Rates may be negotiated and adjusted on Individual Contract Basis (ICB)/Customer Specific Proposals (CSPs) in an exchange in which basis local telecommunications service offered to business customers by the incumbent local exchange company has been declared competitive. Terms of ICB/CSP provided to business customers will be provided on a proprietary basis to the Commission Staff, upon request.

### 2.9 Special Construction

All rates and charges quoted in this Tariff provide for the furnishing of a service when suitable facilities are available or where the construction of the necessary facilities does not involve unusual costs. 'When the revenue to be derived from the service does not warrant the Company assuming the unusual costs of providing the necessary construction, the Customer may be required to pay all or a portion of such costs and to contract for the service for a sufficient period to warrant the construction, depending upon the circumstances in each case. The Company's charges for such special construction shall follow the same guidelines for establishing charges for Special Pricing Arrangements as described in Section 2.8 of this Tariff.
