Re: Request for Interconnection & Compensation Arrangements

Dear Mr. Marks:

Previously we have sent you requests on behalf of the following Local Exchange Companies (LECs) to begin negotiations with Halo Wireless (Halo) toward an Interconnection Agreement pursuant to Section 251 of the Telecommunications Act of 1996:

Citizens Telephone Company  
Green Hills Telephone Corporation  
Green Hills Telecommunication Services

**Letter Sent**  
December 30, 2010

Goodman Telephone Company  
Granby Telephone Company  
Grand River Mutual Telephone Corporation  
Lathrop Telephone Company  
McDonald County Telephone Company  
Oregon Farmers Mutual Telephone Company  
Ozark Telephone Company  
Seneca Telephone Company

January 26, 2011

Rock Port Telephone Company

January 27, 2011

In addition to the above, several other LECs that we represent have recently received billing records from their tandem provider, AT&T Missouri, indicating that Halo is sending traffic to the AT&T tandems in Missouri over the LEC-to-LEC (or Feature Group C) network for ultimate termination to customers served by these LECs. Currently, Halo has no agreement with any of these LECs to terminate this traffic.

Accordingly, the following LECs request that Halo begin negotiations, pursuant to Section 251 of the Telecommunications Act, to establish appropriate interconnection agreements (including reciprocal compensation) for the local (i.e., intraMTA) wireless traffic that Halo Wireless is terminating to them.

Ellington Telephone Company  
Farber Telephone Company  
Fidelity Telephone Company  
Fidelity Communications Services I  
Fidelity Communications Services II  
Holway Telephone Company  
Iamo Telephone Corporation  
Kingdom Telephone Company  
KLM Telephone Company  
Le-Ru Telephone Company  
Mark Twain Rural Telephone Company  
Mark Twain Communications Company  
New Florence Telephone Company  
Steelville Telephone Exchange, Inc.

In response to our earlier correspondence, you have questioned the procedures that these LECs are pursuing to request negotiations. Accordingly, let me make it clear that these LECs seek to initiate negotiations toward an interconnection agreement pursuant to Sections 251 and 252, as envisioned by the FCC in its 2005 T-Mobile decision. Therefore, if voluntary negotiations are unsuccessful, these LECs are willing to submit to arbitration before the Missouri Public Service Commission.

Accordingly, please acknowledge receipt of this letter and indicate Halo Wireless' willingness to begin negotiations towards an interconnection agreement for the exchange of, and compensation for, local (intraMTA) wireless traffic. I look forward to hearing from you.

Sincerely,

W.R. England, III
