TARIFF FORMAT SHEET RITE DEC 31 1998

A. Page Numbering. Page numbers appear in the upper-right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. These new pages are identified in decimal format. For example, a new page added between pages 34 and 35 would be 34.1.

B. Page Revision Numbers. Revision numbers also appear in the upper-right corner of the page. These numbers are used to determine the most current page on file with the Missouri Public Service Commission. For example, the 4th revised Page 34 cancels the third revised Page 34. Because of deferrals, notice periods, etc., the most current page number on file with the Commission is not always the tariff page in effect. User should consult the check page for the page currently in effect.

C. Paragraph Numbering Sequence. There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level of coding.

D. Check List of Effective Pages. When a tariff filing is made with the Commission, an updated Check List of Effective Pages ("Check List") accompanies the tariff filing. The Check List lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the Check List is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on the Check List if these are the only changes made to it (i.e., the format, etc.). The User should refer to the latest Check List to find out if a particular page is the most current page on file with the Commission.

2.6, 2.6 Billing and Payments (cont.)

JUN 11 1998

2.6.5 Except as otherwise provided herein, the Company, at its sole option, may Terminate Services in the event Customer fails to pay any invoice within thirty (30) calendar days after the due date stated thereon, subject to written notice and to any other applicable Commission Regulations. Notice, for purposes of this Section 2.6.5, is to be deemed effective upon mailing of written notice, postage prepaid, to Customer's last known address. Termination of Services by the Customer or the Company for any reason whatsoever will not relieve Customer of its payment obligations hereunder for all Service charges incurred by Customer through the date of Termination. Termination by Customer for purposes of this Section 2.6.5 will be deemed effective five (5) business days following the date of Company's receipt of Customer's Termination notice. Customer will be liable for all costs of collection hereunder, including without limitation reasonable attorney's fees. Any invoice for Services not disputed in writing by Customer within ten (10) days after receipt thereof is deemed to be conclusively correct and binding upon the Customer.

2.6.6 Payphone Compensation Surcharge.

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997, an undiscountable per call charge is applicable to all interstate, intrastate and international calls that originate from any domestic pay telephone used to access the Company's Services. This charge, is in addition to standard tariffed usage charges and any applicable charges associated with the Company's Service. Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Payphone Compensation Surcharge applies to the initial completed call and any reoriginated call (i.e., using the "#" symbol). Whenever possible, the Payphone Compensation Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Payphone Compensation Surcharge may be billed on a subsequent invoice after the Company has obtained information from an Other Provider that the originating station is an eligible pay telephone. The Payphone Compensation Surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

2.6.7 800 and 888 Number Portability. If a Customer accumulates undisputed delinquent charges, the Company reserves the right not to honor that Customer's request for a change in Service, including a request for Resp-Org change until such charges are paid in full.

2.22 Credits and Credit Allowances

REC'D FEB 18 1999

2.22.1 Credits ("Credit(s)") to the Customer's fixed charges, if any, for Interruptions (other than Scheduled Interruptions or Interruptions caused by Other Providers for which a Credit Allowance is due the Company as described in Section 2.22.2 hereof) which (i) exceed in the aggregate twenty-four (24) hours per month, (ii) are directly caused by the Company, (iii) are not due to either equipment or wiring supplied by any person other than the Company, and (iv) are not due to the negligence or willful misconduct of the User, its employees, subcontractors, agents, or assignees, will be applied to Customer's account with the Company. Such Credits are to be calculated by multiplying the fixed monthly, recurring rate (if any) for the affected Service by the ratio that the number of hours the Interruption bears to 720 hours (for the purpose of this computation, each month is deemed to have 720 hours). An Interruption is measured from the time the Company detects, or the Customer notifies the Company of, its occurrence until such time as the Interruption is cured. Each Interruption is to be considered separately for the purposes of this calculation and is be rounded to the nearest hour.

2.22.2 In the event of an Interruption caused by Other Providers for which a credit or allowance ("Credit Allowance") becomes due to the Company, the Company shall apply such Credit Allowance to Customer's account, less an administration fee of twenty dollars (\$20.00), subject to the Company's collection of such Credit Allowance from the Other Provider obligated to provide same. In no event will the Company be obligated to credit Customer any amounts in excess of any Credit Allowance allocable to Customer's Interruption(s) which Company receives from the Other Provider. Any other provision of this Section 2.22 notwithstanding, Company will have no obligation to apply any credit to Customer's account for Interruptions caused by an Other Provider for which no Credit Allowance is due to the Company.

2.22.3 Except as otherwise set forth herein, Customer's sole and exclusive remedy for any and all Performance Failures which consist of or give rise to Interruptions are Credits or Credit Allowances to the extent available under this Section 2.22; for any other Performance Failures or in the event Credits or Credit Allowances are unavailable (due to the fact, for example, that the Customer does not incur any fixed monthly recurring charges), Customer's sole and exclusive remedy in lieu of said Credits or Credit Allowances will be an immediate right to Terminate Services prior to the expiration of the Minimum Service Period.
