3 Services

3.2 Service Offerings and Rates

- 3.2.1 Direct Dial (1+) Intrastate Interexchange Services. The Company offers direct dial intrastate, interexchange service to business and residential Customers for both inbound, intraLATA and interLATA, calling over standard switched lines.

Calls are billed in full minute billing increments with a minimum call of one (1) minute. Call timing begins when the called party answers the call (i.e., when two way communications are established). Answer detection is based on standard industry answer detection methods, including hardware and software answer detection. Chargeable time for calls ends when one of the parties disconnects from the call.

Charges for calls are calculated on the basis of a flat per minute rate regardless of time of call or distance called.

Service	Rate	
Switched	\$0.189	(I)

- 3.2.2 Toll-Free (800/877/888) Service - Toll free service allows the calling party to charge each call to the called party without operator assistance. By the use of specialty designed prefixes, such as 800,877 or 888. The charge for each call is automatically billed to the Customer.
