STAFF RECOMMENDATION

COMES NOW the Staff of the Missouri Public Service Commission (Staff) and states:

1. In the attached Memorandum, which is labeled Appendix A, the Staff recommends that the Missouri Public Service Commission (“Commission”) grant EliteView, LLC d/b/a GroveLine (“Applicant”) a certificate to provide interexchange and local exchange telecommunications services, restricted to dedicated, private line services. The Commission shall grant an application for a certificate of telecommunications service authority upon a finding that the grant of authority is in the public interest. (See §§ 392.430 and 392.440 RSMo 2000).

2. Staff also recommends that the Commission classify the Applicant and its services as competitive. The Commission may classify a telecommunications provider or its services as competitive if the Commission determines it is subject to sufficient competition to justify a lesser degree of regulation. (See § 392.361 RSMo 2000). All the services a competitive company provides must be classified as competitive. (See § 392.361 RSMo 2000).

3. Staff further recommends that the Commission approve the waivers listed in the Commission’s February 7, 2006 Notice of Applications. The Commission may waive the application of its rules and certain statutes if the Commission determines that the waiver is consistent with the purposes of Chapter 392 RSMo. (See §§ 392.185, 392.361 and 392.420 RSMo 2000).

4. The Staff has no objections to the Applicant's proposed Missouri P.S.C. Tariff No. 1 taking effect March 16, 2006.

WHEREFORE, the Staff recommends that the Commission grant the Applicant a certificate to provide interexchange and local exchange telecommunications services, restricted to dedicated, private line services; grant Applicant competitive classification; approve the waivers listed in the Notice of Applications; and approve Applicant's proposed tariff, Missouri P.S.C. Tariff No. 1.

Respectfully submitted,

/s/ Marc Poston

Subject: Staff Recommendation for Approval of Certificate and/or Initial Tariff

Date: February 23, 2006

Filing Deadline: March 7, 2006 (by 4:00 pm 7 working days prior to proposed effective date)

The Telecommunications Department Staff (Staff) recommends the applicant be granted the following certificate(s), as indicated below, to be effective on the same date the tariff becomes effective:

Granting the certificate should be based on the following conditions:

The applicant's originating and terminating access rates will be no greater than the lowest Commission approved corresponding access rates in effect for each ILEC within whose service area the applicant seeks authority to provide service, unless authorized by the Commission pursuant to Sections 392.220 and 392.230 RSMo.
2. The certificate and service classification for switched access service is conditioned on the continued applicability of Section 392.200 RSMo, and the requirement that any increases in switched access services rates above the maximum switched access service rates set forth herein shall be made pursuant to Sections 392.220 and 392.230 RSMo, and not Sections 392.500 and 392.510 RSMo.
3. If the directly competing ILEC, in whose service area the applicant is operating, decreases its originating and/or terminating access service rates, the applicant shall file an appropriate tariff amendment to reduce its originating and/or terminating access rates in the directly competing ILEC's service area within 30 days of the directly competing ILEC's reduction of its originating and/or terminating access rates in order to maintain the cap.

☒ The Company is not delinquent in filing an annual report and paying the PSC assessment.

☐ The Company is delinquent. Staff recommends the Commission grant the requested relief/action on the condition the applicant corrects the delinquency. The applicant should be instructed to make the appropriate filing in this case after it has corrected the delinquency.
