Time Warner Cable Information Services)	
(Missouri) LLC for a Certificate)	
of Service Authority to Provide Local)	Case No. LA-2004-0133
and Interexchange Voice Service)	
in Portions of the State of Missouri)	
And to Classify said Services and)	
the Company as Competitive.)	

APPLICATION TO INTERVENE OF AT&T COMMUNICATIONS OF THE SOUTHWEST, INC.

COMES NOW AT&T Communications of the Southwest, Inc. ("AT&T") pursuant to 4 CSR 240-2.075 and applies to intervene. In support thereof, AT&T states:

1. AT&T is a competitive local and interexchange telecommunications company duly incorporated and existing under and by virtue of the laws of the State of Delaware, authorized to do business in the State of Missouri as a foreign corporation. AT&T's principal Missouri offices are located at 101 W. McCarty, Ste. 216, Jefferson City, MO 65101. AT&T has been granted authority to provide local exchange service and basic local exchange service in portions of Missouri, as well as intrastate, interexchange telecommunications services in Missouri under authority granted and tariffs approved by the Commission. AT&T is also an authorized provider of interstate interexchange telecommunications services under the oversight and jurisdiction of the Federal Communications Commission.

2. All correspondence, pleadings, orders, decision and communications regarding this proceeding should be sent to:

Rebecca B. DeCook 1875 Lawrence Street, Ste. 1575 Denver, CO 80202 (303) 298-6357 FAX: (303) 298-6301 decook@att.com

J. Steve Weber 101 W. McCarty, Ste. 216 Jefferson City, MO 65101 Tel: 573-635-5198

Fax: 573-635-9442 jsweber@att.com

- 3. On September 12, 2003, Time Warner Cable Information Services (Missouri),
 LLC ("Time Warner") filed its Application For Certificate of Service Authority To Provide
 Local And Interexchange Voice Service And For Competitive Classification for portions of the
 State of Missouri.
- 4. In addition, Time Warner's Application indicates that it is proposing to provide Voice over Internet Protocol ("Voice over IP" or "VoIP") services, and that nothing in Time Warner's Application should be construed as a concession or agreement by the Applicant that the VoIP services at issue constitute telecommunications services, local exchange services, common carrier offerings or services that are otherwise subject to federal or state regulation. AT&T believes this proceeding may address issues related to the classification and regulatory treatment of Voice over IP services, an issue that is of interest to AT&T. It is not AT&T's intention to raise issues related to Voice over IP services in this proceeding. Further, AT&T does not believe this case is the proper forum for addressing such issues. However, other parties seeking intervention have cited to these issues in their Applications to Intervene. Inasmuch as VoIP

issues are raised by the Applicant or other Intervenors, AT&T desires to participate in this

proceeding. In the event the Commission declines to address Voice over IP issues in this

proceeding, AT&T will no longer seek to intervene or will withdraw its participation.

5. On September 23, 2003, the Commission issued its Notice Of Applications For

Intrastate Certificates Of Service Authority and Opportunity To Intervene, which established

intervention dates of October 8, and October 23, 2003, in this proceeding.

6. Pursuant to 4 CSR 240-2.075(2), AT&T does not have sufficient information to

state whether it supports or opposes Time Warner's Application at this time. However, AT&T

will inform the Commission of its position when more information is known regarding Time

Warner's Application.

7. AT&T's interests in this case are different from that of the general public.

Furthermore, granting this Application to Intervene will be in the public interest because the

Applicant will bring to this proceeding their expertise in the areas being investigated and its

experience as local exchange and interexchange service provider. Finally, no other party to this

proceeding will adequately protect the interests of AT&T.

WHEREFORE, AT&T requests that the Commission issue an order authorizing its

intervention in the above-captioned matter.

Respectfully submitted,

Rebecca B. DeCook, CO #014590
