a Nondisclosure Agreement (NDA) with the third party before such disclosure in order to protect the confidentiality of the information provided. In that regard, the undersigned are willing to assist the Commission in the development of such a NDA.
