Frank E. Dilley, et al.,

Complainants,

v.

Union Electric Company,
d/b/a AmerenUE

Respondent

Case No. EC-2000-63

UNION ELECTRIC COMPANY'S STATUS REPORT

Comes now Union Electric Company ("Union Electric," "UE" or "the Company") in reply to the request of the Staff of the Public Service Commission of the State of Missouri ("Staff") to provide a status report concerning Commission ordered investigation.

By letter dated September 14, 2000, the Company submitted its "Final Response" to Commission Ordered Status Report showing the performance of its Brumley area distribution system during the summer season of 2000.

On October 2, 2000, the Commission Staff filed its Response to Status Report Concerning Commission Ordered Investigation. In that filing, the Staff recommended "that the Commission leave this case open until the pole replacement process is completed subject to the conditions outlined in the 'Recommendations' Section of the Memorandum." Forty-three poles located on Highway C were recommended for replacement. Construction job estimates have been prepared for thirteen of those poles

and the remainder are pending estimating. All the poles have been scheduled to be replaced no latter than December 31, 2001.

The Company does not object to the Staff's recommendation and will provide a final report, as requested by the Commission Staff, upon completion of the pole replacement process.

WHEREFORE, Union Electric Company hereby submits this status report to the Commission.

Dated: February 13, 2001

Respectfully submitted,

AmerenUE
