.3 Sprint Select Calling Plans

Sprint Select calling plans allow subscribers to purchase an hour of calling for a monthly charge. The monthly charge applies regardless of whether or not the subscriber utilizes the entire hour. If the initial invoice is rendered within less than thirty days of the date service is established, and less than an hour of usage has occurred, the monthly charge will be prorated by the minute based upon the actual number of minutes used. After the initial thirty (30) days, the monthly charge will apply for any partial month of use. Each fractional call will be rounded up to the next higher minute. When more than one hour of calling is used, the additional usage will be billed at the additional hour charge. Any fractional hour of additional usage will be prorated. FÖNCARD calls will receive a discount under this plan. Charges and applicable discounts for these plans are set forth in Rate Schedule Section 1.3. The rate periods applicable to SPRINT SELECT are set forth in Section 3.14.2.2.
