KENNETH J. NEISES
EXECUTIVE VICE PRESIDENT
Energy & Administrative Services

February 28, 2006

VIA EFIS

Secretary of the Commission
Missouri Public Service Commission
Governor Office Building
200 Madison Street
Jefferson City, MO 65101

Dear Secretary:

Enclosed herewith for filing with the Missouri Public Service Commission ("Commission") are the following revised tariff sheets which are applicable to both divisions of Laclede Gas Company ("Company"):

P.S.C. MO. No. 5 Consolidated, Original Sheet No. R-47
P.S.C. MO. No. 5 Consolidated, Original Sheet No. R-48

These tariff sheets, which have an issue date of February 28, 2006 and an effective date of March 31, 2006, are being filed in compliance with paragraph 14 of the Stipulation and Agreement the Commission approved in Case No. GR-2005-0284 in which the Company agreed to implement a new high-efficiency-appliance rebate program.

Sincerely,

Kenneth J. Neises

34. Appliance and HVAC Rebate Program

Description: In accord with this tariff, and pursuant to the terms and conditions of the stipulation and agreement (Agreement) filed and approved in the company's rate case, Case No. GR-2005-0284, Laclede will set aside and expend \$300,000 annually to fund a residential and commercial natural gas rebate program to be generally modeled on similar programs previously approved by the Commission. Annual set aside and expenditure for this initiative shall continue until terminated by valid action by the Commission. The funding shall be divided in the manner set forth below.

A. Residential Rebates:

Of the program's \$300,000, Laclede will set aside and expend \$150,000 annually to fund an Appliance and HVAC Rebate Program for Laclede's residential customers. The program contemplates that Laclede will work with representatives of the Department of Natural Resources Energy Center and all other interested signatories to the Agreement to set up a rebate program that would identify eligible customers who purchase and install high efficiency gas furnaces and boilers (including innovative combination furnace/water heater systems) rated by the Gas Appliance Manufacturers Association as meeting or exceeding the 90% efficiency level and that have received the ENERGY STAR rating from the ENERGY STAR program sponsored by the United States Department of Energy and the United States Environmental Protection Agency. The program will rebate 50% of the cost of such equipment, up to and including a maximum of (i) \$450 per unit for combination space and water heater systems; and (ii) \$250 per unit for both high efficiency furnaces and high efficiency boilers.

B. Commercial Rebates:

Of the program's \$300,000, Laclede will set aside and expend \$100,000 annually to fund a Commercial Natural Gas Utilization Equipment Rebate Program for Laclede's commercial customers. The program contemplates that Laclede will work with representatives of the Department of Natural Resources Energy Center and all other interested signatories to the Agreement to set up a rebate program that would identify eligible customers who purchase and install high efficiency natural gas utilization equipment rated by the Gas Appliance Manufacturers Association as meeting or exceeding the 90% efficiency level and that have received the ENERGY STAR rating from the ENERGY STAR program sponsored by the United States Department of Energy and the United States Environmental Protection Agency. The program will rebate 50% of the cost of such equipment, up to and including a maximum of \$750 per unit, for up to 200 commercial customers.

34. Appliance and HVAC Rebate Program (continued)

C. Rental Property Rebates:

Of the program's \$300,000, Laclede will set aside and expend \$50,000 annually to fund a Rental Property Natural Gas Utilization Equipment Rebate Program for rental properties of eight units or less all contained within single buildings. The program contemplates that Laclede will work with representatives of the Department of Natural Resources Energy Center and all other interested signatories to the Agreement to set up a rebate program that would identify eligible customers who purchase and install high efficiency natural gas utilization equipment rated by the Gas Appliance Manufacturers Association as meeting or exceeding the 90% efficiency level and that have received the ENERGY STAR rating from the ENERGY STAR program sponsored by the United States Department of Energy and the United States Environmental Protection Agency. The program will rebate 50% of the cost of such equipment, up to and including a maximum of \$750 per unit, for up to 200 rental properties. If the landlord rebate sum is not fully exhausted within a given year, the remaining amount will rollover to augment the commercial rebate program described in the preceding paragraph.

D. Rebate Initiative Design, Implementation and Monitoring:

Laclede will administer the rebate program described above pursuant to the additional terms contained in this paragraph. The program is voluntary and available to Laclede customers for equipment that will be installed in their Missouri property. The rebates must be redeemed through Laclede. Laclede will make available the names of participating retailers and participation forms pursuant to procedures agreed upon by the interested signatories to the Agreement.
