Issue Date: March 21, 2007

Effective Date: March 21, 2007

This order directs that notice of this case be sent to all certificated interexchange and basic local exchange telecommunications companies in the state of Missouri and to the North American Numbering Plan Administrator. The order also establishes dates for the filing of requests to intervene, for the filing of recommendations, and granting the motion for expedited treatment.

On March 20, 2007, Southwestern Bell Telephone, L.P., d/b/a AT&T Missouri, filed an application and Motion for Expedited Treatment under 47 C.F.R. 52.15(g)(3)(iv) requesting that the Missouri Public Service Commission review and reverse a decision of the North American Numbering Plan Administrator (NANPA), NeuStar, Inc., to withhold certain numbering resources from AT&T Missouri. The numbering resources AT&T Missouri requested consist of two consecutive thousands-blocks, each having a NPA-NXX of 314-684 and an XXXX within the range 5XXX through 8XXX to meet the needs of

Express Scripts, Inc. in the St. Louis, Missouri area. The numbering resources are required in order to meet Express Scripts' expansion needs and the impending relocation of its corporate headquarters into a new St. Louis area building.

The Commission concludes that good cause has been shown pursuant to 4 CSR 240-2.080(16). The Commission finds that proper persons should be allowed to file a request for intervention or a motion for hearing. Therefore, the Commission will set a time for interventions as directed below. The Commission will also direct its Data Center to send a copy of this order to each certificated interexchange and basic local exchange telecommunications company in Missouri. In addition, the Data Center shall send a copy of this order to the North American Numbering Plan Administrator, NeuStar, Inc.
