### TARIFF FORMAT

- A. Page Numbering – Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 8 and 9 would be 8.1.
- B. Page Revision Numbers – Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Missouri Public Service Commission. For example, the 3<sup>rd</sup> Revised Page 8 cancels the 2<sup>nd</sup> Revised Page 8.
- C. Paragraph Numbering Sequences – There are nine levels of paragraph coding. Each level of coding is subsequent to its next higher level:
- 2.
  - 2.1.
  - 2.1.1.
  - 2.1.1.A.
  - 2.1.1.A.1.
  - 2.1.1.A.1.(a).
  - 2.1.1.A.1.(a).I.
  - 2.1.1.A.1.(a).I.(i).
  - 2.1.1.A.1.(a).I.(i).1

**APPLICATION OF TARIFF**

Missouri Public  
Service Commission

REC'D OCT 28 1999

This tariff contains the regulations, rates and charges applicable to the provision of facilities-based and resold basic local exchange and exchange telecommunications services by Logix Communications Corporation (Logix) for the use of business customers transmitting messages in the State of Missouri. Logix does not offer residential basic local exchange service. Logix does not restrict its customers' from choosing the interexchange carrier of their choice.

T

Exchanges served are listed in Section 2.1.1.

This tariff is on file with the Missouri Public Service Commission. In addition, this tariff is available for review at the main office of Logix Communications Corporation at 3555 NW 58<sup>th</sup>, Suite 900, Oklahoma City, OK 73112.

Application for initial or additional services made verbally or in writing become a contract on establishment of service or facility.

Logix Communications Corporation

REC'D OCT 28 1999  
1<sup>st</sup> Revised Sheet 7

Replacing Original Sheet 7

---

**SECTION 1 - GENERAL REGULATIONS**

Logix Communications Corporation (hereinafter referred to as the "Company" or the "Telephone Company") concurs in the rules and regulations applying to and governing all Customers' Contracts set forth in the Southwestern Bell Telephone Company General Exchange tariff on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law, subject however to the additional obligations and regulations found in this tariff. These additional obligations and regulations are set out in subsequent sections of this concurrence.

The Company reserves the right to cancel and void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its Customers.

**1.1 E-911**

- A. The Telephone Company is obligated to supply the E-911 service provider in the Telephone Company's service area with accurate information necessary to update the E-911 database at the time the Telephone Company submits customer orders to the local exchange telecommunications company whose service is being resold pursuant to these tariffs, or at the time the Telephone Company submits customer orders for the provision of its own facilities-based services pursuant to these tariffs, whichever is applicable. T
- B. At the time the Telephone Company provides basic local service to a customer by means of the Telephone Company's own cable pair, or over any other exclusively owned facility, the Telephone Company will be obligated to make the necessary equipment or facility additions in the 911 service provider's equipment in order to properly update the database for 911.
- C. The Telephone Company will be obligated to provide facilities to route calls from the end users to the proper PSAP. The Telephone Company recognizes the authority of the E-911 customer to establish service specifications and grant final approval or denial of service configurations offered by the Telephone Company.
- D. The Telephone Company will collect 911 surcharges and remit all surcharge revenue to the appropriate governmental entity pursuant to Section 190.310, RSMo. Missouri Public Service Commission

**1.2. Taxes**

FILED DEC 21 1999

The Customer is responsible for the payment of any sales, use, gross receipts, excise, or other local, state, and federal taxes, charges or surcharges (however designated) excluding taxes on the Company's net income imposed on or based upon the provision, sale or use of network services. Logix will itemize taxes and surcharges as separate line items on the customer's bill. All charges and fees subject to Commission jurisdiction, except taxes and franchise fees, will be submitted to the Commission for prior approval.

DEC 21 1999

**SECTION 2 - SERVICE DESCRIPTIONS AND RATES**

Logix Communications offers the following business services.

Missouri Public  
Service Commission

2.1. Exchange Access Lines

REC'D OCT 28 1999

The Company concurs in the rules and regulations, including all footnotes thereto, applying to and governing Local Exchange telephone service (hereinafter referred to Exchange Access Lines service) as set forth in the Southwestern Bell Telephone Company Local Exchange tariff on file with and approved by the Public Service Commission of the State of Missouri, and any amendments thereto authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates of Southwestern Bell Telephone Company for Exchange Access Line telephone services. Rates for these services are set out in the following pages of this concurrence.

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

*Applicability*

This tariff applies to the Telephone Company's provision, both facilities-based and resale, of telecommunications services within the Southwestern Bell Telephone Company exchanges which are located within the Telephone Company's authorized territories within the State of Missouri.

**SECTION 2 – SERVICE DESCRIPTIONS AND RATES (cont'd.)****FOOTNOTES:**

1. Refer to SWBT PSC Mo. 24, Section 1.6 for definitions of Optional Metropolitan Calling Areas.
2. Refer to SWBT PSC Mo. 35, Section 47.4 for definitions of Features.
3. Available only to existing customers at existing locations.
4. Caller ID (Calling Number and Name delivery). This feature enables the customer to view on a display unit the Calling Party Directory Name and/or Number (CPN) on incoming telephone calls.

When Caller ID is activated on a customer's line, the CPN of incoming calls are displayed on the called CPE during the first long silent interval of the ringing cycle.

Per line blocking for the blocking of CPN will be available upon request, at no charge, to the following entities for lines over which the official business of the agency is conducted, including those at the residences of employees/volunteers, where an executive officer of the agency registers a need for blocking and provides the required certification to carrier

- (a) private, nonprofit, tax exempt, domestic violence intervention agencies and
- (b) federal, state, and local law enforcement agencies.

The CPN will not be transmitted from a line equipped with this capability. Per line blocking is operational on a continuous basis but can be deactivated by the customer by dialing an access code immediately prior to placing a call.

Line blocking customers can unblock their CPN information on a per call basis, at no charge by dialing an access code (\*82 on their Touch Tone pad or 1 182 from a rotary phone) immediately prior to placing a call.

A customer may prevent the delivery of their calling name and or number to the called party by dialing an access code (\*67 on their Touch Tone pad or 1167 from a rotary phone) immediately prior to placing a call. The access code will activate per call blocking, which is available at no charge. If the calling party activates blocking, the CPN will not be transmitted across the line to the called party. Instead, Calling Line Identification customers will receive an anonymous indicator. This anonymous indicator notifies the caller ID customer that the calling party has elected to block the delivery of their name and telephone number. The blocking of CPN will not be provided on calls originating from Customer-Owned Pay Telephone Service. If the Caller ID customer also subscribes to Anonymous call Rejection, the calling party will be routed to a telephone company recording advising the caller that the called party will not accept calls whose CPN has been blocked.

Any customer subscribing to Caller ID will be responsible for the provision of a display device which will be located on the customer's premises. The installation, repair, and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of the customer. The Company assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the network features described herein.

Telephone CPN information transmitted via Caller ID is intended solely for the use of the caller ID subscriber. The resale of this information is prohibited by this Tariff. CPN will not be displayed if the called party is off-hook or if the called party answers during the first ring interval. CPN will be displayed for calls made from another central office only if it is linked by appropriate facilities. Caller ID is not available on operator handled calls.

5. Call Trace: Customers receiving annoying or anonymous calls may request (1) a telephone number change which will be provided at no charge by the Company, or (2) the capability to utilize Call Trace on a per activation basis, as needed. Call Trace allows the customer to dial a code (\*57) to automatically request that the following information be recorded: the originating telephone number, the date and time of the call, and the date and time Call Trace was activated. When Call Trace successfully identifies a calling number, a recording instructs the customer to call a toll free number, which will activate a Voice Response Script and assist the customer in establishing an open file. Should the customer decide to prosecute the call originating party, the customer should contact the Company for further instructions. Activation of Call Trace never authorizes the Company to provide the called party with the name or telephone number of the calling party. In the event that Call Trace is not available or is unable to resolve the case, it may be necessary to place a manual trap on the customer's telephone line.

**SECTION 2 – SERVICE DESCRIPTIONS AND RATES (cont'd.)**

---

**2.1. Exchange Access Lines (cont'd.)****2.1.6. Local Operator Assistance (cont'd.)****Operator Service Requirements:**

Carrier will not knowingly bill for incomplete calls and will remove any charge(s) for incomplete calls upon subscriber notification or carrier's knowledge of the charge(s) for incomplete calls.

Carrier will advise the caller and billed party (if different from the end user) that the Company is the operator service provider at the time of initial contact.

Carrier will provide rate quotes, including all rate components and additional charges, upon request, at no charge.

Carrier will allow only tariff changes approved by the Commission, or otherwise allowed by law for the provision of operator services, to appear on billings rendered by local exchange companies on behalf of carriers and will not collect locations surcharges imposed by traffic aggregators.

Carrier will arrange for listing of its name on the local exchange company's billing of carrier's charges, if the local exchange company has multi-carrier bill listing capability.

Carrier will employ reasonable calling card verification procedures which are acceptable to the companies issuing the calling cards. In order to control fraud, the Company may refuse to accept calling cards which it determines to be invalid or cards which it is unable to verify.

Carrier will direct all 00- emergency calls to the local exchange carrier at no charge.

Upon request, Carrier will transfer calls to other authorized interexchange company or to the LEC, if billing can list the caller's actual origination point.

Carrier's contracts with traffic aggregators will contain provisions which:

- a. Prohibit the blocking of access to an end user's interexchange carrier of choice, and
- b. Provide for the prominent posting or display, on or near the telephones to be utilized by end users, of material setting forth the name of the carrier, complaint procedures, instructions on reaching the local exchange company operator as well as interexchange carriers, and procedures for emergency calls.

**SECTION 2 – SERVICE DESCRIPTIONS AND RATES (cont'd.)**Missouri Public  
Service Commission**2.2. Directory Assistance Services**

REC'D OCT 28 1999

The Company concurs in the rules and regulations, including all footnotes thereto, applying to and governing Directory Assistance Services as set forth in the Southwestern Bell Telephone Company tariff on file with and approved by the Missouri Public Service Commission, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. (Refer to SWBT PSC Mo. 35) The Company does not concur in the rates for Directory Assistance Services of Southwestern Bell Telephone Company. Rates for these services are set forth the following pages of this concurrence.

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

*Applicability*

This tariff applies to the Telephone Company's provision, both facilities-based and resale, of telecommunications services within the Southwestern Bell Telephone Company exchanges which are located within the Telephone Company's authorized territories within the State of Missouri.
