ORDER APPROVING INTEREXCHANGE CERTIFICATE OF SERVICE
AUTHORITY AND ORDER APPROVING TARIFF

Discount Call Rating, Inc. (DCR) applied to the Public Service Commission on July 29, 1997, for a certificate of service authority to provide intrastate interexchange telecommunications services in Missouri under Section 392.440, RSMo 1994.¹ DCR asked the Commission to classify it as a competitive company and waive certain statutes and rules as authorized by Sections 392.361 and 392.420. DCR is a New Jersey corporation, with its principal office located at 41 Watchung Plaza, Suite 106, Montclair, New Jersey 07042.

The Commission issued a Notice of Applications and Opportunity to Intervene on August 5, directing parties wishing to intervene in the case to file their requests by August 20. The requirement for a hearing is met when the opportunity for hearing has been provided and no proper party has requested the opportunity to present evidence. State ex rel. Rex Deffenderfer Enterprises, Inc. v. Public Service Commission, 776 S.W.2d

¹ All statutory references are to the Revised Statutes of Missouri 1994 unless otherwise indicated.

494, 496 (Mo. App. 1989). Since no one has asked permission to intervene or requested a hearing in this case, the Commission may grant the relief requested based on the verified application.

DCR filed a proposed tariff in conjunction with its application and filed substitute sheets on August 27. The tariff's effective date is September 28. DCR's tariff describes the rates, rules, and regulations it intends to use, identifies DCR as a competitive company, and lists the waivers requested. DCR intends to provide interexchange telecommunications services including 1+ direct dial, 800 number services, and travel card services.

In its Memorandum filed on September 17 the Staff of the Commission stated that DCR's proposed services are similar to existing IXC offerings. Staff recommended that the Commission grant DCR a certificate of service authority, competitive status, and waiver of the statutes and rules listed in the Notice. Staff recommended that the Commission approve the proposed tariff to become effective on September 28.

The Commission finds that competition in the intrastate interexchange telecommunications market is in the public interest and DCR should be granted a certificate of service authority. The Commission finds that the services DCR proposes to offer are competitive and DCR should be classified as a competitive company. The Commission is of the opinion that waiving the statutes and Commission rules set out in Ordered Paragraph 2 is reasonable and not detrimental to the public interest.

The Commission determines, by authority of Section 392.470, that DCR should comply with the following regulatory requirements as reasonable and necessary conditions of certification:

- (1) DCR must comply with reasonable requests by Staff for financial and operating data to allow Staff to monitor the intraLATA toll market. § 386.320.3.
- (2) DCR must file tariffs containing rules and regulations applicable to customers, a description of the services provided, and a list of rates associated with those services in accordance with 4 CSR 240-30.010 and Section 392.220, RSMo Supp. 1996.
- (3) DCR may not unjustly discriminate between its customers. §§ 392.200, RSMo Supp. 1996, 392.400.
- (4) DCR must comply with all applicable rules of the Commission except those specifically waived by this order. §§ 386.570, 392.360.
- (5) DCR must file a Missouri-specific annual report. §§ 392.210, 392.390.1.
- (6) DCR must comply with jurisdictional reporting requirements as set out in each local exchange company's access services tariffs. § 392.390.3.
- (7) DCR must submit to the staff, on a confidential basis, a copy of the jurisdictional report it submits to local exchange companies. The report must be submitted within ten (10) days of the date on which it is submitted to the local exchange company.

The Commission finds that DCR's proposed tariff details the services, equipment, and pricing it proposes to offer, and is similar to tariffs approved for other Missouri certificated interexchange carriers.

The Commission finds that the proposed tariff filed on July 29 shall be approved as amended to become effective on September 28.

IT IS THEREFORE ORDERED:

1. That Discount Call Rating, Inc., is granted a certificate of service authority to provide intrastate interexchange telecommunications services in the state of Missouri, subject to the conditions of certification set out above.

2. That Discount Call Rating, Inc. is classified as a competitive telecommunications company. The following statutes and regulatory rules shall be waived:
