Missouri Public
Service Commission

Terre Du Lac Utility Co. would like to formally request an increase to our water and sewer rates. We are requesting a 16.5% increase to our annual sewer revenue and a 15% increase to our annual water revenue.

This rate increase is being requested as a result of an open investigation by the staff of Missouri Public Service Commission case WW-2013-0196.

We would like to request that this rate case be handled from the Jefferson City accounting office. We feel as though the treatment from the St. Louis accounting office has been unfair and unjust in the past.

Michael Tilley

President

Terre Du Lac Utility Co.
