Global Telecom & Technology Americas, Inc.	)	

**WITHDRAWAL OF STAFF MOTION**

COMES NOW the Staff of the Missouri Public Service Commission and states as follows:

1. On December 30, 2010, the Staff filed a Motion to Cancel the certificate of service authority granted on March 14, 2007, to Global Telecom & Technology Americas, Inc. ("the Company"), because it reported no Missouri jurisdictional revenue for the past two years. Staff's motivation for its filing was not to be punitive, but to merely remove those telecommunications companies not actively involved in providing services in Missouri to better maintain the Commission's records.

2. On January 11, 2011, the Staff received the attached e-mail, in which the company indicates that it needs to maintain its Missouri certification to comply with the requirements of companies with which it is interconnected. The Staff's Motion, if granted, could interfere with those contractual relations, which the Staff views as an undesirable result.

3. The Staff, although it is withdrawing its Motion, will continue to examine ways in which such companies can be assessed some portion of the PSC's operating expenses, so that they do not unfairly burden the ratepayers of other telecommunications carriers.

WHEREFORE, Staff withdraws its Motion to cancel the Certificate of Service Authority and tariff for Global Telecom & Technology Americas, Inc. and asks that this matter be closed without further Commission action.

Respectfully submitted,

Colleen M. Dale, Senior Counsel  
Missouri Bar No. 31624  
Attorney for the Staff of the  
Missouri Public Service Commission

**Subject:** Staff Motion For Cancellation File No. XD-2011- 0201

Dear Ms. Dale,

We are the attorneys for Global Telecom & Technology Americas, Inc. ("GTT").

GTT provides telecommunications services as a wholesale carrier and to large enterprise customers in the State of Missouri. GTT customer activity over the past few years has not produced assessable revenue for the Commission; however, the company activity may generate Missouri jurisdictional revenue in 2011. In addition, GTT's underlying network providers require that GTT maintain authority to provide interexchange telecommunication services in Missouri in order to interconnect with the underlying network.

For these reasons, we respectfully request that the Staff withdraw the Motion for Cancellation filed in File No. XD-2011-0201 seeking to cancel GTT's authority to provide intrastate interexchange telecommunications services within Missouri.

Thank you in advance for your consideration of our request.

Best Regards,

Patrick Crocker
