Re: Notice of Election and Withdrawal of SBC Long Distance, LLC, d/b/a AT&T Long Distance Tariffs Pursuant to §392.461

Dear Ms. Dale:

As a result of recent changes in state law governing the regulation of telecommunications services in Missouri, §392.461, as enacted under the current statute. Section 392.461 allows telecommunications companies, upon notice to the Missouri Public Service Commission (“Commission”), to elect to be exempt from the requirement that they offer retail services to residential or business end users only through tariff, and to withdraw such tariffs. However, the law requires them to publish generally available retail prices on a website.

SBC Long Distance, LLC d/b/a AT&T Long Distance (“the Company”) hereby gives the Commission notice of its election to be exempt from tariff filing requirements relating to, and of its intent to withdraw, the below-listed tariff.

- Intrastate Interexchange Telecommunications Services, Tariff, P.S.C. MO No. 3

This Notice of Election and Withdrawal shall become effective May 1, 2014. The Company will make available its rates, charges, terms and conditions for its retail telecommunications services on its website at www.att.com/servicepublications.

Please direct any questions regarding this matter to me via telephone at 312-458-2988, or via email at ea3126@us.att.com.

Sincerely,

Eduardo Arellano
Area Manager-Regulatory Relations

TARIFF FORMAT

- A. Sheet Numbering - Sheet numbers appear in the upper right corner of the sheet. Sheets are numbered sequentially. However, new sheets are added to the Tariff from time to time. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each sheet. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised sheet 14 cancels the 3rd revised sheet 14.
- C. Paragraph Numbering Sequence - There are seven levels of paragraph coding. Each level of coding is subservient to its next higher level:

2.4 Use of Service (continued)

2.4.3 Service furnished by the Company will not be used for any unlawful or fraudulent purposes including but not limited to use of electronic devices, invalid numbers, and false credit devices to avoid payment for Service contained in this Tariff either in whole or in part. 2.7 Obtaining Services

2.7.1 General

To obtain Service, the Company requires the Customer to provide the Company with whatever authorization the Company deems appropriate. For example, the Company may require the Customer to execute a letter of agency, service agreement, RespOrg agreement, contract, etc. depending on the Service(s) selected by the Customer. Service may be initiated based on written or oral agreement between the Company and the Customer. The Company reserves the right to require an Applicant to sign an application for the Service desired, on a form provided by the Company, as a condition for establishing Service. Applications for Service will be accepted by the Company provided that the Service is available, and the Company has no reason to believe the Customer will not comply with the provisions of this Tariff. The Company will also accept an oral application from a Customer for additions to or changes in existing Service. Upon the Company's acceptance of this authorization, all applicable provisions in the Company's Tariff, as amended from time-to-time, become the agreement for Service between the Company and the Customer. The Company reserves the right, at any time, to require any Customer to present proof of identification to the Company as the Company may then deem acceptable. Acceptance or use of Service offered by the Company shall be deemed an application for such Service and an agreement by the Customer to subscribe to, use, and pay for such Service in accordance with the applicable Tariffs of the Company. The Applicant must also establish credit satisfactory to the Company as provided in Section 2.7.2 of this Tariff.
