APPLICATIONS FOR SERVICE

(a)

A written application for new service, signed by the customer, accompanied by the appropriate fees and other information requested by these rules and regulations, will be required from each Customer before service is provided to any unit. Said application must state the name of the owner of said unit. Every Customer upon signing an application for any service rendered by the Company or upon taking of service, shall be considered to have expressed consent to the Company's rates, rules and regulations. The Company shall have the right to reject any application, for failure to comply with the rules and regulations herein. In any case, where unusual construction or equipment expense is necessary to furnish the service, the Company may require a contract for such reasonable period of time as is specified by the Company at the time of the making of such contract.

(b)

Any change in the location of an existing service connection requested by the Customer shall be made at Customer expense.

(c)

Customer water service shall not be extended along public streets or roadways or through property of others in connecting with mains. If a service connection is requested at a point not already serviced by a main of adequate capacity, the main shall be extended by the Company as may be necessary, under Rule No. 15.

(d)

New service connections shall be authorized when a service connection fee is paid to the Company based on the schedule of fees.

(e)

When a service is to be connected the plumber employed by the Company shall obtain the required meter and connecting accessories from the Company. The plumber shall advise the Company when he expects

Rule 5 INSIDE PIPING AND CUSTOMER WATER SERVICES

- (a) The Company will provide the Customer water service at the meter.
- (b) The Company shall deny service where Customer's water service or piping may, in the opinion of the Company, cause a cross-connection with non-potable water or otherwise jeopardize the health and safety of other Customers or the Company's facilities.
- (c) Existing water services may be used in connecting with new buildings only when they are found on examination and test not to constitute a hazard to the health and safety of other Customers or the Company's facilities.
- (d) The Customer's water service shall be brought to the unit at a depth of not less than 36 inches and upon entering the building shall be valved. This valve must be kept in good repair in order to shut off the water supply and drain the inside plumbing if necessary.
- (e) The Customer's water service and piping shall be of material conforming to recognized standards for potable water service and shall have a pressure rating of at least 160 psi working pressure and have a minimum inside diameter of 3/4 of an inch.
- (f) The Company will not install a service connection to a vacant lot except on a temporary basis.

IMPROPER OR EXCESSIVE USE

- (a) No person shall be wasteful of the water service to premises by willful action or inaction. It shall be the responsibility and duty of each Customer to maintain all piping and fixtures at the unit in a good and efficient state of repair at all times. Losses of water on or within the Customer's unit due to faulty piping or fixtures will not cause an allowance to be made on the water bill.
- (b) No person shall make or cause to be made a cross connection between the potable water service and any source of chemical or bacterial contamination or any water supply not approved by the Missouri Department of Natural Resources.
- (c) No person shall make or cause to be made a connection to a device that will result in excessive water demand or excessive shock, such as water-hammer, to the Company's mains.
- (d) No person shall tamper with, remove, or willfully damage a water meter or attempt to operate the shut-off cock on the meter yoke.
- (e) No person shall attempt to take unmetered water from the Company mains either by an unauthorized tap or by direct connection to the service connection or by connection to a fire hydrant.

DISCONTINUANCE OF SERVICE BY COMPANY

- (a) The Company reserves the right to shut off services for any of the following reasons:
- (1) For failure to comply with these rules and regulations.
 - (2) For nonpayment of utility bill (See Rule 10).
 - (3) For resale of water service.
 - (4) For an unauthorized water connection to Company mains.
- (b) In the event that a Customer is in violation of any of these rules and regulations the Company shall have the right to discontinue service and remove the meter. In such event, the Customer shall pay a re-connection charge of Forty (\$40.00) Dollars and any unpaid balance which may be due and delinquent before service is restored. Discontinuance of service for the above listed reasons will occur upon six (6) days' notice by first-class mail, except that should Company determine such discontinuance may adversely affect the Customer's health or wellbeing, Company may give up to twenty-one (21) additional days of notice. Service may be discontinued immediately at any time that there is a threat to the health and welfare of other customers.
- (c) Discontinuance of service to a unit for any reason shall not prevent the Company from pursuing any lawful remedy by action at law or otherwise for the collection of moneys due from the Customer.
- (d) In case the Company discontinues its service for any violation of these Rules and Regulations, then any monies due the Company shall become immediately due and payable.
- (e) The Company has the right to refuse or to discontinue service to any unit to protect itself against fraud or abuse.

Public Service Commission

- (a) The charges for water service shall be at the rates specified in the applicable tariffs on file with the Missouri Public Service Commission. The point of assumption of water service shall be at the service connection. Service charges for connection (turn-on) or disconnection (turn-off) are set forth in the Rules.
- (b) A Customer who has made application for service to a unit shall be held liable for all service furnished to such unit until the Customer notifies the Company in writing to discontinue service.
- (c) The Company shall have the right at lawful times to require the Customer to make a reasonable deposit, in amount not to exceed the estimated bill for one billing period, plus 30 days to secure the prompt payment of bills. Interest at the rate of six percent (6%) per annum payable upon return of the deposit, will be paid for the time such deposit was held by the Company, unless such period of time be less than twelve (12) months. Such deposits shall be refunded at the termination of service after all charges that may be due and payable by the Customer have been paid or when the Customer has demonstrated prompt payments for service during twelve (12) consecutive billing periods.
- (d) Each Customer is responsible for furnishing the Company with the correct address. Failure to receive bills will not be considered an excuse for non-payment nor reason to permit an extension of the date when the account would be considered delinquent.
- (e) Bills and notices relating to the Company or its business will be mailed or delivered to the mailing address entered in the Customer's application, unless the Company is notified in writing by the Customer of a change in address.

METERS AND METER INSTALLATIONS

- (a) All new construction permanent service connections shall be metered. All commercial service connections within the area encompassing the Company's Certificate will be metered.
- (b) Within eighteen (18) months following the effective date of these Rules and Regulations, the Company will have submitted to the Missouri Public Service Commission a plan providing for the metering of all existing water service connections to units located within the area encompassing the Company's Certificate.
- (c) The Company's installed meters shall be standard for measuring and/or billing for water service.
- (d) All meters and meter installations shall be furnished, installed, maintained and removed by the Company and shall remain its property.
- (e) The Company shall have the right to determine on the basis of the Customer's stated flow requirements the type and size of meter to be installed and location of same. If flow requirements increase or decrease subsequent to installation and a larger or smaller meter is requested by the Customer, the cost of installing such meter shall be paid by the Customer.
- (f) The Company shall furnish and install suitable metering equipment for each Customer, except where the Customer requests installation in a special setting, in which case the excess cost of installation shall be paid by the Customer.
- (g) All service to any one Customer at one unit shall be furnished through a single metering installation. located adjacent to each other unless otherwise approved by the Company. Where service is supplied through one meter to a location having two or more separate units, the service shall be considered a multiple service. The Customer may rearrange piping, at Customers own expense, so as to separate the multiple service and permit the Company to install a separate meter for each unit.

- (f) The meters and meter installations furnished by the Company shall remain its property and the owners of premises wherein they are located shall be held responsible for their safekeeping and for any damage thereto resulting from the carelessness of said owner, owner's agent, or tenant. For failure to protect same against damage, the Company may refuse to supply water until the Company is paid for such damage. The amount of the charge shall be the cost of the meter and appurtenances and the labor cost necessary to make the meter change.
- (g) A meter may be installed at or near the Customer's property line; it may be placed in a meter box vault constructed by the Company in accordance with its specifications. In some cases, the meter may be installed in the Customer's utility room, a restricted common area, or basement, if approved by the Company.

METER TESTS AND TEST FEES

MISSOURI

Public Service Commission

- (a) Any Customer may request the Company to make a special test of the accuracy of the meter through which water is supplied to Customers. This test will be made in accordance with the standard regulations of the Public Service Commission of Missouri.
- (b) The Company reserves the right to remove and test a meter at any time and to substitute another in its place. In case of a dispute involving a question as to the accuracy of the meter, a test will be made by the Company upon the request of the Customer without charge if the meter has not been tested within twelve (12) months preceding the requested test; otherwise, a charge of \$20.00 will be made if the test indicates meter accuracy within five percent (5%) or less.
- (c) A meter test requested by the Customer may be witnessed by the Customer or duly authorized representative, except for tests of meters larger than two (2) inch inlet which will be conducted by the meter manufacture and a certified copy of the test provided to the Customer.
- (d) If a test shall show an average error of more than five (5%) percent, billings shall be adjusted as provided in Rule 44.

Rule 14 BILL ADJUSTMENTS BASED ON METER TESTS

AUG 26 1983

- (a) Whenever any test by the Company of a meter while in service or upon its removal from service shows such meter to have an average error of more than five percent (5%) on the test streams prescribed by the Commission, the Company shall adjust the Customer's bills by the amount of the actual average error of the meter and not the difference between the allowable error and the error as found. The period of adjustment on account of the under-registration or over-registration shall be determined as follows:

(1) Where the period of error can be shown, the adjustment shall be made for such period.

(2) Where the period of error cannot be shown, the error found shall be considered to have existed for three (3) months preceeding the test.

- (b) If the meter is found on any such test to under-register, the Company may render a bill to the Customer concerned for the estimated consumption not covered by bills previously rendered during the period of inaccuracy as above outlined. Such action shall be taken, however, only in cases where the bill for the estimated inaccuracy amounts to \$5.00 or more, and all such bills shall be conditioned upon the Company's not being at fault for allowing the inaccurate meter to remain in service.

- (c) If the meter is found faster than allowable, the Company shall refund to the Customer concerned any overcharge caused thereby during the period of inaccuracy as above defined. Said refund may, at the Company's option, be in the form of a credit to the Customer's bill.

Extension of Water Mains

A. This rule shall govern the extension of water mains by the Company in areas where there are no water mains in the streets and/or public right-of-ways or easements available to the Company. The Company will extend its water mains along streets or public right-of-ways or easements available to the Company within its certificated area to serve new customers under the following terms and conditions:

1. Upon receipt of written application(s) as required in Rule 4, the Company will provide the applicant with an estimate of the cost of the proposed extension. Said estimate shall include all labor and materials required, reconstruction of existing water mains, if necessary, supervision, engineering, permits, insurance, tool expense, accounting and related expenses, and all other costs incident to the installation of said extension.

2. Applicant(s) shall enter into a contract with the Company for the installation of said extension and shall tender to the Company an advance in-aid-of construction equal to the amount determined in A-1 and the contract shall provide that the applicant shall be liable for the actual cost.

3. Refunds of cost of extension shall be made to applicant(s) as follows:

a. should the actual cost of extension be less than the estimated cost, the Company shall refund the difference as soon as the actual cost has been ascertained. Should the actual cost of extension be more than the estimated cost

b. Company shall divide the actual cost of the extension by the number of lots abutting said extension to obtain the per lot extension cost. When counting lots, corner lots which abut an exiting main shall be excluded. As customers are directly attached to the extension, these customers shall pay to the Company the per lot construction cost for the lot being connected and the Company shall refund to the original applicant 20% of the said amount paid which amount shall then be entered on its accounts as plant in-service and the remaining 80% of the previous advancement shall be entered on its accounts as a contribution-in-aid of construction.

c. Each refund shall be distributed to initial applicant(s) based upon the percentage of the actual extension cost contributed by each applicant.
