Sprint may offer a 10% monthly discount for the length of the term, on net intrastate Sprint Clarity voice service usage to customers who sign a new Sprint Clarity term plan and designate Sprint as their "Exclusive Telecommunications Services Provider" and as such, award 100% of their long distance services to Sprint. (Excluding usage volume levels currently under contract with another carrier and network established for redundancy as long as the backup carrier is used only in the event of a Sprint outage, and only for the period of that outage.)

In order to be eligible for this promotion, customers must have total annual voice usage of at least \$36,000. The customer must be one of the following: (i) a new Sprint Clarity customer, (ii) an existing Sprint Clarity non-term customer, (iii) an existing Sprint Clarity term customer with less than three months remaining on their existing one year MVP term plan, or six months remaining on their two year MVP term plan, or nine months remaining on their three year MVP term plan, and must subscribe to a new MVP term plan of equal or greater length than their previous MVP term plan. Customers must subscribe to this promotion by March 31, 1998, unless sooner canceled by Sprint with the approval of the Public Service Commission, and must activate service by April 30, 1998 for switched services or June 30, 1998 for dedicated services. The discount is applied after all standard tariff discounts have been applied and is available only at customers associated locations. This promotional discount is not offered in conjunction with an association discount and may not be combined with any other promotion on Sprint Clarity intrastate usage. This promotion is an add-on to the Sprint Clarity Interstate Discount Promotion.
