

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of the Application of)	
KCP&L Greater Missouri Operations)	
Company for Authority to Implement a)	<u>File No. ER-2016-0156</u>
General Rate Increase for Electric)	Tariff No. YE-2016-0223
Service)	

TYPICAL RESIDENTIAL CUSTOMER IMPACT

COMES NOW the Staff of the Missouri Public Service Commission and, in response to the Commission’s order of September 23, 2016, by which it directed the parties to “set forth the monthly increase or monthly decrease, as a dollar amount and as a percentage, for the average residential customer’s bill in GMO’s two service areas, L&P and MPS.” Based on an average usage of 900 kWh and 1,300 kWh, respectively for customers who do not and who do use electricity for space heating, the bill impacts to typical residential customers in GMO’s MPS and L&P rate districts resulting from the September 20, 2016, agreements that would settle all issues in this case follow. Because each district has two residential rates (they differ based on whether the residence has electric space heating) four bill impacts are presented:

MPS Residential Customer	Current	Change	New	Percent Change
General Use	\$104.09	\$0.59	\$104.68	0.567%
Space Heat	\$130.65	\$0.57	\$131.22	0.436%
L&P Residential Customer				
General Use	\$104.12	\$0.56	\$104.68	0.538%
Space Heat	\$131.35	(\$0.13)	\$131.22	(0.099%)

Respectfully submitted,

/s/ Nathan Williams

Nathan Williams
Deputy Staff Counsel
Missouri Bar No. 35512

Attorney for the Staff of the
Missouri Public Service Commission
