**2. Rules and Regulations - Intrastate Message Telecommunications Services (Cont'd)****2.8 Special Services****2.8.1 General**

For the purpose of this Tariff, Special Services are deemed to be the Services described in Section 2.8.2 requested by the Customer and provided by the Company. Special Services charges will be developed on an individual case basis (ICB) and may be established by contract between the Company and the Customer. Such contract or ICB rates will be filed with the Commission for its approval if required by applicable rules and regulations. ICB rates will not be supplied for switched services.

**2.8.2 When Applicable**

Special Services rates apply in the following circumstances:

- A. If at the request of the Customer, the Company obtains facilities not normally used by the Company to provide Service to its Customer;
- B. If at the request of the Customer, the Company provides technical assistance not normally required to provide Service;
- C. Where special signaling, conditioning, equipment, or other features are required to make Customer Provided Equipment compatible with the Company's Service;
- D. When, at the specific request of the Customer, installation by the Company or its agent and/or routine maintenance is performed outside of the regular business hours.
- E. If installation and/or routine maintenance is extended beyond normal business hours at the request of the Customer and these circumstances are not the fault of the Company, Special Service charges may apply. Such circumstances include, but are not limited to, stand-by in excess of one hour, weekend, holiday or night time cut-over, and additional installation testing in excess of the normal testing required to provide Service.

**2. Rules and Regulations - Intrastate Message Telecommunications Services (Cont'd)****2.8 Special Services (Cont'd)****2.8.3 Cancellation**

If a Customer orders Service requiring special facilities dedicated to the Customer's use and then cancels its order before the Service begins, before completion of any minimum Service periods associated with such special facilities ordered by the Company or before completion of some other period mutually agreed upon by the Customer and the Company, a charge will be made to the Customer for the nonrecoverable portions of expenditures or liabilities incurred expressly on behalf of the Customer by the Company and not fully reimbursed by installation and monthly charges. If, based on such an order, any construction has either begun or been completed, but no such Service provided, the nonrecoverable cost of such construction shall be borne by the Customer.

**2.9 Special Construction**

All rates and charges quoted in this Tariff provide for the furnishing of a Service when suitable facilities are available or where the construction of the necessary facilities does not involve unusual costs. When the revenue to be derived from the Service does not warrant the Company assuming the unusual costs of providing the necessary construction, the Customer may be required to pay all or a portion of such costs and to contract for the service for a sufficient period to warrant the construction, depending upon the circumstances in each case. The Company's charges for such special construction shall follow the same guidelines for establishing charges for Special Services as described in Section 2.8 of this Tariff.
