**TARIFF FORMAT**

- A. **Sheet Numbering** - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. **Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in their tariff approval process, the most current sheet number on file with the Commission is not always the tariff page in effect.

- 2.6.1 The Subscriber, Customer or End-User is responsible for placing any necessary orders; for complying with tariff regulations; for the placement of any stickers or tent cards provided by Company or as required by law; and for assuring that Users comply with tariff regulations. The Subscriber shall ensure compliance with any applicable laws, regulations, orders or other requirements (as they exist from time to time) of any governmental entity relating to services provided or made available by the Subscriber to Users. The Subscriber is also responsible for the payment of charges for calls originated at the Subscriber's telephone numbers, dedicated circuits, PIN, Authorization Code or card numbers which are not collect, third party, calling card, or credit card calls.
- 2.6.2 The Subscriber, Customer or End-User is responsible for charges incurred for special construction and/or special facilities which the Subscriber requests and which are ordered by Company on the Subscriber's behalf.
- 2.6.3 If in the sole judgment of Company, any equipment space, supporting structure, conduit or electrical power is required for the provision of Company's services, the Subscriber must provide the same without charge to Company.

**2.6 Responsibilities of the Subscriber (Cont'd)**

**MO. PUBLIC SERVICE COMM**

- 2.6.4 The Subscriber is responsible for arranging access to its premises during normal business hours and at times mutually agreeable to Company and the Subscriber when required by Company personnel to install, repair, maintain, program, inspect or remove equipment with the provision of Company's services.
- 2.6.5 The Subscriber shall ensure that the equipment and/or system is properly interfaced with Company facilities or services, that the signals emitted into Company's network are of the proper mode, bandwidth, power, and signal level for the intended use of the Subscriber and in compliance with the criteria set forth in this tariff, and that the signals do not damage equipment, injure personnel, or degrade service to other Subscribers. If the Federal Communications Commission or some other appropriate certifying body certifies terminal equipment as being technically acceptable for direct electrical connection with interstate communications service, Company will permit such equipment to be connected with its channels without use of protective interface devices.

If the Subscriber fails to maintain the equipment and/or the system properly, with resulting imminent harm to Company equipment, personnel, or the quality of service to other Subscribers, Company may, without written notice, require the use of protective equipment at the Subscriber's expense. If this fails to produce satisfactory quality and safety, Company may immediately terminate or suspend the Subscriber's service.

2.7 Cancellation or Interruption of Services (Cont'd)

MAR 23 1998

2.7.2 Procedures for discontinuance of existing service:

MO. PUBLIC SERVICE COMMISSION

A. Company may discontinue service without notice for any of the following reasons:

1. If a Subscriber or User causes or permits any signals or voltages to be transmitted over Company's network in such a manner as to cause a hazard or to interfere with Company's service to others.
2. If a Subscriber or User uses Company's services in a manner to violate the law or the provisions of this tariff.

B. In all other circumstances, Company will provide the Subscriber with written notice stating the reason for discontinuance, and will allow the Subscriber not less than five (5) days to remove the cause for discontinuance. In cases of non-payment of charges due, the Subscriber will be allowed at least five (5) days excluding Sundays and holidays, to make full payment of all undisputed charges, and in no event will service be discontinued on the day preceding any day on which Company is not prepared to accept payment of the amount due and to reconnect service.

2.7 Cancellation or Interruption of Services (Cont'd)

2.7.3 Without incurring liability, Company may interrupt the provision of services at any time in order to perform tests and inspections to assure compliance with tariff regulations and the proper installation and operation of Subscriber and Company's equipment and facilities and may continue such interruption until any items of non-compliance or improper equipment operation so identified are rectified.

2.7.4 Service may be discontinued by Company, without notice to the Subscriber, by blocking traffic to certain countries, cities, or NXX exchanges, or by blocking calls using certain Customer Authorization Codes, when Company deems it necessary to take such action to prevent unlawful use of its service or fraud or abuse of facilities or change in rule or regulation by any governmental or quasi-governmental body or agency. Company will restore service as soon as it can be provided without undue risk, and will, upon request by the Customer affected or on its own initiative, assign a new identification code, Authorization Code or PIN to replace the one that has been deactivated.

2.8. Allowances for Interruptions in Service

MAR 23 1998

2.8.1. General

MO. PUBLIC SERVICE COMM

- A. A service is interrupted when it becomes unusable to the Customer, *e.g.*, the Customer is unable to transmit or receive, because of a failure of a component furnished by the Company under this tariff.
- B. An interruption period begins when a service, facility or circuit is declared by the Company to be inoperative and releases it for testing and repair. An interruption period ends when the service, facility or circuit is declared by the Company to be operative.
- C. If the Customer reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, the service, facility or circuit is considered to be impaired but not interrupted. No credit allowances will be made for a service, facility or circuit considered by the Company to be impaired.

When billing functions on behalf of Company are performed by local exchange telephone companies, or others, the payment conditions and regulations of such companies apply, including any applicable interest and/or late payment charge conditions and/or discontinuance or suspension of service.

2.13 Deposits

2.13.1 General

Any Applicant whose credit is not acceptable to the Company as provided in Paragraph 2.7 hereof may be required to make a deposit to be held by Company as a guarantee of payment for service provided under this Tariff. In addition, an existing Customer may be required to make a deposit or to increase a deposit presently held by the Company if the conditions of service or the basis on which credit was originally established have materially changed.

2.13.2 Amount of Deposit

The amount of any deposit will not exceed the estimated charges for two months Service. The Company will determine the amount of the deposit.

2.13.3 Interest on Deposits

The Company will pay interest on deposits at the rate of 9% to be credited annually upon the account of the Customer or paid upon the return of the deposit, whichever comes first.

2.13.4 Guarantees

In the case of a business Customer, Company may, at its discretion, require personal guarantees from the Customer's owners or officers of all Customer's liabilities and obligations to Company.

Company may from time to time offer special promotional service offerings on both existing and new services. Company will notify the Commission of the rates, terms, conditions and time intervals applicable to each promotional offering. These promotional offerings may apply only to certain service arrangements, and may be limited to certain dates, times, and/or locations. These promotional offerings are subject to notification and prior approval of the Commission.

MO. PUBLIC SERVICE COMM

2.17 Call Rounding

2.17.1 All calls are billed in the billing increments as set forth in the description for each service. Calls that terminate between increments will be rounded to the next highest increment. For example, a call with a 6 second increment lasting 35 seconds will be rounded to 36 seconds, while a 37 second long call will be rounded to 42 seconds.

2.17.2 Once the call duration, in billing increments is computed, the appropriate per minute charges, as listed in the rate schedules will be applied to the call. Calls with charges that include a fraction of a cent will be rounded to the next highest cent. For example, a Customer making a call with a computed charge of \$1.434 will be charged \$1.44.

2.18 Taxes

All federal excise taxes, state and local sales, use, and similar taxes, are not included in the quoted rates, unless otherwise specified. Except for debit cards and pre-paid primary service, all federal excise taxes, and state and local sales, use, and similar taxes, are billed as separate items. Taxes for pre-paid debit services are embedded in the rates.

**(A) Description of Service**

The PT-1 Card service is a prepaid long distance service that allows Customers to obtain a predetermined amount of access to the Company's long distance services. The card is a dollar based service, meaning there is a fixed amount of dollars (i.e., \$5, \$10, \$20, \$50, or some other denomination) available to the Customer who purchases a card.

PT-1 Card service is offered via domestic toll-free access numbers and is available to a Cardholder from a touchtone phone. The Cardholder dials a domestic toll-free number. The Cardholder hears recorded messages that guide the Cardholder through the Platform. The Platform validates the Cardholder's PIN, determines whether sufficient time or value remains on the card and, if so, completes the call to the called telephone number dialed by the Cardholder. The Cardholder is verbally informed of the available balance of the Prepaid Calling Card account.

Calls are real-time rated during call progression. The total price of each call, including applicable taxes, is calculated on the basis of usage and is deducted from the available account balance associated with each PT-1 Card. The Platform decrements the Cardholder's account balance as the Cardholder conducts a call. The Cardholder receives a warning tone in accordance with the rate per call destination, one minute before the balance reaches zero. Calls in progress will be terminated when there is an insufficient balance to continue the call.

The Cardholder may access the network from anywhere in the State where such access is available through the DUC by dialing a domestic toll-free number, a PIN, and the called telephone number. PT-1 Cards are not reusable once the usage has been exhausted.

**(A) Description of Service (Cont'd)**

Calls are real-time rated during call progression. The total price of each call, including applicable taxes, is calculated on the basis of usage and is deducted from the available account balance associated with each World Card. The Platform decrements the Cardholder's account balance as the Cardholder conducts a call. The Cardholder receives a warning tone in accordance with the rate per call destination one minute before the balance reaches zero. Calls in progress will be terminated when there is an insufficient balance to continue the call.

The Cardholder may access the network from anywhere in the State when such access is available from the DUC by dialing a domestic toll-free number, PIN, and the called telephone number. World Cards are not reusable once the usage has been exhausted.

(A) Description of Service (Cont'd)

Calls are real-time rated during call progression. The total price of each call, including applicable taxes, is calculated on the basis of usage and is deducted from the available account balance associated with each Worldwide Telecom Card. The Platform decrements the Cardholder's account balance as the Cardholder conducts a call. The Cardholder receives a warning tone in accordance with the rate per call destination one minute before the balance reaches zero. Calls in progress will be terminated when there is an insufficient balance to continue the call.

The Cardholder may access the network from anywhere in the State where such access is available through the DUC by dialing a domestic toll-free number, a PIN, and the called telephone number. Worldwide Telecom Cards are not reusable once the usage has been exhausted.

3.5 Prepaid Primary Interexchange Carrier Service (formerly PhoneTime Dial Service) MO. PUBLIC SERVICE COMMISSION

Prepaid Primary Interexchange Carrier Service is a prepaid intrastate toll service available to residential and business accounts, except hospitals, pay phones, hotels and inmate only facilities. The Company serves as the Customer's Primary Interexchange Carrier ("PIC") for intrastate toll service. Unlike Prepaid Card Service, the Customer can complete calls by dialing "1" plus the designation numbers, and may be used only from a presubscribed dialtone access line.

Prepaid Primary Interexchange Carrier Service provides a predetermined amount of access to the Company's telephone services. The service is a dollar based service, meaning that there is a fixed amount of dollars (i.e., \$5, \$10, \$20, \$50, or some other denomination) available to the Customer who purchases the service.

The Customer dials a domestic terminating number and hears recorded messages that guide the Customer through the Platform. The Platform validates the Customer's PIN, determines whether sufficient time or value remains on the account and, if so, completes the call to the called telephone number dialed by the Customer. The Customer is verbally informed of the available balance of the account.

Calls are real-time rated during call progression. The total price of each call, including applicable taxes, is calculated on the basis of usage and is deducted from the available account balance associated with each account. The Platform decrements the Customer's account balance as the Customer conducts a call. Re: Change of Ownership of AS Telecommunications, Inc., PT-1 Communications, Inc.,  
and CEO Communications, Inc.

Dear Mr. Roberts:

As local counsel for AS Telecommunications, Inc., PT-1 Communications, Inc., and  
CEO Communications, Inc., I have been requested to notify the Missouri Public Service  
Commission of a merger transaction involving the parent company of these three regulated  
interexchange telecommunications carriers.

AS Telecommunications, Inc. (AST), was issued certificate of service authority to  
provide interexchange telecommunications service by Order dated November 6, 1999, in  
Case No. TA-2000-233. PT-1 Communications, Inc. (PCI), was issued certificate of  
service authority to provide interexchange telecommunications service by Order dated  
June 9, 1997, in Case No. TA-97-470. CEO Communications, Inc. (CEO), was issued  
certificate of service authority to provide interexchange telecommunications service by  
Order dated June 5, 1995, in Case No. TA-95-314. These three interexchange  
telecommunications carriers (AST, PCI and CEO) are wholly owned subsidiaries of STAR  
Telecommunications, Inc. (STAR), a publicly held Delaware corporation.

World Access, Inc. (WAXS), a publicly traded Delaware corporation, and STAR  
have reached an agreement in which STAR will merge with and into STI Merger Co., a  
privately held Delaware corporation which is a wholly owned subsidiary of WAXS. WAXS,  
STAR, and STI Merger Co. are non-regulated corporations. There will be no changes in  
the operations of the regulated interexchange telecommunications carriers (AST, PT-1 and  
CEO) as a result of the merger.

It is our understanding that this notice will suffice and no further action is required  
because the transaction consists only of a change in the ownership of regulated  
telecommunications companies by non-regulated parent companies, none of which are  
Missouri corporations.
