**Subject:** RE: Twister Communications Network, Inc, Bankruptcy 00-34799

Ms. Weston,

I am the Chapter 7 Trustee for the above referenced estate. The estate has now been completely liquidated and a final report is pending approval by the court. All creditors are being paid 100%. The company was placed in an involuntary bankruptcy in May 2000 and has not operated since that time.

There has been no revenue generated other than through collection of existing accounts receivable and liquidation of assets that the company held as of the petition date. All employees were terminated before the petition date. Please accept this notice as a formal request for cancellation of the certificate of authority.
