**RE: tw telecom of kansas city llc**  
**P.S.C. MO Access Tariff No. 12 – Access Services**

Dear Mr. Reed:

Enclosed for filing please find the original of the above referenced tariff revision filing submitted on behalf of **tw telecom of kansas city llc**. The purpose of this filing is for the Company to comply with and implement the Federal Communications Commission's second phase of the intercarrier compensation restructuring order mirroring interstate access rates and rate structures. As a result of matching FCC rates and rate structure, certain rate elements for which there was no demand in 2011 are increased. These increases are offset by decreases for rate elements for which demand exists. The net change is an overall reduction equal to the reduction taken July 1, 2012. This filing also adds text to the Calculation and Application of Percent-VoIP-PSTN Usage Factors section. The Company respectfully requests an effective date for this filing of July 1, 2013. The following tariff pages are included:
