SECOND ORDER DIRECTING FILING

Issue Date: April 18, 2007

Effective Date: April 18, 2007

On November 28, 2006, Oakview Water and Sewer Company, LLC, filed applications with the Missouri Public Service Commission, pursuant to Section 393.170, RSMo 2000, requesting that the Commission grant it authority to provide water service and sewer service to an unincorporated portion of Warren County, Missouri. Separate cases were opened to consider certification of the water and sewer systems. Finding that the issues in the water certification case, Case No. WA-2007-0201, are clearly related to those in the sewer certification case, Case No. SA-2007-0200, the Commission issued an order dated December 4, 2006, consolidating these two cases and designated Case No. WA-2007-0201 as the lead case.

On December 28, 2006, the Commission directed its Staff to file a recommendation concerning Oakview's applications or a status report indicating the date on which it expects to file its recommendation regarding Oakview's applications on or before January 29, 2007. On January 29, 2007, Staff filed a status report indicating that the applications lacked "significant information that is required by Commission Rules ... and which the Staff needs in order to make an appropriate and informed recommendation." Staff indicated that it was

attempting to obtain that information and would file another status report on February 20, 2007. Staff timely filed its second status report indicating it still had not received the required information from Oakview.

No action has been taken in this case since February 20, 2007. The Commission will direct its Staff to file a third status report indicating when it expects to file a recommendation. If Staff believes it will require an extended period of time to file its recommendation, the Commission will direct Staff to file a proposed schedule for filing future status reports.

IT IS ORDERED THAT:

1. The Staff of the Missouri Public Service Commission shall file its recommendation or a status report indicating when it expects to file a recommendation no later than May 1, 2007.

2. If the Staff of the Missouri Public Service Commission requires more than ninety days from the effective date of this order to file its recommendation, it shall include a proposed schedule for filing future status reports in its May 1st status report.

3. This order shall become effective on April 18, 2007.
