Revise its Access Service Tariff, PSC Mo. No. 2.) Case No. TT-99-428, et al.

**WRITTEN QUESTIONS OF SOUTHWESTERN BELL TELEPHONE
COMPANY IN LIEU OF CROSS-EXAMINATION**

COMES NOW Southwestern Bell Telephone Company (SWBT) and submits the following written questions to AT&T in lieu of cross-examination of R. Mathew Kohly.

1. On pages 4-5 of the rebuttal testimony of Mr. Kohly, the assertion is made that there is no industry consensus on the type of records to exchange related to traffic between CLECs and ILECs. With regard to the interconnection agreement between SWBT and AT&T, does AT&T agree that Attachment 12, Compensation, Section 7.2.4 provides that records to be exchanged between those two parties are those contemplated by the Technical Exhibit Settlement Procedures (TESP)?
2. Does AT&T agree that the TESP requires the exchange of 92 records between the parties?
3. Does AT&T agree that it is not aware of any interconnection agreement between SWBT and any other CLEC and any other CLEC in Missouri which contemplates the exchange of records other than 92 records as provided in the TESP?
4. Does AT&T agree that it was provided a copy of the attached letter dated September 23, 1999, addressed to various CLECs advising it of the Commission's order in Case No. TO-99-254 concerning the exchange of Category 11 records with certain small LECs in Missouri?

5. Has AT&T initiated any contact with any members of the Mid-Missouri Group or Small Telephone Company Group since September 23, 1999 to discuss the exchange of records on intraLATA toll traffic that uses the Feature Group C network and terminates to any of those LECs? If so, please state the date of any contact, the parties contacted and the substance of the discussions.

6. Do any local exchange customers in Missouri served by an AT&T company place intraLATA toll calls to any Mid-Missouri Group (MMG) companies utilizing the transiting service of SWBT pursuant to an interconnection agreement with Southwestern Bell Telephone? If so, please identify each MMG company to which such traffic is terminated and state whether AT&T has paid any compensation to such MMG company in relation to such calls. In addition, please identify the record type (Category 11 or 92 records) utilized in conjunction with compensation for such calls.

7. Do any local exchange customers in Missouri served by an AT&T company place local exchange calls to any Mid-Missouri Group (MMG) companies utilizing the transiting service of SWBT pursuant to a SWBT interconnection agreement. If so, please identify each MMG company to which such traffic is terminated and state whether AT&T has paid any compensation to such MMG company with relation to such calls. In addition, please identify the record type (Category 11 or 92 records) utilized in conjunction with compensation for such calls.

Respectfully submitted,

SOUTHWESTERN BELL TELEPHONE COMPANY
