I. ARTICLE I

1. INTRODUCTION

This traffic exchange and compensation agreement ("Agreement") is effective as of the 16th day of November 2007 (the "Effective Date"), by and between Mid-Missouri Telephone Company ("Mid-Missouri") with offices at 215 Roe Street, Pilot Grove, Missouri 65276 and Celco Partnership and Verizon Wireless (VAW) LLC, each d/b/a Verizon Wireless ("VZW") with an office and principal place of business at One Verizon Way, Basking Ridge, NJ 07920, for the FCC CMRS markets listed in Attachment A.

2. RECITALS

WHEREAS, Mid-Missouri is an incumbent Local Exchange Carrier in the State of Missouri; and

WHEREAS, VZW is a Commercial Mobile Radio Service provider of two-way mobile communications services operating within the State of Missouri; and

WHEREAS, Mid-Missouri and VZW exchange calls between their networks and wish to establish traffic exchange and compensation arrangements for exchanging traffic as specified below.

NOW, THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Mid-Missouri and VZW hereby agree as follows:

II. ARTICLE II

1. DEFINITIONS

Special meanings are given to common words in the telecommunications industry, and coined words and acronyms are common in the custom and usage in the industry. Words used in this contract are to be understood according to the custom and usage of the telecommunications industry, as an exception to the general rule of contract interpretation that words are to be understood in their ordinary and popular sense. In addition to this rule of interpretation, the following terms used in this Agreement shall have the meanings as specified below:

1.1 "Act" means the Communications Act of 1934, as amended.

1.2 "As Defined in the Act" means as specifically defined by the Act, as may be interpreted from time to time by the FCC, the Commission, Missouri state courts, or federal courts.

- 1.3 “As Described in the Act” means as described in or required by the Act, as may be interpreted from time to time by the FCC, the Commission, Missouri state courts, or federal courts.
- 1.4 “Affiliate” means a person that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another person. For purposes of this paragraph, the term “own” means to own an equity interest (or the equivalent thereof) of more than ten percent (10%).
- 1.5 “Central Office Switch” means a switch used to provide Telecommunications Services, including, but not limited to:
- (a) “End Office Switch” is a switch in which the subscriber station loops are terminated for connection to either lines or trunks. The subscriber receives terminating, switching, signaling, transmission, and related functions for a defined geographic area by means of an End Office Switch.
 - (b) “Remote End Office Switch” is a switch in which the subscriber station loops are terminated. The control equipment providing terminating, switching, signaling, transmission, and related functions would reside in a host office. Local switching capabilities may be resident in a Remote End Office Switch.
 - (c) “Host Office Switch” is a switch with centralized control over the functions of one or more Remote End Office Switches. A Host Office Switch can serve as an end office as well as providing services to other remote end offices requiring terminating, signaling, transmission, and related functions including local switching.
 - (d) “Tandem Office Switch” is a switching system that establishes trunk-to-trunk connections. Local tandems switch calls from one end office to another within the same geographic area, and access tandems switch traffic from host or end offices to and from an Interexchange Carrier. A Tandem Office Switch can provide host office or end office switching functions as well as the tandem functions.
- 1.6 “Commercial Mobile Radio Services” or “CMRS” means a radio communication service between mobile stations or receivers and land stations, or by mobile stations communicating among themselves that is provided for profit and that makes interconnected service available to the public or to such classes of eligible users as to be effectively available to a substantial portion of the public. 47 CFR §20.

- 1.7 “Commission” means the Missouri Public Service Commission.
- 1.8 “Extended Area Service” or “EAS” is as defined and specified in Mid-Missouri’s then current General Customer Services Tariff.
- 1.9 “Effective Date” means the date first above written.
- 1.10 “End User Customer” means a retail business or residential end-user subscriber to Telecommunications Services provided directly by either of the Parties.
- 1.11 “FCC” means the Federal Communications Commission.
- 1.12 “Interconnection” for purposes of this Agreement is the linking of Mid-Missouri and VZW networks for the exchange of telecommunications traffic described in this Agreement.
- 1.13 “Interexchange Carrier” or “IXC” means a carrier, other than a CMRS carrier, that provides or carries, directly or indirectly, InterLATA Service or IntraLATA Toll Traffic.
- 1.14 “InterLATA Service” means telecommunications between a point located in a Local Access and Transport Area and a point located outside such area.
- 1.15 “IntraLATA Toll Traffic,” means those station calls that originate and terminate within the same Local Access and Transport Area and that are carried outside Mid-Missouri’s Local Service Area.

- 1.17 “Local Access and Transport Area” or “LATA” means a contiguous geographic area:
 - (a) Established before February 8, 1996, by a Bell operating company such that no exchange area includes points within more than 1 metropolitan statistical area, consolidated metropolitan statistical area, or State, except as expressly permitted under the AT&T Consent Decree; or
 - (b) Established or modified by a Bell operating company after February 8, 1996, and approved by the Commission.

- 1.19 “Local Telecommunications Traffic” is defined for all purposes under this Agreement as Telecommunications traffic that is originated on one Party’s network, and terminated on the other Party’s network within the same Major Trading Area (MTA). Local Telecommunications Traffic may be handled pursuant to an approved interconnection agreement between the originating Party and a carrier, which performs only a contractual transiting function for the originating Party in lieu of a direct connection between the Parties, provided that the service provided by VZW is a two-way mobile service. For purposes of determining originating and terminating points, the originating or terminating point for Mid-Missouri shall be the end office serving the calling or called party, and for VZW shall be the originating or terminating cell site location which services the calling or called party at the beginning of the call.
- 1.20 “Local Exchange Carrier” or “LEC” means any person that is engaged in the provision of telephone exchange service or exchange access. Such term does not include a person insofar as such person is engaged in the provision of a commercial mobile service under §332(c) of the Act, except to the extent that the Federal Communications Commission finds that such service should be included in the definition of such term. 47 U.S.C. §153(26)
- 1.21 “Major Trading Area” or “MTA” means the Major Trading Area designated by the FCC which is the service area based on the Rand McNally 1992 Commercial Atlas & Marketing Guide, 123rd edition, at pages 38-39, as further specified or modified by 47 C.F.R. §24.202(a) or other applicable law.
- 1.22 “Mobile Station” means a radio-communication station capable of being moved and which ordinarily does move. 47 U.S.C. §153(28)
- 1.23 “NPA” or the “Number Plan Area” also referred to as an “area code,” refers to the three-digit code which precedes the NXX in a dialing sequence and identifies the general calling area within the North American Numbering Plan scope to which a call is routed to (*i.e.*, NPA/NXX-XXXX).
- 1.24 “NXX” means the three-digit code, which appears as the first three digits of a seven-digit telephone number within a valid NPA or area code.
- 1.25 “Party” means either Mid-Missouri or VZW, and “Parties” means Mid-Missouri and VZW.

- 1.26 “Point of Interconnection” or “POI” means the mutually agreed upon point between the Parties’ respective networks where an originating Party’s traffic is deemed to be handed off to the terminating Party’s network.
- 1.27 “Rate Center” means the specific geographic point and corresponding geographic area that is associated with one or more NPA-NXX codes that have been assigned to an incumbent LEC for its provision of exchange services.
- 1.28 “Reciprocal Compensation” means an arrangement between two carriers in which each receives the same compensation rate from the other carrier for the transport and termination on each carrier’s network of Local Telecommunications Traffic, as defined in §1.19 above, that originates on the network facilities of the other carrier. Compensation, regardless of the Party that receives it, is symmetrical.
- 1.29 “Telecommunications” means the transmission, between or among points specified by the user, of information of the user’s choosing, without change in the form or content of the information as sent and received. 47 U.S.C. §153(43)
- 1.30 “Telecommunications Act” means the Communications Act of 1934, as amended.
- 1.31 “Telecommunications Carrier” means any provider of telecommunications services, except that such term does not include aggregators of telecommunications services as defined in 47 U.S.C. §226(a)(2). A Telecommunications Carrier shall be treated as a common carrier under this chapter only to the extent that it is engaged in providing Telecommunications Services, except that the Federal Communications Commission shall determine whether the provision of fixed and mobile satellite service shall be treated as common carriage. 47 U.S.C. §153(44)
- 1.32 “Telecommunications Services” means the offering of Telecommunications for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used.
- 1.33 “Termination” means the switching of Local Telecommunications Traffic at the terminating carrier’s end office switch, or equivalent facility, and delivery of such traffic to the called Party’s premises or mobile handset.
- 1.34 “Transiting Traffic” is traffic that originates from one provider’s network, “transits” one or more other provider’s network substantially unchanged, and terminates to yet another provider’s network.

- 1.35 “Transport” means the transmission and any necessary tandem switching of Local Telecommunications Traffic subject to §251(b)(5) of the Act from the Point of Interconnection between the two carriers to the terminating carrier’s End Office Switch that directly serves the called party, or equivalent facility provided by a carrier other than an incumbent LEC pursuant to the Code of Federal Regulations §51.701 (c).

2.0 INTERPRETATION AND CONSTRUCTION

All references to Sections, Exhibits and Schedules shall be deemed to be references to Sections of, and Exhibits and Schedules to, this Agreement unless the context shall otherwise require. The headings of the Sections and the terms are inserted for convenience of reference only and are not intended to be a part of or to affect the meaning of this Agreement. Unless the context shall otherwise require, any reference to any agreement, other instrument or other third-party offering, guide or practice, statute, regulation, rule or tariff is for convenience of reference only and is not intended to be a part of or to affect the meaning of a rule or tariff as amended and supplemented from time-to-time (and, in the case of a statute, regulation, rule or tariff, to any successor provision).

3.0 SCOPE

- 3.1 This Agreement is intended, *inter alia*, to describe and enable specific traffic exchange and Reciprocal Compensation arrangements between the Parties. This Agreement does not obligate either Party to provide arrangements not specifically provided for herein.
- 3.2 This Agreement sets forth the terms, conditions, and rates under which the Parties agree to interconnect the CMRS network of VZW and the Incumbent Local Exchange Carrier (“ILEC”) network of Mid-Missouri for purposes of exchanging Local Telecommunications Traffic, provided that the service provided by VZW to its customer is a two-way mobile service as defined in 47 U.S.C. §153(27). This Agreement does not cover VZW one-way paging service traffic or fixed wireless. VZW does not currently provide fixed wireless services in Mid-Missouri’s Local Service Area. VZW agrees that it will provide Mid-Missouri prior notice of its intent to launch fixed wireless services in Mid-Missouri’s Local Service Area. Upon Mid-Missouri’s receipt of such notice, the Parties agree to negotiate an appropriate agreement or an Amendment to this Agreement, which will address the exchange of such traffic.

- 3.3 This Agreement relates to the exchange of traffic between Mid-Missouri and VZW. VZW represents that it is a CMRS provider of telecommunications services to subscribers in MTA No. 34 (Kansas City). Additions or changes to VZW's NPA/NXXs will be as listed in Telcordia's Local Exchange Routing Guide ("LERG") under Operating Company Number ("OCN") 5814. With respect to wireless-to-landline traffic, VZW shall not deliver traffic to Mid-Missouri that originated on a Non-Party Carrier's network.
- 3.4 With respect to landline-to-wireless traffic, this Agreement is limited to Mid-Missouri end user customers' traffic for which Mid-Missouri has tariff authority to carry (either with respect to Mid-Missouri's End User Customers, the customers of Mid-Missouri's affiliates, or the End User Customers of other carriers whose telecommunications traffic transits Mid-Missouri's network). Mid-Missouri's NPA/NXX(s) are listed in the LERG under OCN 1917.
- 3.5 Any amendment, modification, or supplement to this Agreement must be in writing and signed by an authorized representative of each Party.

4.0 **SERVICE AGREEMENT**

Description of Arrangements:

This Agreement provides for the following interconnection and arrangements between the networks of Mid-Missouri and VZW. Additional arrangements that may be mutually agreed to by the Parties in the future will be delineated in a written amendment to this Agreement. An NPA/NXX assigned to VZW shall be treated as Local Service Area traffic and included in any local or EAS calling scope, or similar program, to the same extent as any Mid-Missouri or other incumbent LEC's NPA/NXX in the same Rate Center provided that VZW assigns numbers from such NPA/NXX to customers within the discrete Local Service Area of Mid-Missouri and VZW has network facilities to serve such customers while they are in that Local Service Area. At any given time, Mid-Missouri's local calling scope arrangements will be understood to be defined as identified in Mid-Missouri's then-current General Customer Services Tariff. Where direct interconnection has been established, each Party will perform local number portability ("LNP") database queries on its originated traffic prior to routing any of its originated traffic over the direct interconnection facilities, and will only route traffic over the direct interconnection facilities to the extent the local routing number ("LRN") returned from such queries belongs to the other Party. When a ported telephone number becomes vacant, *e.g.*, the telephone number is no longer in service by the original end user customer; the ported telephone number will be released back to the carrier who is the code holder or block holder.

4.1 Direct Interconnection at Pilot Grove:

It is VZW's position that economic and business factors, including but not limited to the volume of traffic exchanged and the distance between the Parties switches, should determine the need for the establishment of a direct interconnection. As a compromise, and in exchange for certain other considerations provided for in this Agreement, a Type 2A two-way direct trunk group will be provisioned between Mid-Missouri's Pilot Grove Tandem Office Switch (PLGVMOX10T) and VZW's network, with the POI designated at a technically feasible meet point at Mid-Missouri's Marshall Junction End Office Switch at the intersection of Highway 65 and I-70 in Marshall, Missouri (CLLI Code MRJTMOXADSO). VZW will accept 100 percent (100%) of the responsibility to deliver its originated traffic to and receive Mid-Missouri-originated traffic from the meet point POI. In return, Mid-Missouri agrees to be responsible for 100% of the transport facility costs to deliver its originated traffic to and receive VZW-originated traffic from the interconnection meet point.

4.1.1 Landline-to-Wireless:

Local Service Area calls originated on Mid-Missouri's network for termination on VZW's network shall be routed from Mid-Missouri's Pilot Grove Tandem Office Switch to VZW *via* the Type 2A two-way direct trunk group.

4.1.2 Wireless-to-Landline:

Local Service Area calls originated on VZW's network within MTA No. 34 (Kansas City) for termination to users of Mid-Missouri's network that can be reached *via* the connection to the Pilot Grove Tandem Office shall be routed from VZW's network *via* the Type 2A two-way direct trunk group to Mid-Missouri's Pilot Grove Tandem Office Switch for termination by Mid-Missouri to its customers, as appropriate.

4.2 Indirect Interconnection:

To the extent that one Party has entered into or may enter into contractual arrangements with a third party for the delivery of one Party's originated traffic to the other Party's network (*i.e.* traffic exchanged indirectly between the Parties) for termination to the terminating Party's customers, the terminating Party will accept this traffic subject to compensation arrangement as outlined in §5 below. Notwithstanding the above, both Parties will use best efforts to route all Local Service Area calls to the other Party over the direct interconnection facilities described in §4.1

above except in the case of an emergency, temporary equipment failure, or blocking of existing direct interconnection facilities. The Parties shall monitor blocking occurrences and shall coordinate to augment the capacity of the direct interconnection facilities should blocking occur more frequently than tolerated under normal industry standards. Should either Party determine that the other Party is routing its originated traffic indirectly, the originating Party agrees to update its routing and translations tables to move such traffic to the direct interconnection facilities within five (5) business days. The Parties agree that to the extent Local Telecommunications Traffic is exchanged indirectly *via* a third party LEC ("Third Party Tandem Provider"), the originating Party is responsible for any transit fees imposed by the Third Party Tandem Provider. The Parties agree that this compromise will in no way prejudice any position either Party may take regarding financial responsibility for charges by Third Party Tandem Providers with respect to future agreements or regulatory or legislative proceedings.

This arrangement for indirect interconnection will be subject to renegotiation if by change of law or for any other reason the Third Party Tandem Provider no longer offers the transiting service.

4.3 Transit Traffic:

The Parties acknowledge and agree that this Agreement is intended to govern the exchange of traffic to and from the Parties' respective networks only. Traffic that is originated on a network of a non-party Telecommunications Carrier ("Non-Party Carrier") and routed to a Party may be delivered to the other Party's network. In addition, traffic that is originated by a customer or roamer of a Party on that Party's network that is routed to the other Party may be delivered to a Non-Party Carrier. If a Non-Party Carrier objects to the delivery of such traffic, then either Party to this Agreement may request direction from the Commission, FCC, Missouri state courts or federal courts. The transiting Party will continue to perform transiting functions for the other Party pending ruling from the Commission, FCC, Missouri state courts or federal courts. The Party performing such transiting function will bill, as specified in §5.3 below, the originating carrier (other Party or a Non-Party Carrier) the transiting charge. In order for the other Party or a Non-Party Carrier to bill the originating carrier (a Non-Party or other Party) for charges it is obligated to pay, the Party performing the transiting function will provide, subject to availability, total minutes of transiting traffic terminating to the terminating carrier (Non-Party Carrier or the other Party). VZW shall not perform a transiting function on behalf of a Non-Party Carrier for traffic originated by a Non-Party Carrier that is delivered to Mid-Missouri.

5.0 COMPENSATION

5.1 Traffic Subject to Reciprocal Compensation:

Reciprocal Compensation is applicable for Transport and Termination of Local Telecommunications Traffic as defined in §1.19 and is related to the exchange of traffic described in §4. For the purposes of billing compensation for Local Telecommunications Traffic, billed minutes will be based upon actual usage recorded and/or records/reports provided by the transiting carrier. Measured usage begins when the terminating recording switch receives answer supervision from the called end-user and ends when the terminating recording switch receives or sends disconnect (release message) supervision, whichever occurs first. The measured usage is aggregated at the end of the measurement cycle and rounded to a whole minute. Billing for Local Telecommunications Traffic shall be based on the aggregated measured usage less traffic recorded as local that is deemed InterMTA Traffic based on the factor provided in §5.2.

The rate for Reciprocal Compensation for Local Telecommunications Traffic shall be \$0.020 per minute.

5.2 Traffic Subject to Access Compensation:

The Parties agree that traffic that is directly or indirectly delivered, may be rated and recorded as Local Telecommunications Traffic subject to Reciprocal Compensation, but may have originated and terminated in different MTAs and therefore, is InterMTA Traffic. Recognizing that neither Party currently has a way of accurately measuring this InterMTA Traffic, the Parties agree, for the purposes of this Agreement, to a factor of 4% as an estimate of InterMTA Traffic (80% intrastate, 20% interstate).

The rate for Access Compensation shall be established by Mid-Missouri tariffs.

5.3 Traffic Subject to Transit Compensation:

As described in §4.3, Transit Compensation is applicable to Transit Traffic that originates on one Party's network, traverses the other Party's network, and is terminated on a Non-Party Carrier's network.

The rate for Transiting Compensation shall be \$0.005 per minute.

5.4 Calculation of Payments and Billing:

5.4.1 VZW will compensate Mid-Missouri for Local Telecommunications Traffic and InterMTA Traffic delivered to

Mid-Missouri for termination to its customers, as prescribed and at the rates provided in §§5.1 and 5.2. and for Transit Traffic as prescribed and at the rates provided in §5.3. Mid-Missouri will compensate VZW for Local Telecommunications Traffic originated by Mid-Missouri customers on Mid-Missouri's network and delivered to VZW, for termination to its customers, as prescribed in §4 and at the rate provided in §5.1.

5.4.2 VZW shall prepare a monthly billing statement to Mid-Missouri, reflecting the calculation of Reciprocal Compensation due VZW. Mid-Missouri shall prepare a monthly billing statement to VZW, which will separately reflect the calculation of Reciprocal Compensation, Access Compensation, Transit Compensation and total compensation due Mid-Missouri. Billing shall be based on actual measured usage, when available. To the extent that VZW does not have the capability to bill based on actual measured usage, VZW shall bill using a factor that is based on each Party's proportion of originating Local Telecommunications Traffic to total Local Telecommunications Traffic exchanged between the Parties. This estimated percentage is referred to as the Traffic Factor and is listed below. The Parties agree to review the Traffic Factor on a periodic basis and, if warranted by the actual usage, revise the Traffic Factor appropriately.

- a) Landline-to-Wireless 35%
- b) Wireless-to-Landline 65%

5.4.3 Mid-Missouri will prepare its bill in accordance with its existing CABS / SECABS billing systems. VZW will prepare its bill in accordance with its existing process for billing Reciprocal Compensation. The Parties will make an effort to conform to current and future OBF (CABS BOS) standards, insofar as is reasonable. In addition, the Parties will abide by all signaling standards as described in §7.8.

5.4.4 Each party may request to inspect, during normal business hours, the records which are the basis for any monthly bill issued by the other Party and to request copies thereof provided that the requested records do not exceed twelve (12) months in age from the date the monthly bill containing said record information was issued.

5.4.5 All invoices under this Agreement shall be sent to:

Verizon Wireless	Mid-Missouri Telephone Company
Sharon Berry Verizon Wireless 500 Maryville University Drive St. Louis, MO 63141 314-920-4775	Mid-Missouri Telephone Company P.O. Box 38 215 Roe Street Pilot Grove, MO 65276 660-834-3311

6.0 NOTICE OF CHANGES

If a Party contemplates a change in its network, which it believes will materially affect the inter-operability of its network with the other Party, the Party making the change shall provide at least ninety (90) days advance written notice of such change to the other Party, provided, however, that this provision shall not apply to changes necessitated by emergencies or other circumstances outside the control of the party modifying its network.

7.0 GENERAL RESPONSIBILITIES OF THE PARTIES

- 7.1 Each Party is individually responsible to provide facilities within its network which are necessary for routing, transporting and, consistent with §5, measuring and billing traffic from the other Party's network and for delivering such traffic to the other Party's network in an acceptable industry standard format, and to terminate the traffic it receives in that acceptable industry standard format to the proper address on its network. The Parties are each solely responsible for participation in and compliance with national network plans, including The National Network Security Plan and The Emergency Preparedness Plan. Neither Party shall use any service related to or use any of the Services provided in this Agreement in any manner that prevents other persons from using their service or destroys the normal quality of service to other carriers or to either Party's customers, and subject to notice and a reasonable opportunity of the offending Party to cure any violation, either Party may discontinue or refuse service if the other Party violates this provision.
- 7.2 Each Party is solely responsible for the services it provides to its customers and to other Telecommunications Carriers.
- 7.3 Each Party is responsible for managing NXX codes assigned to it.

- 7.4 Each Party is responsible for obtaining Local Exchange Routing Guide ("LERG") listings of the Common Language Location Identifier ("CLLI") assigned to its switches.
- 7.5 Each Party agrees to adhere to the blocking requirements for interconnection (P.01) as provided in Telcordia documentation GR145 - Core Compatibility for Interconnection of a Wireless Services Provider and a Local Exchange Company Network.
- 7.6 SS7 Out of Band Signaling (CCS/SS7) shall be the signaling of choice for interconnecting trunks where technically feasible for both Parties. Use of a third-party provider of SS7 trunks for connecting VZW to the Mid-Missouri SS7 systems is permitted. Such connections will meet generally accepted industry technical standards. Each Party is responsible for its own SS7 signaling and therefore, neither Party will bill the other Party for SS7 signaling charges.
- 7.7 Each Party shall be responsible for its own independent connections to the 911/E911 network.
- 7.8 All originating traffic shall contain basic call information within the Initial Address Message (IAM) such as the calling number, charged number, Generic Address Parameter Ported Dialed Number (GAPDN), Translated Called Number Indicator of Forward Call Indicators (FCI Bit-M), either the Jurisdictional Information Parameter (JIP) or the Originating Location Routing Number (LRN), and the carrier identification code (CIC) when applicable. The JIP or originating LRN must be unique to the Mobile Switching Center (MSC). Altering of data parameters within the IAM shall not be permitted.

8.0 TERM AND TERMINATION

- 8.1 Subject to the provisions of §14, the initial term of this Agreement shall be for a two-year term ("Term"), which shall commence on the Effective Date. This Agreement shall automatically renew for successive month-to-month periods, unless not less than sixty (60) days prior to the end of the Term or any renewal term, either Party notifies the other Party of its intent to renegotiate a new agreement. In the event of such renegotiations, this Agreement shall remain in effect until that the earlier of: (1) a new agreement becomes effective, or (2) one (1) year from the notification of intent to renegotiate.
- 8.2 The Parties agree that disputed and undisputed amounts due under this Agreement shall be handled as follows:

- 8.2.1 If any portion of an amount due to a Party (the "Billing Party") under this Agreement is subject to a *bona fide* dispute between the Parties, the Party billed (the "Non-Paying Party") shall, within thirty (30) days of its receipt of the invoice containing such disputed amount, give written notice to the Billing Party of the amounts it disputes ("Disputed Amounts") and include in such notice the specific details and reasons for disputing each item. The Non-Paying Party shall pay when due all undisputed amounts to the Billing Party. The Parties will work together in good faith to resolve issues relating to the disputed amounts. If the dispute is resolved such that payment of the disputed amount is required, whether for the original full amount or for the settlement amount, the Non-Paying Party shall pay the full disputed or settlement amounts with interest at the lesser of (i) one and one-half percent (1½%) per month or (ii) the highest rate of interest that may be charged under Missouri applicable law. In addition, the Billing Party may initiate a complaint proceeding with the appropriate regulatory or judicial entity, if unpaid undisputed amounts become more than ninety (90) days past due, provided the Billing Party gives an additional thirty (30) days notice and opportunity to cure the default.
- 8.2.2 Any undisputed amounts not paid when due shall accrue interest from the date such amounts were due at the lesser of (i) one and one-half percent (1½%) per month or (ii) the highest rate of interest that may be charged under Missouri applicable law.
- 8.2.3 Undisputed amounts shall be paid within thirty (30) days of receipt of invoice from the Billing Party.
- 8.3 Upon termination or expiration of this Agreement in accordance with this Section:
- (a) Each Party shall comply immediately with its obligations as set forth above;
 - (b) Each Party shall promptly pay all amounts (including any late payment charges) owed under this Agreement;
 - (c) The provisions of §11.0 and §12.0' shall survive termination or expiration of this Agreement.
- 8.4 Either Party may terminate this Agreement in whole or in part in the event of a default of the other Party, provided, however, that the non-defaulting Party notifies the defaulting Party in writing of the alleged default and the defaulting Party does not implement mutually acceptable steps to remedy

such alleged default within thirty (30) days after receipt of written notice thereof.

9.0 CANCELLATION CHARGES

Except as provided herein, no cancellation charges shall apply.

10.0 NON-SEVERABILITY

10.1 The services, arrangements, terms and conditions of this Agreement were mutually negotiated by the Parties as a total arrangement and are intended to be non-severable.

11.0 INDEMNIFICATION

11.1 Each Party (the "Indemnifying Party") shall indemnify and hold harmless the other Party ("Indemnified Party") from and against loss, cost, claim liability, damage, and expense (including reasonable attorney's fees) to customers and other third parties for:

- (1) damage to tangible personal property or for personal injury proximately caused by the negligence or willful misconduct of the Indemnifying Party, its employees, agents or contractors;
- (2) claims for libel, slander, or infringement of copyright arising from the material transmitted over the Indemnified Party's facilities arising from the Indemnifying Party's own communications or the communications of such Indemnifying Party's customers; and
- (3) claims for infringement of patents arising from combining the Indemnified Party's facilities or services with, or the using of the Indemnified Party's services or facilities in connection with, facilities of the Indemnifying Party.

Notwithstanding this indemnification provision or any other provision in this Agreement, neither Party, nor its parent, subsidiaries, affiliates, agents, servants, or employees, shall be liable to the other for Consequential Damages (as defined in §12.3).

11.2 The Indemnified Party will notify the Indemnifying Party promptly in writing of any claims, lawsuits, or demands by customers or other third parties for which the Indemnified Party alleges that the Indemnifying Party is responsible under this Section, and, if requested by the Indemnifying Party, will tender the defense of such claim, lawsuit or demand.

- (1) In the event the Indemnifying Party does not promptly assume or diligently pursue the defense of the tendered action, then the Indemnified Party may proceed to defend or settle said action and the Indemnifying Party shall hold harmless the Indemnified Party from any loss, cost liability, damage and expense.
- (2) In the event the Party otherwise entitled to indemnification from the other elects to decline such indemnification, then the Party making such an election may, at its own expense, assume defense and settlement of the claim, lawsuit or demand.
- (3) The Parties will cooperate in every reasonable manner with the defense or settlement of any claim, demand, or lawsuit.

12.0 LIMITATION OF LIABILITY

13.0 DISCLAIMER

EXCEPT AS OTHERWISE PROVIDED HEREIN, NEITHER PARTY MAKES ANY REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR INTENDED OR PARTICULAR PURPOSE WITH RESPECT TO SERVICES PROVIDED HEREUNDER. ADDITIONALLY, NEITHER PARTY ASSUMES ANY

RESPONSIBILITY WITH REGARD TO THE CORRECTNESS OF DATA OR INFORMATION SUPPLIED BY THE OTHER PARTY WHEN THIS DATA OR INFORMATION IS ACCESSED AND USED BY A THIRD-PARTY.

14.0 REGULATORY APPROVAL

The Parties understand and agree that this Agreement will be filed with the Commission, and to the extent required by FCC rules may thereafter be filed with the FCC. Each Party covenants and agrees to fully support approval of this Agreement by the Commission or the FCC under §252(e) of the Act without modification. The Parties, however, reserve the right to seek regulatory relief and otherwise seek redress from each other regarding performance and implementation of this Agreement. In the event the Commission or FCC rejects this Agreement in whole or in part, the Parties agree to meet and negotiate in good faith to arrive at a mutually acceptable modification of the rejected portion(s). Further, this Agreement is subject to change, modification, or cancellation as may be required by a regulatory authority or court in the exercise of its lawful jurisdiction.

The Parties agree that their entrance into this Agreement is without prejudice to any positions they may have taken previously, or may take in future, in any legislative, regulatory, judicial or other public forum addressing any matters, including matters related to the same types of arrangements covered in this Agreement.

15.0 CHANGE IN LAW

The Parties acknowledge that the respective rights and obligations of each Party as set forth in this Agreement are based on the text of the Act and the rules and regulations promulgated thereunder by the FCC and the Commission as of the Effective Date ("Applicable Rules"). In the event of any amendment to the Act, any effective legislative action or any effective regulatory or judicial order, rule, regulation, arbitration award, dispute resolution procedures under this Agreement or other legal action purporting to apply the provisions of the Act to the Parties or in which the FCC or the Commission makes a generic determination that is generally applicable which revises, modifies or reverses the Applicable Rules (individually and collectively, Amended Rules), either Party may, by providing written notice to the other party, require that the affected provisions of this Agreement be renegotiated in good faith and this Agreement shall be amended accordingly to reflect the pricing, terms and conditions of each such Amended Rules relating to any of the provisions in this Agreement.

16.0 MOST FAVORED NATION PROVISION

In accordance with §252(i) of the Act and 47 C.F.R. §51.809, VZW shall be entitled to adopt from Mid-Missouri any entire Interconnection/Compensation agreement provided by Mid-Missouri to any other CMRS provider that has been filed and approved by the Commission, for services described in such agreement, on the same terms and conditions. The term of the adopted agreement shall expire on the same date as set forth in the agreement that was adopted.

17.0 DISPUTE RESOLUTION

Except as provided under §252 of the Act with respect to the approval of this Agreement by the Commission, the Parties desire to resolve disputes arising out of or relating to this Agreement without, to the extent possible, litigation. Accordingly, except for action seeking a temporary restraining order or an injunction related to the purposes of this Agreement, or suit to compel compliance with this dispute resolution process, the Parties agree to use the following dispute resolution procedures with respect to any controversy or claim arising out of or relating to this Agreement or its breach.

17.1 Informal Resolution of Disputes:

At the written request of a Party, each Party will, within thirty (30) days of such request, appoint a knowledgeable, responsible representative, empowered to resolve such dispute, to meet and negotiate in good faith to resolve any dispute arising out of or relating to this Agreement. The Parties intend that non-lawyer, business representatives conduct these negotiations. The location, format, frequency, duration, and conclusion of these discussions shall be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations. Discussions and correspondence among the representatives for purposes of these negotiations shall be treated as Confidential Information developed for purposes of settlement, exempt from discovery, and shall not be admissible in the arbitration described below or in any lawsuit without the concurrence of all Parties. Documents identified in or provided with such communications, which are not prepared for purposes of the negotiations, are not so exempted and may, if otherwise discoverable, be discovered or otherwise admissible, be admitted in evidence, in the arbitration or lawsuit.

17.2 Formal Dispute Resolution:

If negotiations fail to produce an agreeable resolution within ninety (90) days, then either Party may proceed with any remedy available to it pursuant to law, equity or agency mechanisms; provided, that upon mutual agreement of the Parties such disputes may also be submitted to binding

arbitration. In the case of an arbitration, each Party shall bear its own costs. The Parties shall equally split the fees of any mutually agreed upon arbitration procedure and the associated arbitrator.

17.3 Continuous Service:

The Parties shall continue providing services to each other during the pendency of any dispute resolution procedure, and the Parties shall continue to perform their payment obligations including making payments in accordance with this Agreement.
