Chapter 28—Telecommunications, IVoIP, Video Services

PROPOSED RULE

4 CSR 240-28.040 Reporting Requirements

PURPOSE: This rule identifies reporting requirements for companies authorized to provide telecommunications, IVoIP, video, payphone, or shared tenant services in Missouri.

(1) Company contacts. Any company receiving certification or registration from the commission to provide telecommunications, IVoIP, video, payphone, or shared tenant services shall maintain an updated list of company contacts in Electronic Filing and Information System (EFIS).

(2) Annual Report. A company certificated to provide telecommunications service or registered to provide IVoIP service shall submit an annual report to the commission. A company providing shared tenant services or payphone services is not required to submit an annual report. Annual report requirements are listed below:

(A) All companies shall use the annual report form provided by the commission on the commission's website. Failure to receive the annual report form does not relieve a company of its obligation to file the annual report. All annual report forms shall contain a notarized affidavit verifying the accuracy of the annual report information and confirming the company's EFIS contact information and disaster recovery plan contacts are current;

(B) The deadline for a company to submit a completed annual

report is April 15.

1. A company that is unable to meet the April 15 submission date deadline may request an extension of this deadline by filing a letter through EFIS prior to the deadline. The letter shall include an explanation for failing to meet the deadline and the date by which the annual report will be filed.

A. If a request for extension is made prior to the filing deadline, a thirty- (30-) day extension will automatically be granted.

B. Requests to file an annual report after May 15 will be handled on a case-by-case basis depending on the explanation contained in the request.

2. A company that misses the April 15 filing deadline and has not requested an extension shall be considered delinquent and appropriate actions may be pursued;

(C) Annual reports should be submitted electronically into the EFIS as a non-case related submission. Please refer to EFIS's Help section for assistance in determining the specific filing designation.

(D) A company shall separately submit an annual report for each certificate or registration held by the company; and

(E) A company may request confidential status for some or all of an annual report using the procedures described in the annual report instructions.

(3) Statement of Revenue Report. All IVoIP providers and companies certificated to provide telecommunications services, including payphone providers and shared tenant service providers, shall submit a Statement of Revenue. Statement of Revenue requirements are listed below:

(A) All companies shall use the annual report form provided by the commission on the commission's website.

1. A Notary Public shall witness and sign the form;

(B) The deadline for submitting a completed Statement of Revenue report is March 31. The commission annually notifies companies of the form on which to submit a statement of revenue during the month of January;

(C) Companies are encouraged to submit Statement of Revenue forms electronically to the commission's EFIS as a non-case related submission; however, a company may also submit a Statement of Revenue form by mailing the report to the commission's Budget and Fiscal Services Department; PO Box 360, Jefferson City, MO 65102. If filing into EFIS please refer to EFIS's Help section for assistance in determining the specific filing designation; and

(D) The commission shall confidentially maintain Statements of Revenue as provided for in section 386.480, RSMo.

(4) Net Jurisdictional Revenue Report. A company certificated to provide telecommunications service or registered to provide IVoIP service shall submit a net jurisdictional revenue report to the Missouri universal service fund administrator. This report requires a company to identify its net jurisdictional revenue as that term is defined in this chapter. Listed below are clarifications about net jurisdictional revenue and the net jurisdictional report:

(A) Net jurisdictional revenue does not include revenue from wholesale services, payphone operations, taxes, or uncollectibles;

(B) IVoIP providers unable to distinguish between intrastate versus interstate jurisdictions may determine net jurisdictional revenue by applying a safe harbor percentage to total revenues. The applied safe harbor percentage must correspond to the FCC's safe harbor percentage. For example, if the FCC has established a safe harbor interstate percentage of sixty-four and nine-tenths percent (64.9%) then an IVoIP provider may apply a safe harbor intrastate percentage of thirty-five and one-tenth percent (35.1%);

(C) A company applying a bundled rate for a telecommunications or IVoIP service with a package of services that are not considered to be telecommunications or IVoIP services may report net jurisdictional revenue by applying either of the following two (2) methods:

1. Report revenue based on the unbundled service offering price for telecommunications or IVoIP service; or

2. Elect to report all bundled revenues as net jurisdictional revenue.

3. IVoIP providers unable to distinguish between intrastate versus interstate jurisdictions may apply the safe harbor provision described in subsection (4)(B) to either of these two (2) methods;

(D) Revenue associated with non-switched private line service should be considered net jurisdictional revenue; however, revenue associated with special access service should not be considered net jurisdictional revenue. A company offering non-switched private line service to a customer may consider all of the customer's revenue to be within the interstate jurisdiction if ten percent (10%) or more of the customer's private line network traffic is considered to be interstate traffic;

(E) A company solely certificated to provide payphone service or shared tenant services is not required to submit a net jurisdictional revenue report; and

(F) Additional information regarding the net jurisdictional report is contained in commission rule 4 CSR 240-31.060(3).

(5) Outage Report. A telecommunications company shall notify the commission of any service outage affecting three hundred (300) or more customers and lasting thirty (30) minutes or longer. Companies solely certificated to provide private shared tenant service or payphone service are not required to submit outage reports. Outage report requirements are listed below:

(A) A company reporting an outage shall provide the following information:

1. Brief description of the outage;
2. Number of customers affected by the outage;
3. Date/time outage began; and
4. Expected date/time restoration of service;

(B) A company shall report an outage to the commission by 5 pm of the first business day following discovery of an outage;

(C) An outage report may be made by telephone or facsimile to the manager of the commission's telecommunications unit, or the report may be electronically filed into EFIS as a non-case related submission; and

(D) Outage reports shall be maintained as confidential.

(6) Disaster Recovery Plan. A company certificated to provide telecommunications service shall file a disaster recovery plan with the commission. A company solely certificated to provide payphone service or shared tenant services is not required to submit a disaster recovery plan. Disaster recovery plan requirements are listed below:

(A) A company's disaster recovery plan filing with the Missouri Public Service Commission shall contain the following information:

1. A statement the company has written procedures identifying the steps to assume command and control in the event of a disaster;
2. A statement the company has written procedures for assessing damages in the event of a disaster;
3. A statement the company has written procedures for restoring service including a priority list for restoring service to critical customers and options for restoring service; and
4. The name, phone number, and email address of a primary person(s) the commission staff may contact in the event of a disaster or to obtain additional information about the company's disaster recovery plan. If possible provide similar information for a secondary contact;

(B) A disaster recovery plan shall be filed within twelve (12) months of initiating service and be updated on a continual basis;

(C) A disaster recovery plan shall be filed into EFIS as a non-case related submission. Please refer to EFIS's Help section for assistance in determining the specific filing designation; and

(D) Disaster recovery plans shall be maintained as confidential.

(7) Bankruptcy Notification. A company shall notify the commission if the company has filed for bankruptcy. Bankruptcy notification requirements are listed below:

(A) The company's notice shall contain the following information:

1. Bankruptcy case number;
2. Bankruptcy filing date;
3. Bankruptcy chapter number; and
4. Bankruptcy court;

(B) In a subsequent filing with the commission the company shall submit a copy of the court's order resolving the bankruptcy;

(C) Notice shall be provided to the commission no later than thirty (30) days after filing for bankruptcy. The subsequent submission containing a copy of the court's order resolving the bankruptcy shall be submitted within thirty (30) days of the court's order;

(D) Bankruptcy notification filings shall be submitted electronically to EFIS as a non-case related submission. Please refer to EFIS's Help section for assistance in determining the specific filing designation; and

(E) Bankruptcy notices are classified as public documents in the commission's EFIS unless the company requests the notice remain confidential.

PUBLIC COST: This proposed rule will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed rule will not cost private entities more than five hundred dollars (\$500) in the aggregate.

PROPOSED RULE

4 CSR 240-28.050 Assessment Requirements

PURPOSE: This rule identifies assessment requirements for companies offering telecommunications service or IVoIP service in Missouri.

(1) Commission Assessment. Any company with a certificate of service authority to provide basic local exchange, non-switched local

exchange, interexchange telecommunications services, including pay-phone providers and shared tenant service providers, or any company registered to provide IVoIP service shall be subject to the commission assessment. Requirements for the assessment are listed below:

(A) The assessment shall be based on a company's total Missouri jurisdictional operating revenue as that term is defined in this chapter;

(B) The commission's annual assessment is based on the commission's expenditures relating to an industry (gas, electric, telecommunications, etc.) in the preceding fiscal year and assessed on a company's gross intrastate operating revenue for the previous calendar year (as reported by a company in its Statement of Revenue) to make up the necessary contribution for that industry. The commission issues a Report and Order establishing the new assessment amount in June each year;

(C) Assessment notices are mailed to all companies subject to the jurisdiction of the commission by July 1. Payment is due by July 15; however, companies may elect to make payment in quarterly installments; and

(D) Any company failing to pay the assessment in a timely manner may be subject to penalties for failure to comply with a commission order or demand.

(2) Missouri Universal Service Fund Assessment. The Missouri Universal Service Fund assessment is applied to a company's net jurisdictional revenue as that term is defined in this chapter.

(A) Companies do not receive an invoice for the Missouri Universal Service Fund assessment.

(B) Delinquent payments are subject to late payment fees as determined by the Missouri Universal Service Fund Board and are posted on the Missouri Universal Service Fund administrator's website.

(C) Any company failing to pay the assessment in a timely manner may be subject to penalties for failure to comply with a commission order or demand.

(D) Additional information regarding the Missouri Universal Service Fund assessment is contained in commission rule 4 CSR 240-31.060.

(3) Relay Missouri Assessment. Any company with a certificate of service authority to provide basic local exchange telecommunications service or company registered to provide IVoIP service shall be subject to this assessment.

(A) The Relay Missouri assessment applies to "access lines" as that term is defined in this chapter with the following additional clarifications:

1. The number of access lines associated with a high-capacity circuit will be determined on a voice-grade equivalent basis. For example, one (1) high-capacity circuit equipped with twenty-four (24) voice-grade channels should be considered twenty-four (24) access lines;

2. One (1) line connected to a private branch exchange should be considered as one (1) access line; and

3. The number of access lines associated with Centrex service to a subscriber's location should be the number of Centrex stations capable of being used simultaneously.

(B) The Relay Missouri assessment will not apply to more than one hundred (100) access lines per subscriber location.

(C) A company shall label the surcharge as the "Relay Missouri Surcharge."

(D) The Relay Missouri surcharge is exempt from taxes.

(E) A company is allowed to retain a portion of the revenue collected as instructed by the commission. If the amount collected is equal to or less than a minimum flat dollar retention amount set by the commission, then the company may retain the amount collected from the surcharge. In such situations, the company will not be reimbursed for the difference between the surcharge revenue collected and the minimum retention amount. The net revenue collected from the surcharge shall be remitted to the commission no later than

thirty (30) days after the last day of the calendar month. Specific payment instructions are posted on the commission's website at www.psc.mo.gov.

(F) Delinquent payments are subject to a late payment fee of one and five-tenths percent (1.5%) per month.

4 CSR 240-28.060 Service Requirements

(1) Any company providing intrastate telecommunications service shall comply with the safety standards identified in 4 CSR 240-18.010.

(2) Any company certificated or registered with the commission has a duty to ensure calls are being completed. No company shall intentionally frustrate, delay, impede, or prevent the completion of any intrastate call.

(3) A telecommunications company may elect to remain subject to any or all of the following service quality rules by notification to the commission:

(A) Ensure basic local telecommunications service is installed in a timely manner. Unless otherwise agreed to by the commission, a company should monitor, on an exchange-specific basis, the percentage of initial service installation requests completed within five (5)

working days. The company shall report on a quarterly basis the aggregate percentage of orders for basic local telecommunications service completed within five (5) working days; however, if an exchange has a result of less than eighty-five percent (85%) then the company shall identify the exchange, the exchange's result, and provide an explanation for the exchange's sub-par service and what is being done to improve service within the exchange;

(B) Ensure out-of-service conditions for basic local telecommunications service are restored in a timely manner. Unless otherwise agreed to by the commission, a company should monitor, on an exchange-specific basis, the percentage of out of service conditions cleared within twenty-four (24) hours. The company shall report on a quarterly basis the aggregate percentage of out-of-service conditions cleared within twenty-four (24) hours. Unless otherwise agreed to by the commission, a company should monitor the number of trouble incidents per one hundred (100) lines on an exchange-specific basis. Multiple trouble reports for the same access line can be tallied as one (1) trouble report. A trouble report is still counted if the company responds to a trouble report and test results simply indicate the line is "OK". Trouble reports may be excluded if the trouble is caused by faulty customer provided equipment or inside wire. A company shall report on a quarterly basis the aggregate percentage of trouble reports per one hundred (100) access lines. If an exchange has a result of eight (8) or more trouble reports per one hundred (100) access lines then the company shall identify the exchange, the exchange's result, and provide an explanation for the exchange's sub-par service and what is being done to improve service within the exchange; and

(D) Shall submit quarterly reports to the commission's Electronic Filing and Information System (EFIS) as a non-case related submission within forty-five (45) days following the end of a quarter. A company's report shall be maintained on a confidential basis unless otherwise determined by the commission.

(4) A company that adheres to the standards set out in section (3) above and retains records of such testing and compliance, shall be presumed to provide safe and adequate service.

(5) Telecommunications companies shall comply with federal requirements associated with changes in preferred telecommunications service providers as identified in 47 CFR Part 64 Subpart K.

(6) The following procedure will be used if the commission staff contacts a telecommunications company in order to help resolve a customer's dispute:

(A) A telecommunications company shall acknowledge or respond to all commission staff inquiries related to denial or discontinuance of service issues within a reasonable period of time. A telecommunications company's initial response may be an estimated timeframe for a company's final response but shall not exceed thirty (30) days;

(B) If the matter remains unresolved after the company's final response the commission staff shall advise the customer of his/her right to file a formal complaint with the commission pursuant to commission rule 4 CSR 240-2.070(4).

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. (1) [As mandated by section 167.181, RSMo, each superintendent of a public, private, parochial, or parish school shall have a record prepared showing the immunization status of every child enrolled in or attending a school under the superintendent's jurisdiction.] The [school] superintendent of each

public, private, parochial, or parish school shall make a summary report to the Department of Health and Senior Services no later than October 15 of each school year. This date is necessitated by the law which prohibits the enrollment and attendance of students who are in noncompliance. This report shall include aggregate immunization information by grade [or age] by vaccine antigen, number of students enrolled, number of students in compliance with state immunization requirements, number of students in progress, number of students with signed medical exemption, number of students with signed religious exemption, number of students noncompliant with immunization record, and number of students with no immunization record. Each school superintendent or designee shall submit a summary report for all schools under the administrator's jurisdiction. Separate reports for each school should not be submitted, although separate lists shall be maintained in each school for auditing purposes.

(A) Exclusion of students in noncompliance, section 167.181, RSMo. Students cannot attend school unless they are properly immunized and can provide satisfactory evidence of the immunization or unless they are exempted. The school administration shall exercise its power of pupil suspension or expulsion under section 167.161, RSMo, and possible summary suspension under section 167.171, RSMo, until the violation is removed. Transfer students in noncompliance shall not be permitted to enroll or attend school. Students [who were] enrolled during the previous school year shall be denied attendance for the current school year if not in compliance. Under section 160.2000, RSMo, children of military families shall be given thirty (30) days from the date of enrollment to obtain any required immunization, or initial vaccination for a required series of immunizations. A student determined to be homeless by school officials may be enrolled in school for no more than thirty (30) days prior to providing satisfactory evidence of immunization. If the homeless student's immunization record is not obtained within the thirty (30) days and the student is still eligible for services under the homeless education program, the student [must] shall begin the immunization series and demonstrate that satisfactory progress has been accomplished within ninety (90) days. If the homeless student is exempted from receiving immunizations, then after the initial thirty- (30-) day enrollment, the student [must] shall provide documentation in accordance with the exemption requirements included herein. For the purpose of this paragraph, a homeless student shall be defined as a student who lacks a fixed, regular, and adequate nighttime residence; or who has a primary nighttime residence in a supervised publicly or privately operated shelter or in an institution providing temporary residence or in a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings.

(C) It is unlawful for any student to attend school unless the student has been immunized according to this rule or unless a signed statement of medical or religious exemption is on file with the school administrator. In the event of an outbreak or suspected outbreak of a vaccine-preventable disease within a particular facility, the administrator of the facility shall follow the control measures instituted by the local health authority or the Department of Health and Senior Services pursuant to 19 CSR 20-20.040.

A student shall be exempted from the immunization requirements of this rule as provided in section 167.181, RSMo, upon signed certification by a licensed doctor of medicine (MD), doctor of osteopathy (DO), or his or her designee indicating that either the immunization would seriously endanger the student's health or life or the student has documentation of disease or laboratory evidence of immunity to the disease. The exemption shall be provided on an original Department of Health and Senior Services' form Imm.P.12[, included herein,] and shall be placed on file with the school immunization health record for each student with a medical exemption. The Imm.P.12 form is incorporated by reference in this rule as published June 2012 by the Department of Health and Senior Services and may be obtained by contacting a medical provider, local public health agency, or the department's

Bureau of Immunization Assessment and Assurance at PO Box 570, Jefferson City, MO 65102-0570, or by calling 800-219-3224. This rule does not incorporate any subsequent amendments or additions. This need not be renewed annually.

2. Religious exemption. A student shall be exempted from the immunization requirements of this rule as provided in section 167.181, RSMo, if one (1) parent or guardian objects in writing to the school administrator that immunization of that student violates his/her religious beliefs. This exemption **must be provided on an original** Department of Health and Senior Services' form Imm.P.11A, *[included herein,]* and shall be signed by the parent or guardian and placed on file with the school immunization health record.
