1.0 DEFINITIONS (Continued)

FEB 16 1997

The following definitions are used throughout this tariff.

MISSOURI
Public Service Commission

Central Office: Company facilities where subscribers' lines are joined to switching equipment for connecting other subscribers to each other, locally and long distance.

Company or Electric Lightwave, Inc.: The issuer of this tariff.

Customer or Subscriber: The person, firm or corporation which orders service and is responsible for the payment of charges and compliance with the Company's regulations.

Dedicated Inbound Calls: Refers to calls that are terminated via dedicated access facilities connecting the Customer's premises and the Company's Point of Presence (POP). This service is offered to the extent facilities are available and where the Company and the Customer jointly arrange for the establishment of dedicated access facilities connecting the Customer's trunk-compatible PBX or other suitable equipment to the Company's POP. The Customer shall be responsible for all costs and charges associated with the dedicated access facilities. All dedicated facilities used for local exchange service will be provided by the local exchange carrier, or the Company will act as the customer's agent in arranging for the provision of these facilities.

Dedicated Outbound Calls: Refers to service that is offered to the extent facilities are available in those cases where the Company and the Customer jointly arrange for the establishment of dedicated access facilities connecting the Customer's trunk-compatible PBX or other suitable equipment to the Company's POP. The Customer shall be responsible for all costs and charges associated with the dedicated access facilities. All dedicated facilities used for local exchange service will be provided by the local exchange carrier, or the Company will act as the customer's agent in arranging for the provision of these facilities.

LATA: A Local Access and Transport Area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192; or any other geographic area designated as a LATA in the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4.

1.0 DEFINITIONS

Line Restrictions: Allows a line to be restricted from access to various long distance locations.

Recurring Charges: The monthly charges to the Customer for services, facilities and equipment, which continue for the agreed upon duration of the service.

Service Commencement Date: The first day following the date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service which does not conform to standards set forth in the Service Order or this tariff, in which case the Service Commencement Date is the date of the Customer's acceptance. The Company and Customer may mutually agree on a substitute Service Commencement Date.

Service Order: The written request for Services executed by the Customer and the Company in the format devised by the Company. The signing of a Service Order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date.

User or End User: A Customer or any other person authorize by a Customer to use service provided under this tariff.

2.0 REGULATIONS

DEC 18 1996

2.1 Application of Regulations, Terms and Conditions

MISSOURI
Public Service Commission

The following regulations, terms and conditions apply to the intrastate common carrier long distance telecommunications services provided by Electric Lightwave, Inc., hereinafter referred to as the Company.

2.2 Undertaking of the Company

The services of the Company pursuant to this tariff consist of the furnishing of common carrier long distance communications services between and among points within the state of Missouri.

2.2.1 General

Intrastate Long Distance Services are furnished for the transmission of voice communications but may also be used for data, facsimile, signaling, metering, or other similar communications, subject to the transmission capabilities of the technologies or combination of technologies available. Service is available twenty-four hours a day, seven days a week.

2.2.2 Selection of Transmission

The Company selects and/or arranges for directly or with its underlying carrier(s) the channels and/or service components and underlying network facilities used to provide service. The Company may modify or change the channels, service components and underlying Company facilities or underlying carrier at any time subject to Part 68 of the FCC's Rules and Regulations and this tariff.

2.0 REGULATIONS2.3 Use of Service

DEC 18 1996

MISSOURI
Public Service Commission

The services offered herein may be used for any lawful purpose. There are no restrictions on sharing or resale of the Company's services. However, the Customer remains liable for all obligations under this tariff even if such sharing or resale arrangements exist regardless of the Company's knowledge of these arrangements. The customer may advise such additional users that a portion of the service is provided by the Company, however, the Customer shall not represent that the Company jointly participates with the Customer in the provision of the Customer's service. If service is jointly ordered by more than one Customer, each is jointly and severally liable for all obligations.

Company services may be connected to the services or facilities of other communications carriers only when authorized by, and in accordance with, the terms and conditions of any tariffs, or price lists, of such other communications carriers.

2.3.1 Prohibited Uses

The Customer shall not use or allow the use of the Company's facilities or equipment installed at the Customer's premises for any purpose other than that for which the Company provides it, without the prior written consent of the Company.

2.3.2 Abuse

The abuse of Long Distance Services is prohibited. The following activities constitute abuse:

- (a) Using service to make calls which might reasonably be expected to frighten, torment, or harass another; or
- (b) Using service in such a way that it interferes unreasonably with the use of Company services by others.

2.3.3 Fraudulent Use

MISSOURI

Public Service Commission

The fraudulent use of, or the intended or attempted fraudulent use of service is prohibited. Fraudulent use consists of using or attempting to use service with the intent to avoid the payment, either in whole or in part, of the tariffed or price listed charges for the service including by:

- (a) Rearranging, tampering with, or making connections not authorized by this tariff to any network components used to furnish service; or
- (b) Using fraudulent means or devices, tricks, schemes, false or invalid numbers, false credit devices, or electronic devices.

2.3.4 Fraudulent Use of Authorized Codes

In order to control fraud, the Company may disable or refuse to accept, Authorization Codes which it reasonably suspects or determines to be invalid or experiencing abuse. The Company will notify the Customer when Authorization Codes are disabled.

- (a) Invalidation of verified authorization codes: If the Customer notifies the Company that a Customer-administered verified authorization code is no longer valid, the Customer shall be liable for any calls placed using the verified authorization code, until the Company receives confirmation from its underlying carrier(s) that the verified authorization code has been effectively disabled. Customer notification to the Company may be delivered in writing or given orally when followed by facsimile or electronic mail. Company will notify its underlying carrier(s) or undertake other appropriate security measures within the shortest duration of time after the Customer's written, facsimile, or electronic mail notice is received by the Company.

2.4 Shortage of Equipment or Facilities

MISSOURI
Public Service Commission

The Company reserves the right to limit or to allocate the use of its existing and future facilities when necessary because of a lack of facilities or due to any cause beyond the Company's control.

The furnishing of service under this tariff is subject to the availability on a continuing basis of all facilities necessary to provide the service. Services will be provided on a resale basis, using long distance services and transmission facilities the Company obtains from other carriers.

2.5 Non-routine Installation and Special Construction

2.5.1 Non-routine Installation

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply.

2.5.2 Special Construction

Subject to the agreement of the Company, special construction of facilities may be undertaken on a reasonable efforts basis at the request of the Customer. Special construction is that construction undertaken:

- (a) where facilities are not presently available, and there is no other requirement for the facilities so constructed;
- (b) of a type other than that which the Company would normally utilize in the finishing of its service;

- (e) on an expedited basis;
- (f) on a temporary basis until permanent facilities are available;
- (g) involving abnormal costs; or
- (h) in advance of normal construction.

Special construction will be undertaken at the discretion of ELI consistent with budgetary responsibilities and consideration for the impact on ELI's other customers and contractual responsibilities.

2.6 Ownership of Facilities

Title to all facilities and equipment, and related plans and proposals, provided by the Company in furnishing service remains with the Company, its agents or contractors. Such facilities and equipment, plans and proposals shall be returned to the Company by the Customer whenever requested, within a reasonable period following the request in as good condition as reasonable wear will permit.

Public Service Commission

The liability of the Company for damages arising out of the furnishing of its services, including but not limited to mistakes, outages, omissions, interruptions, delays, errors, or other defects, representations, failures arising out of the use of these services or failure to furnish service, whether caused by act, omission or negligence, shall be limited to extension of allowances as set forth in the section of this tariff on Allowances for Interruptions in Service. The extension of such allowances for interruption shall be the sole remedy of the Customer or other person, and the sole liability of the Company. The Company will not be liable for any direct, indirect, incidental, special, consequential, exemplary or punitive damages including without limitation damages for lost profits regardless of the form of action whether in contract, indemnity warranty, strict liability or tort, including without limitation negligence of any kind whether active or passive to the Customer as a result of any Company service, equipment or facilities, or the acts or omissions or negligence of the Company's employees or agents.

The Company shall not be liable for any delay or failure of performance due to causes beyond its control, including but not limited to: acts of God, fire, flood, explosion or other catastrophes; any law, order, regulation, direction, action or request of the United States government, or of any other government, including state and local agency, commission, bureau, corporation, or other instrumentality of any one or more of these federal, state or local governments, or of any civil or military authority; national emergencies; insurrections; riots; wars; unavailability of rights-of-way or materials; or strikes, lockout, work stoppages, or other labor difficulties.

The Company shall not be liable for any act, omission or defect of any entity furnishing to the Company or to the Customer services, facilities or equipment used for or with the Company's services; or for the acts or omissions of common carriers or warehousemen.

MISSOURI

Public Service Commission

The Company shall not be liable for any damages or losses due to the fault or negligence of the Customer or due to the failure or malfunction of Customer-provided equipment or facilities.

Nothing in this tariff shall limit the Company's liability:

- (a) in tort for its willful or intentional misconduct, or
- (b) for bodily injury or death caused by the Company's willful negligence.

The Company is not liable for damages to premises resulting from the furnishing of service, including the installation and removal of equipment and associated wiring, unless the damage is caused by the Company's negligence or willful misconduct. Except that upon termination or expiration of service, and upon request by the Customer, the Company will remove, at its own expense, any property which the Company has installed in provisioning service on the Customer's premises within a reasonable time. The Company will use reasonable care in removing such property and will return the Customer's premises to their original condition, wear and tear excepted.

The Company does not guarantee nor make any warranty with respect to installations it provides for use in an explosive atmosphere. The Customer indemnifies and holds the Company harmless from any liability whatsoever, and for any damages caused or claimed to have been caused in any way, directly or indirectly, as a result of any such installation.

2.12 Allowances for Interruptions in Service

MISSOURI
Public Service Commission

A credit allowance will be given for interruptions of service, subject to the provisions of this section.

2.12.1 Credit for Service Interruptions

A credit allowance will be made when an interruption of a continuous duration of two (2) or more hours occurs because of a failure of any component furnished by the Company under this tariff. An interruption in service is considered to exist when a circuit, service or facility is unusable.

An interruption period begins when the Company determines an interruption has occurred or the Customer reports a circuit, service or facility to be interrupted and releases it for testing and repair. It shall be the obligation of the Customer, prior to reporting an interruption, to ascertain that the trouble is not being caused by any action or omission of the Customer or by any defect of failure in wiring or equipment, if any, furnished by the Customer. An interruption period ends when the circuit, service or facility is operative.

If the Customer reports an interruption but declines to release the circuit, service or facility for testing and repair, no interruption period will be deemed to exist.

A credit allowance is applied on a pro rata basis, dependent on the duration of the interruption, against the monthly recurring charges payable by customer under this tariff, and shall be expressly indicated on the next Customer bill. Only those facilities on an interrupted portion of a circuit or service will receive a credit.

3.0 LONG DISTANCE SERVICES

DEC 18 1996

3.1 General Service Description

MISSOURI

Long Distance Services are a general offering of voice and data telecommunications capabilities and may be customized to meet specific customer requirements. Service can be designed by the Company based on customer-specific information, e.g., calling patterns and traffic volumes, jointly developed by Company and the Customer. Consistent with the customer-specific information and objectives, the Company retains the right to use either switched or dedicated facilities to provide service. Long Distance Services may be available for multi-year service periods and may be subject to a minimum monthly charge. Rates for service may be stabilized and can be distance-sensitive or postalized, sensitive to time-of-day, or otherwise developed to suit the Customer's needs as may be specified in each service option. Long Distance Services will support customer-specific seven and ten digit dialing plans.

3.2 Description of Rates and Charges3.2.1 Application of Charges

Long Distance Communications Service includes recurring and nonrecurring charges. Stabilized recurring charges may be offered on a customer-specific basis where service demands or competitive necessity justify such charges. Recurring charges consist of flat-rated monthly and usage-sensitive charges. Service also may include a Minimum Charge. Nonrecurring charges for installation of a service and additions to service, as well as a Termination Charge and Cancellation Charge, are also included.

- (a) Non-Recurring Charges: Non-Recurring Charges are billed in advance.
- (b) Recurring Charges: Recurring Charges are usage-sensitive and are billed in arrears.

3.2.2 Mileage Measurement

MISSOURI
Public Service Commission

When applicable to a specific service, mileage is the distance in airline miles between locations. The following mileage measurements apply: the distance between the rate center of the originating station and the rate center of the terminating station.

3.2.3 Single Rate Period/Distance Sensitive

When calls are rated on a distance sensitive basis, the rate in effect at the calling station at the time the connection is established applies to the entire call.

3.2.4 Multiple Rate Period/Distance Sensitive

For calls that are rated on a rate period/distance sensitive basis, when a call is established in one rate period and ends in another rate period, the rate in effect at the calling station for each rate period applies to the portion of the call occurring within that rate period. Where specified in this tariff, the rates used shall be those in effect at the station to which the call is billed rather than the calling station. When a unit of time is split between two rate periods, the rate applicable to that unit of time is based on the rate period in which it began.

3.2.5 Minimum Charge

Should a Minimum Charge apply to a service option, it shall be as specified in the applicable rate section of this tariff.

As specified for each service option, service components may be added to or deleted from a service. A nonrecurring Installation Charge will apply to additions, and recurring charges will be adjusted, as necessary, to reflect all changes to service.

3.2.8 Termination Charge

The Customer will be billed a Termination Charge if service is discontinued by the Customer under the provisions of the regulations specified in this tariff.

3.2.9 Rate Changes

The Company expressly reserves the right to initiate tariff revisions seeking to change the applicable rates under which the Customer has obtained service during any specified service period greater than any minimum service period provided under this tariff, unless otherwise agreed upon between the Company and the Customer.

During any specified service period other than any minimum service period specified in this tariff, the Company expressly reserves the right to initiate changes in the terms and conditions under which service is provided, unless otherwise agreed upon between the Company and the Customer and filed in this tariff. If the Company initiates such tariff revisions without the Customer's agreement, the Customer may discontinue service without liability. If elected, this provision must be exercised by the Customer in writing within 30 days following the date of the Company's tariff filing. Any changes in the terms and conditions under which service is provided will be filed in this tariff.

3.3 Special Access Surcharges

The Customer agrees to pay to the Company the amount of any monthly Special Access Surcharge which a Local Exchange Carrier may collect from or which the Company's underlying carrier(s) may impose on the Company for any services or facilities used to provide service.

3.4. Gross Receipts Tax

When utility or telecommunications assessments, franchise fees, or privilege, license, occupational, excise, or other similar taxes or fees, based on intrastate receipts are imposed by certain taxing jurisdictions upon the Company, its underlying carrier(s) or upon Local Exchange Companies and passed on to the Company through or with intrastate access charges, the amounts of such taxes or fees will be billed to customers in such a taxing jurisdiction on a prorated basis. The amount of charge that is prorated to each Customer's bill is determined by the communications services provided to and billed to a Customer's service location equal to the amount of the tax or fee imposed upon or passed on to the Company.

The customer will be billed for, and is responsible for payment of any other taxes, surcharges, fees or assessments (excluding taxes on the Company's net income) imposed on or based upon provision, sale or use of the Company's services.

3.6 Rate Determination

The rate for a long distance call which is charged on a per call basis may be determined by:

- (a) The locations of the originating (calling) station and the terminating (called) station;
- (b) The time of day and the day of the week; and
- (c) The class of service applicable to the call.

The specific factors which apply to a given call and their application are listed in the rate section applicable to that type of call.

3.6.1 Jurisdiction

When the location of the calling and the called stations is a factor in rate determination, the rate is calculated according to whether the termination of the call is intrastate, interstate, or international.

3.7.7 ELI Prepaid Phone Card Service

Prepaid Phone Card Service is a product that is neither time of day nor distance sensitive while calling within the United States, that provides prepaid calling card service. This service permits use of a prepaid card for placing long distance calls. Users may purchase ELI Prepaid Calling Cards at a variety of retail outlets or through other distribution channels.

- (a) ELI Phone Cards are available at a face value ranging from 5 minutes to 500 minutes. A call is placed by dialing an 800 number to obtain access to ELI's network. The caller is prompted by an automated voice response system to enter his/her account number, and then to enter the terminating telephone number.
- (b) ELI's processor tracks the call duration and destination for rating purposes on a real time basis. The total price of each call, including applicable taxes, is deducted from the prepaid amount on the caller's card. Should the balance on the card approach zero, the caller is so advised, and, if desired, the caller may enter a valid account number on a separate ELI card or may enter a valid commercial credit card number to continue the call. Callers may also add value to a ELI card by arranging to charge a credit card on a regular basis.
- (c) Special features are available for use with the ELI Prepaid Calling Card. These features include speed calling capability for two digit dialing of up to ten numbers. In addition, multiple calls can be made without re-dialing an access number or account number.
- (d) ELI offers universal origination from anywhere within the state, and termination both domestically and internationally. Availability of termination may be limited by service availability for international direct dialing.
- (e) ELI will enter into agreements with retailers or other distributors of ELI Prepaid Phone Cards to discount the price of cards purchased by a particular retailer or other distributor in order to induce the distributor to offer the cards to end users. These distribution arrangements will not affect the rates charged to end users of the cards.
- (f) All prepaid calling cards expire twelve (12) months after the date of first use.

3.7.7 ELI Prepaid Phone Card Service (Continued)

MO. PUBLIC SERVICE COMM

- (g) Cards are available at over-the-counter and dispenser locations. All rate and company contact information is prominently displayed at the dispenser location; such information is also available from the company via 800 number provided on the reverse of the card. All rates apply to intrastate calls. Cards are available in \$5, \$10, \$20, \$30, \$50 and \$100 values, except as otherwise noted. An 800 number for customer service is indicated on the reverse of the card.
- (h) Chargeable time begins when the called party answers and a connection has been established. Chargeable time ends when either party "hangs up" thereby releasing the network connection. Calls are measured and billed in one minute increments; fractional minutes of use are rounded up to the next full minute. There are no surcharges. Consumers using ELI Prepaid Calling Cards will not be charged for unanswered or uncompleted calls.
- (i) Cards are available in various denominations incorporating one of the rate plans as specified in Sections 3.10.14 through 3.10.16 of this tariff. These rates apply all hours, all distances. The particular rate associated with a card is determined by the rate plan available at the point of distribution. Sale materials provided to Customer at point of distribution will specify the rate applicable to the card or cards purchased.

3.8.1 Verified Account Codes

Authorization codes used by the customer to restrict and/or monitor long distance usage. Upon the customer's request, 1+ dialing is limited to callers with authorized access. The caller dials the 1+ number, is prompted for the code, and then connects to the dialed party. This feature is only utilized at the Customer's request.

3.8.2 800/888 Call Blocking by Area Code

At the Customer's request, an 800/888 number can be blocked from access by area code parameters. Standard setup of 800/888 numbers is to allow calling access from all 50 states.

3.8.3 800/888 Time of Day/Day of Week Routing

At the Customer's request, an 800/888 number can be routed differently based on time of day, or day of week parameters. This feature allows for an 800/888 number to be routed to multiple locations based on the pre-set pattern.

3.8.4 800/888 Real Time ANI

This feature allows the customer to receive real time ANI information with each 800/888 call received. ANI provides Automatic Number Identification by delivering the outpulsed digits of the originating number.
