(N)

3.1 General

Calls are billed individually and on a monthly basis. Usage is billed in arrears. Intrastate services are offered in conjunction with interstate and international services.

3.2 Computation of Mileage

Airline mileage, where mileage is the basis for rating calls, is obtained by using the "V" and "H" coordinates assigned to each point and contained in NECA FCC Tariff No. 4. To determine the airline distance between any locations, proceed as follows:

- (i) Obtain the "V" and "H" coordinates for each location. The "V" coordinate is the first four digits in the "VH" column. The "H" coordinate is the next four digits.
- (ii) Obtain the difference between the "V" coordinates of each of the locations. Obtain the difference between the "H" coordinates.
- (iii) Square each difference obtained in step (ii) above.
- (iv) Add the square of the "V" difference and the "H" difference obtained in step (iii) above.
- (v) Divide the sum of the square by 10. Round to the next higher whole number if any fraction is obtained.
- (vi) Obtain the square root of the whole number result obtained above. Round to the next higher whole number if any fraction is obtained. This is the airline mileage.

SECTION 6 – NON-TERM RATES

(N)

The rates provided in this section only apply to Customers that are being provided Month-to-Month services through an expired Service Term agreement or who have never had a Service Term Agreement with the Company. Customers still under a current Service Term agreement with the Company will find the rates for their services in Section 3 - Description of Rates and Services.
