COMPETITIVE LOCAL CARRIER/ INTEREXCHANGE NONSWITCHED CARRIER**3 RULES (cont'd.)****3.5 ESTABLISHMENT AND RE-ESTABLISHMENT OF CREDIT**

Company may require Customer or potential Customer to provide information pertaining to its financial ability to pay for service. Company may deny service to Customers who do not provide the requested information or who fail to meet Company's financial criteria, unless the Customer is willing to pay a deposit based upon the rules contained in this tariff. If service was discontinued for non-payment of charges, the Company may request additional information from the Customer, and reserves the right to collect an advance payment and/or deposit prior to re-establishing service.

COMPETITIVE LOCAL CARRIER/ INTEREXCHANGE NONSWITCHED CARRIER**3 RULES (cont'd.)****3.6 DEPOSITS****3.6.1 History of Late Payments**

The Company may, in order to safeguard its interests, require a Customer which has a proven history of late payments to the Company or does not have established credit to make a deposit prior to or at any time after the provision of service to the Customer, to be held by the Company as a guarantee of the payment of rates and charges. The Company reserves the right to review a Customer's credit history at any time as part of the Company's determination of whether a deposit is required. No such deposit will be required of a Customer that has established credit and has no history of late payments to the Company.

3.6.2 Deposit Amount

A deposit will be no greater than twice the estimated average monthly bill for the class of service requested. The fact that a deposit has been made in no way relieves the Customer from complying with the Company's requirement as to the prompt payment of bills. In the event a Customer requests services in addition to basic service, the average bill will reflect the aggregate services requested by the Customer. If the amount of a deposit is proven to be less than required to meet the requirements specified above, due to non-payment, disconnection or both, the Customer shall be required to pay an additional deposit upon request.

3.6.3 Return of Deposit

At such time as the provision of the service to the Customer is terminated, the Company will return the deposit within 30 days after discontinuance of service or after 12 months of service, whichever occurs first. Upon satisfactory payment of all undisputed charges during the last twelve (12) billing periods, the deposit shall, along with any accrued interest, be promptly refunded or credited against charges on subsequent bills. For the period the deposit is held by the Company, interest will be applied to the deposit for the number of days from the date the Customer deposit is received by the Company to and including the date such deposit is credited to the Customer's account or the date the deposit is refunded by the Company. In accordance with 4 CSR 240-33.050, deposits held will accrue interest at 1% above prime lending rate as published in the *Wall Street Journal*. This rate shall be adjusted annually on December 1 using the prime lending rate as published in the *Wall Street Journal* on the last business day of September of each year, plus 1%.. However, deposits may not receive interest if the Customer has received at least two notices of discontinuance of service for non-payment of bills in a 12-month period.

This service provides for the Time and Materials Charges associated with installation, maintenance, testing and repair deemed to be associated with equipment and facilities not provided by the Company or deemed to be non-standard or non-routine.

The Company shall have no responsibility for the maintenance and repair of any kind with respect to equipment and facilities not provided by the Company. The Company will charge the Customer Time and Materials Charges for any maintenance visits with respect to service problems which are determined to arise from equipment or facilities not provided by the Company.

When a Customer reports a trouble to the Company for clearance and no trouble is found in the Company's facilities, the Customer shall be responsible for payment of Time and Materials Charges for the period of time from when the Company personnel were dispatched to the Customer's premises to when the work is completed. Failure of Company personnel to find trouble in Company facilities will result in no charge if the trouble is actually in those facilities, but not discovered at the time.

If the Customer, after being informed that the trouble is not in Company facilities, wishes to have the maintenance work performed by Company, and the Company agrees to perform the work, the Time and Materials Charges listed below shall apply.

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.
