COMES NOW the Staff of the Missouri Public Service Commission, by and through counsel, and hereby moves the Commission for an Order granting an Extension of Time to file its Staff Recommendation to June 4, 2015. For its motion for an extension of time, Staff respectfully states as follows to the Missouri Public Service Commission (Commission):

1. On March 25, 2015 the applicant filed an application for a joint application seeking to sell and transfer water system assets and associated tracts of land and buildings to the Camden County Public Water Supply District Number Four (herein after "PWSD") and the application was assigned case number WM-2015-0231. On March 26, 2015 the Commission ordered a supplemental filing from Ozark Shores seeking a list of each county where an affected political subdivision is located. On April 7, 2015, Ozark Shores filed a response to the Commission's Order that attested to Ozark Shores property being entirely included within and affecting only, Camden and Miller County.

2. On April 8, 2015 the Commission issued its *Order and Notice* (Order) regarding the joint application. The Order directed the Commission's Data Center and

Public Information Office to send out notices regarding the Application to the clerks of Camden and Miller Counties. The Order also established a deadline of April 27, 2015 for interested parties to submit requests to intervene in the case and May 4, 2015 as the date for Staff to file its *Recommendation*. To date no parties have sought intervention.

3. Staff is requesting additional time, 30 days, in which to file its recommendation to permit final calculation and correction to company plant records, review depreciation reserve and rate base items.

WHEREFORE, Staff respectfully requests that the Commission grant an extension of time until June 4, 2015, for Staff to file its recommendation in WM-2015-0231.
