STAFF RECOMMENDATION

COMES NOW the Staff of the Missouri Public Service Commission and states:

1. On June 2, 2011, Residential Long Distance, Inc. (“Applicant”) applied for certificate of service authority to provide interexchange telecommunications services and for competitive classification. Along with its application, the Applicant submitted a tariff with an effective date of July 17, 2011 (Tariff File No. YX-2011-0614).

2. In the attached Memorandum, the Staff recommends that the Missouri Public Service Commission (Commission) grant Applicant a certificate to provide interexchange telecommunications services. The Commission shall grant an application for a certificate of telecommunications service authority upon a finding that the grant of authority is in the public interest. §§ 392.430 and 392.440 RSMo 2000.

3. Staff also recommends that the Commission classify the Applicant and the services it proposes to offer in its Application as competitive. The Commission may classify a telecommunications provider or its services as competitive if the Commission determines it is subject to sufficient competition to justify a lesser degree of regulation and that such lesser regulation is consistent with the protection of ratepayers and promotes public interest. §392.361.4. RSMo Supp. 2009. A majority of the services a

competitive company provides must be classified as competitive. §392.361.3. RSMo Supp. 2009.

4. The Staff recommends that the “standard” waivers, listed below, be granted, as required by §392.420 RSMo. The Company shall list the waivers in its tariff as long as they are effective.

5. The Staff further recommends that the Commission state in its order that, pursuant to Section 392.410, the authority conferred by the certificate of service authority shall be null and void unless it is exercised within one year of its issuance.
