ORDER DIRECTING FILING

Issue Date: August 30, 2018

Effective Date: August 30, 2018

A part of the Commission's Report and Order has been reversed upon review by the Missouri Court of Appeals. In a decision filed on August 7, 2018, the court held that the Commission erred when it concluded that Kansas City Power & Light Company's electric vehicle charging stations did not constitute electric plant within the meaning of Section 386.020(14), RSMo. The matter was remanded to the Commission for further proceedings consistent with that opinion, with the court's mandate having issued on August 29.

The Commission will direct the parties to file a pleading, either jointly or severally, advising the Commission on how to proceed to consider this matter on remand.

THE COMMISSION ORDERS THAT:

1. The parties shall file a pleading no later than September 7, 2018 advising the Commission on how to proceed to consider this matter on remand.

2. This order shall be effective when issued.
