WIDE AREA TELECOMMUNICATIONS SERVICE (WATS) TARIFFMISSOURI
Public Service Commission

GTE MIDWEST INCORPORATED, a Delaware Corporation, hereby adopts, ratifies, and makes its own, in every respect as if the same had been originally filed by it, all schedules, rules, notices, concurrences, schedule agreements, divisions, authorities or other instruments whatsoever, filed with the Public Service Commission, State of Missouri, by GTE North Incorporated prior to April 1, 1993, the beginning of its possession.

By this notice it also adopts and ratifies all supplements or amendments to any of the above schedules, etc., which GTE North Incorporated has heretofore filed with said Commission.

This Tariff is applicable only to the GTE MIDWEST INCORPORATED exchanges as shown on Sheet 1.

For administrative purposes, subsequent tariff filings made by the Company will be identified in the upper left hand corner of the tariff sheet as GTE MIDWEST INCORPORATED (former GTE North Incorporated).

WIDE AREA TELECOMMUNICATIONS SERVICE (WATS) TARIFF OCT 8 1992

A. APPLICATION OF TARIFF

1. This tariff is applicable only to Telephone Company exchanges in the following Toll Complexes:

Toll Complex - Cameron	Columbia	Savannah
Exchanges - Braymer	Ashland	Amazonia
Cameron	Centralia	Avenue City
Easton	Clark	Bolckow
Gower	Columbia	Cosby
Hamilton	Hallsville	Clarksdale
Kidder	Harrisburg	Fillmore
Kingston	Rocheport	Helena
Lawson (N)	Sturgeon	Maysville
Osborn		Rosendale
Plattsburg		Savannah
Stewartsville		Whitesville
Trimble		
Turney		

All other Telephone Company exchanges, listed below, will be charged Wide Area Telecommunications Service rates as set forth in the tariffs of Southwestern Bell Telephone Company as submitted to and approved by the Public Service Commission of Missouri. GTE North Incorporated also concurs in Southwestern Bell Telephone Company's Common Line 800 Service (MaxiMizer 800) with the exception of the provision of Call Detail billing and that GTE North Incorporated will offer this service as GTE Business/Residence Line 800 Service.

Ava	Kahoka	Mansfield	Unionville
Collins	(D)	Memphis	Wayland
Crane	Lowry City	Osceola	Weaubleau
Humansville	Macon	Queen City	

2. This Tariff applies to Wide Area Telecommunications Services (WATS) furnished or made available by the Telephone Company over service components wholly within, or partly within the Local Access and Transport Areas (LATA's) of the state of Missouri and between points within the state of Missouri.

WIDE AREA TELECOMMUNICATIONS SERVICE (WATS) TARIFF **RECEIVED** (c)

MAR 6 1992

B. GENERAL REGULATIONS

1. Definitions

MISSOURI

Public Service Commission

The following definitions pertain to Wide Area Telecommunications Service. Other terms used in this Tariff are found in the Definitions in Section No. 3 of the Telephone Company's General Exchange Tariff. (M) (C)

BUSINESS LINE 800: GTE Business Line 800 is a terminating service which allows inbound toll-free 800 calls to terminate on any business line, i.e., business individual line, business trunk (PBX) or CentraNet. (N)

HUNTING ARRANGEMENT: A grouping of 800 service access lines arranged for the completion of a given call or arranged for overflow to or from another access line or group of access lines. (M)

INTEREXCHANGE CUSTOMER(S) (IC): Denotes any individual, partnership, association, corporation or governmental agency or any other entity which subscribes to the services offered under the Facilities for Intrastate Access Tariff to provide intrastate telecommunications services for its own use or for the use of its customers (End Users).

INTRALATA: Wide Area Telecommunications Service where the originating service point location and the terminating service point location are all within the same Local Access and Transport Area (LATA).

JOINTLY PROVIDED WATS SERVICE: Jointly provided WATS Service is an arrangement between the Telephone Company and an interexchange customer (IC). This arrangement provides end user billing of intraLATA WATS/800 usage at the intraLATA WATS/800 rates found in this tariff. End user billing may be subject to interim regulations found in Section I of this Tariff. InterLATA usage will be billed at the rates of the IC. If the calling scope of the WATS Access Line is limited to calling within the state of Missouri, the WATS Access Lines found in this tariff will be used to provide the WATS/800 Service.

LOCAL ACCESS AND TRANSPORT AREA (LATA): The Local Access and Transport Area denotes a geographical area established for the administration of communications service. It encompasses designated local operating Telephone Company exchanges which are grouped to serve common social economic and miscellaneous purposes.

1. Definitions (Cont'd)

MISSOURI

INTEREXCHANGE CUSTOMER(S) (IC): Denotes any individual, partnership, association, corporation or governmental agency or any other entity which subscribes to the services offered under the Facilities for Intrastate Access Tariff to provide intrastate telecommunications services for its own use or for the use of its customers (End Users).

INTRALATA: Wide Area Telephone Service where the originating service point location and the terminating service point location are all within the same Local Access and Transport Area (LATA).

JOINTLY PROVIDED WATS SERVICE: Jointly provided WATS Service is an arrangement between the Telephone Company and an interexchange customer (IC). This arrangement provides end user billing of intraLATA WATS/800 usage at the intraLATA WATS/800 rates found in this tariff. End user billing may be subject to interim regulations found in Section I of this Tariff. InterLATA usage will be billed at the rates of the IC. If the calling scope of the WATS Access Line is limited to calling within the state of Missouri, the WATS Access Lines found in this tariff will be used to provide the WATS/800 Service.

LOCAL ACCESS AND TRANSPORT AREA (LATA): The Local Access and Transport Area denotes a geographical area established for the administration of communications service. It encompasses designated local operating Telephone Company exchanges which are grouped to serve common social economic and miscellaneous purposes.

LOCAL EXCHANGE CARRIER (LEC): The certificated provider of basic local exchange telephone service.

CANCELLED

MOVE: A change in location on the same premises of the customer's WATS Access Line.

APR 6 1992

MULTILINE TERMINATING SYSTEM. Switching equipment (i.e., PBX, Centrex, ACD, tandem switching equipment) and Key telephone-type systems which are capable of terminating more than one central office line, WATS Access Line, Private Line Service or communications system.

(C)

MAR 6 1992

B. GENERAL REGULATIONS (Cont'd)

1. Definitions (Cont'd)

MISSOURI

Public Service Commission

LOCAL EXCHANGE CARRIER (LEC): The certificated provider of basic local exchange telephone service. (M)

MOVE: A change in location on the same premises of the customer's WATS Access Line.

MULTILINE TERMINATING SYSTEM. Switching equipment (i.e., PBX, Centrex, ACD, tandem switching equipment) and Key telephone-type systems which are capable of terminating more than one central office line, WATS Access Line, Private Line Service or communications system. (M)

NON-JOINTLY PROVIDED WATS SERVICE: At the option of the interexchange customer (IC) providing interLATA service to the end user, the IC may choose to not jointly provide WATS Service with the Telephone Company. If the WATS Service is not jointly provided, the Telephone Company will bill message toll rates for intraLATA calls originated on the interLATA-only WATS Access Lines. For intraLATA 800 service calls the rates found in Section D.4, Paragraph D.4.a(3), of this tariff apply.

PRIMARY TOLL CARRIER (PTC): A Local Exchange Carrier that has the responsibility for all intraLATA toll traffic which originates within its toll complex, regardless of the identity of the provider of local exchange service.

RESIDENCE LINE 800: GTE Residence Line 800 is a terminating service which allows inbound toll-free 800 calls to terminate on any residential individual line. (N)

SERVICE POINT: When used in connection with customer-provided communication channels or systems, denotes the point on the customer's premises where channels provided by or furnished to the customer are terminated in switching equipment used, in the normal mode of operation, for communications with service points or customer premises equipment located on the premises.

B. GENERAL REGULATIONS (Cont'd)

1. Definitions (Cont'd)

MISSOURI

Public Service Commission

NETWORK DATA REPORT: Interexchange customers (ICs) providing 800 service either jointly with the Telephone Company or on a non-joint provisional basis must provide to the Telephone Company an 800 Network Data Report. This report shall reflect all 800 telephone numbers that may originate and terminate in the same state within Telephone Company territory. Each 800 telephone number provided in the 800 Network Data Report will reflect either an NPA-NXX code (for calls completing according to the provisions of non-joint provided WATS Access Line Service) or a ten digit POTS telephone number (for completing on joint provided WATS Access Line Service to which the 800 Access Service traffic will complete). This report shall also reflect any time or day sensitive routing information which the Telephone Company requires to accurately bill and an indicator of the type of common line, WATS Access Line, or other. The IC is required to provide this report before initial 800 Access Service is established. The IC is required to provide an updated 800 Network Data Report on a weekly basis unless the Telephone Company and the IC agree that the ICs 800 service activity requires provision of the report on either a more frequent or less frequent basis.

NON-JOINTLY PROVIDED WATS SERVICE: At the option of the interexchange customer (IC) providing interLATA service to the end user, the IC may choose to not jointly provide WATS Service with the Telephone Company. If the WATS Service is not jointly provided, the Telephone Company will bill message toll rates for intraLATA calls originated on interLATA-only WATS Access Lines. For intraLATA 800 service calls the rates found in Section D.4, Paragraph D.4.a(3), of this tariff apply.

PRIMARY TOLL CARRIER (PTC): A Local Exchange Carrier that has the responsibility for all intraLATA toll traffic which originates within its toll complex, regardless of the identity of the provider of local exchange service.

SERVICE POINT: When used in connection with customer-provided communication channels or systems, denotes the point on the customer's premises where channels provided by or furnished to the customer are terminated in switching equipment used, in the normal mode of operation, for communications with service points or customer premises equipment located on the premises.

MAR 6 1992

1. Definitions (Cont'd)

MISSOURI

TELEPHONE COMPANY: GTE North Incorporated.

Public Service Commission

TOLL COMPLEX: Generally an Operator Toll Complex, Class Four office and its subtending toll routes as traditionally known, expanded to include certain non-operator complexes as agreed upon by the involved Local Exchange Carriers.

WIDE AREA TELECOMMUNICATIONS SERVICE (WATS): The furnishing of service for dial-type telephone communications between a WATS access line and intraLATA service points within the State of Missouri. This service is provided only in conjunction with participating interexchange customers for the provision of intrastate WATS or WATS-like Services. The WATS charges set forth in this Tariff are in payment for the intraLATA service furnished between the originating and terminating service points. Interexchange Carriers with which the Company will jointly provide intrastate WATS and WATS-like Services are those carriers certificated by the Missouri Public Service Commission in this state. The term WATS refers to both Outward WATS and 800 (INWATS) Service unless otherwise specified. (C)

WATS ACCESS LINE: A line from the customer's premises to a Telephone Company serving office which is provided for the purpose of completing WATS calls. Each such line will be arranged at the customer's option for either Outward WATS or 800 Service, but not for both.

800 SERVICE: The furnishing of service components for dial-type telephone communication to an 800 Service access line from intraLATA toll service points within the State of Missouri in accordance with the regulations and schedules of charges as specified herein, except as provided in the following:

InterLATA dial-type telephone communication to an 800 Service access line provided by the Telephone Company is furnished by an interexchange customer. Any interexchange customer may provide interLATA service using the Telephone Company provided 800 Service access line, subject to the availability and compatibility of the service components of the Telephone Company and of the interexchange customer.

Since interLATA calls cannot be prevented from reaching an 800 Service number, the customer subscribing to intraLATA 800 Service must also subscribe to an interLATA 800 Service or similar service provided by an interexchange customer.

B. GENERAL REGULATIONS (Cont'd)

MAR 6 1992

1. Definitions (Cont'd)

MISSOURI

Public Service Commission

OUTWARD WATS: The furnishing of service components for dial-type telephone communications from an Outward WATS access line to the intraLATA local and toll service points within the State of Missouri in accordance with the regulations and schedules of charges as specified herein, except as provided in the following:

InterLATA dial-type telephone communication from the Outward WATS access line provided by the Telephone Company is furnished by an interexchange customer. Any interexchange customer may provide interLATA service using the Telephone Company-provided WATS access line, subject to the availability and compatibility of the service components of the Telephone Company and of the interexchange customer.

If the subscriber to interLATA WATS does not subscribe to the intraLATA WATS, calls made within the same LATA over service components wholly provided by the Telephone Company over Telephone Company-provided WATS access line will be billed at charges for local and toll calls specified in the Company's Tariffs.

2. Undertaking of Telephone Company

SEP 15 1994

93-1

Transmitting Messages - The Telephone Company does not transmit messages but furnishes the use of its services to its customers for communications.

BY Public Service Commission

The design, maintenance and operation of Wide Area Telecommunications Service envisions that communications will originate or terminate at a WATS service point for the purpose of communicating with service points in the specified service areas. Connections of customer premises equipment or communications systems or interexchange customer-provided premises equipment or communications systems to WATS may be made. However, the Telephone Company will not be responsible for the through transmission of signals or for the quality of transmission on such connections. (C)

3. Availability of Service

Service is furnished subject to the availability of the service components required. The Telephone Company will (1) determine which of those components shall be used and (2) make modifications to those components at its option.

B. GENERAL REGULATIONS (Cont'd)

MAR 6 1992

4. Liability of Telephone Company

MISSOURI

Public Service Commission

- a. In view of the fact that the customer has exclusive control of his communications over the services furnished him by the Telephone Company, and of the other uses for which service components may be furnished him by the Telephone Company and because of unavoidableness of errors incident to the services and to the use of such service components of the Telephone Company, the services and service components furnished by the Telephone Company are subject to the terms, conditions and limitations herein specified.
- b. The Telephone Company's failure to provide or maintain service under this Tariff shall be excused by labor difficulties, governmental order, civil commotions, acts of God and other circumstances beyond the Telephone Company's reasonable control, subject to the interruption allowance provisions of this Tariff.
- c. With respect to any claim or suit, by a customer or by any others, for damages arising out of mistakes, omissions, interruptions, delays or errors or defects in transmission or service occurring in the course of furnishing service, channels or other service components, the Telephone Company's liability, if any, shall not exceed an amount equivalent to the proportionate charge to the customer for the period during which such mistake, omission, interruption, delay, error or defect in transmission or service occurs and continues. This liability shall be in addition to any amounts that may otherwise be due to the customer under this Tariff as an allowance for interruptions. However, such mistakes, omissions, interruptions, delays, errors or defects in transmission or service which are caused or contributed to by the negligence or willful act of the customer or which arise from or in connection with the use of customer premises equipment or service components shall not result in the imposition of any liability whatsoever upon the Telephone Company.

MAR 6 1992 (C)

B. GENERAL REGULATIONS (Cont'd)

MISSOURI

Public Service Commission.

4. Liability of Telephone Company (Cont'd)

d. The Telephone Company shall be indemnified and saved harmless by the customer or customers against claims for libel, slander or the infringement of copyright arising directly or indirectly from the material transmitted over the service components or the use thereof, against claims for infringement of patents arising from combining with, or using in connection with, service components furnished by the Telephone Company, apparatus and systems of the customer; and against all other claims arising out of any act or omission of the customer in connection with service components provided by the Telephone Company.

e. When the lines of other telephone companies are used in establishing connections to service points not reached by the Telephone Company's lines, the Telephone Company is not liable for any act or omission of the other company or companies.

f. The Telephone Company does not guarantee nor make any warranty with respect to service components provided by it for use in an explosive atmosphere. The customer shall indemnify and hold the Company harmless from any and all loss, claims, demands, suits, or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer, or by any other party or person for any personal injury to or death of any person or persons and for any loss, damage or destruction of any property, whether owned by the customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of said service components so provided.

The Company may require each customer to sign an agreement for the furnishing of such service components as a condition precedent to the furnishing of such equipment.

The customer shall furnish, install and maintain sealed conduit with explosion proof fittings between the service components provided in an explosive atmosphere and point outside the hazardous area where connection may be made with regular service components of the Company. The customer may be required to install and maintain these service components within the hazardous area if, in the opinion of the Company, injury or damage to Company employees or property might result from installation or maintenance by the Company.

WIDE AREA TELECOMMUNICATIONS SERVICE (WATS) TARIFF RECEIVED (C)

B. GENERAL REGULATIONS (Cont'd)

MAR 6 1992

4. Liability of Telephone Company (Cont'd)

MISSOURI

- g. The charges specified in this Tariff do not encompass work being performed by the Telephone Company employees involved at a time when overtime wages apply, due to the request of the customer, nor do they encompass work once begun being interrupted by the customer. If the customer requests that overtime be performed or interrupts work once begun, an additional charge based on the additional costs involved applies.

5. Limitation of Service

- a. WATS does not include person-to-person, collect, conference or other calls requiring operator handling, except that an operator will reach the called telephone number where service components are not available for customer dial completion.
- b. WATS is not represented as adapted for connection to other services of the Telephone Company or to customer-provided systems. The service includes the provision of satisfactory transmission only between the access line and the calling or called station. The access line will be terminated only at a customer's premises located in the same serving exchange of the same state as that for which the rate applies.

6. Use of Service for Unlawful Purposes

The service is furnished subject to the condition that it will not be used for an unlawful purpose.

7. Suspension and Termination of Service for Cause

- a. The WATS Access Line may be suspended by the Telephone Company in accordance with Section 3 of the Telephone Company's General Exchange Tariff. For the purposes of administering this provision, the WATS Access Line is considered business service.

WIDE AREA TELECOMMUNICATIONS SERVICE (WATS) TARIFF RECEIVED (C)

B. GENERAL REGULATIONS (Cont'd)

MAR 6 1992

10. Payment of Charges

MISSOURI

- a. The customer is responsible for payment of all charges for service furnished. Charges are based on Tariff rates and regulations in effect at the time the service is furnished. Usage charges are billed at the end of the billing cycle. All other recurring charges are billed monthly in advance. All charges are due when the bill is rendered.
- b. The rules and regulations as applied to billing and collection practices for services provided to customers are found in Section 3 of the Telephone Company's General Exchange Tariff.

11. Deposits

The Telephone Company may require an applicant or a present customer to post a deposit in accordance with the provisions found in Section 3 of the Telephone Company's General Exchange Tariff.

12. Defacement of Premises

The Telephone Company is not liable for any defacement of or damage to the premises of a customer resulting from the furnishing of service or the installation of the service components and associated wiring furnished by the Telephone Company in such premises or by the installation or removal thereof when such defacement or damage is not the result of negligence of the agents or employees of the Telephone Company.

13. Theft of Service Components

The customer is required to reimburse the Telephone Company for any loss through theft of the service components on the customer's premises.

14. Cancellation of Application for Service

- a. Where an application for service is canceled by the applicant prior to the start of installation of service components, no charge applies.
- b. Where installation of service components has been started prior to the cancellation, Installation Charges as set forth in D.8.a apply.

B. GENERAL REGULATIONS (Cont'd)

MAY 2 1988

10. Payment of Charges

MISSOURI

Public Service Commission

- a. The customer is responsible for payment of all charges for service furnished. Charges are based on Tariff rates and regulations in effect at the time the service is furnished. Usage charges are billed at the end of the billing cycle. All other recurring charges are billed monthly in advance. All charges are due when the bill is rendered.
- b. The rules and regulations as applied to billing and collection practices for services provided to customers are found in Section 3 of the Telephone Company's General Exchange Tariff.

11. Deposits

The Telephone Company may require an applicant or a present customer to post a deposit in accordance with the provisions found in Section 3 of the Telephone Company's General Exchange Tariff.

CANCELLED

12. Defacement of Premises

The Telephone Company is not liable for any defacement of or damage to the premises of a customer resulting from the furnishing of service or the installation of the service components and associated wiring furnished by the Telephone Company on such premises or by the installation or removal thereof when such defacement or damage is not the result of negligence of the agents or employees of the Telephone Company.

13. Theft of Service Components

The customer is required to reimburse the Telephone Company for any loss through theft of the service components on the customer's premises.

14. Cancellation of Application for Service

- a. Where an application for service is canceled by the applicant prior to the start of installation of service components, no charge applies.
- b. Where installation of service components has been started prior to the cancellation, Installation Charges as set forth in D.8.a apply.

MAR 6 1992

The minimum contract period is one day.

MISSOURI
Public Service Commission

16. Rates for Fractional Periods

a. The charges for a fractional part of a month will be a proportionate part of the monthly recurring charges based on the actual number of days the service is furnished.

b. To determine charges for a fractional part of a month, every month is considered to have 30 days.

17. Maintenance and Repairs

The Telephone Company undertakes to maintain and repair the service components which it furnishes to customers. The customer shall be responsible for damages to service components of the Telephone Company caused by the negligence or willful act of the customer. The customer may not rearrange, disconnect, remove or attempt to repair or permit others to rearrange, disconnect, remove or attempt to repair any service components installed by the Telephone Company except upon the written consent of the Telephone Company.

A nonrecurring Maintenance Service Charge of \$25.00 will apply for each repair visit to a customer's premises or the premises of any other customer where the service difficulty or trouble results from the use of customer premises equipment or service components.

18. Access to Customers Premises

(C)

The agents and employees of the Telephone Company shall have the right to enter the premises of a customer at any reasonable hour for the purpose of installing, inspecting or repairing the service components of the Telephone Company or upon termination of the service for the purpose of removing such service components.

WIDE AREA TELECOMMUNICATIONS SERVICE (WATS) TARIFF

RECEIVED (C)

MAR 6 1992

D. RATES (Cont'd)

4. Access Lines - Inward WATS (800 Service) or Outward WATS (Cont'd) (C)

- e. Exchanges of the Telephone Company within the State of Missouri not listed in the Toll Complexes above, will be charged Wide Area Telecommunications Service rates as set forth in the tariffs of the Southwestern Bell Telephone Company as submitted to and approved by the Public Service Commission of Missouri. (C)

5. Method of Determining Monthly Charges for Usage

For all WATS access lines on which usage is recorded by the Telephone Company by time-of-day rate periods, the usage charge is determined, separately for Outward WATS and 800 service, using steps (a) through (e), following:

- Determine the total number of completed calls for each rate period for each service arrangement.
- Apply the Minimum Average Time Requirement of one minute by dividing the number of completed calls for each rate period in each service arrangement by 60. (one call = one minute.)
- Determine the total actual hours used for each rate period for each service arrangement.
- Determine the total chargeable hours for each rate period for each service arrangement. This is the greater of (b) or (c), above, rounded to the nearest tenth (one decimal place).
- Determine the total usage charge for all rate periods in each service arrangement by applying the rates shown in the rate table in Paragraph D.4 for Outward WATS or 800 Service.

6. Timing of Calls

- a. Chargeable time begins when connection is established between a service point associated with the WATS access line and the calling or called service point and ends when the calling service point "hangs up," thereby releasing the network connection. If the called service point "hangs up" but the calling service point does not, chargeable time ends when the network connection is released by automatic timing equipment in the telephone network.

9. Directory Listings

Directory listings will be provided upon request for WATS 800 Service in directories within the State of Missouri. Rates for business regular extra listings as contained in the Section 2 of the Telephone Company's General Exchange Tariff are applicable for all directory listings.

10. Directory Assistance Service

- a. The Telephone Company furnishes Directory Assistance Service whereby customers may request assistance in determining telephone numbers.
- b. The regulations and rates for Directory Assistance set forth in Section 2 of the Telephone Company's General Exchange Tariff apply to calls from WATS customers who request assistance in determining telephone numbers of customers who are located in the same local calling area.
- c. An Outward WATS customer is allowed three local direct-dialed Directory Assistance calls per access line, per month. Outward WATS customers are not billed for Home Numbering Plan (HNP) Directory Assistance calls.

E. BILLING INFORMATION

When WATS or a WATS-like service is provided by an Interexchange Customer, the Interexchange Customer is required to provide sufficient billing information so that the Telephone Company can bill the end user for intraLATA usage as provided for in this Tariff. If sufficient billing information is not provided by the Interexchange Customer, the Interexchange Customer will be liable for the revenue associated with the intraLATA usage.

- b. Rates and Charges as found in this Tariff applicable to the business class of service, apply for additional services such as change telephone number, change from loop start to ground start or vice-versa, inside move of Network Interface, etc., provided at the customer's request.

G. SPECIAL TAXES, FEES AND CHARGES

Special taxes, fees and charges are added to the customer's bill as covered in Section 3 of the Telephone Company's General Exchange Tariff.

H. SPECIAL SERVICE ARRANGEMENTS

Special Service Arrangements consist of modifications of service components offered under this Tariff. They will be furnished, when practicable, by the Telephone Company at charges equivalent to the cost of providing such arrangements if in connection with and not detrimental to any of the other services furnished under the Company's tariffs. Refer to Section 3 of the Telephone Company's General Exchange Tariff for computation of rates.

I. INTERIM REGULATIONS - 800 SERVICE

1. The following rules and regulations will apply to intraLATA calls terminated over 800 Service WATS access lines if the Telephone Company is unable to mechanically bill end users the rates as found in Section D of this Tariff. When the mechanized billing system to bill end users is developed and deployed, the Telephone Company will cease applying the rules and regulations found in this section.
2. The rates for intraLATA 800 Service will apply to 47 percent of the total intrastate 800 Service usage. Rates for the remaining 53 percent will be at the rates as found in the tariffs of the Interexchange Carrier. Intrastate usage over multi-jurisdictional WATS access lines will be determined as described in Section 4, Paragraph 4.4.3 of P.S.C. MO. No. 2, Facilities for Intrastate Access.
3. The rates for intraLATA 800 Service, as found in Section D will be billed to the Interexchange Carrier if they cannot be mechanically billed to the end user. This billing plan will continue until the Telephone Company has the ability to mechanically bill the end user for the current intraLATA 800 Service rates.

WIDE AREA TELECOMMUNICATIONS SERVICE (WATS) TARIFF

RECEIVED

MAR 6 1992

J. GTE BUSINESS/RESIDENCE LINE 800 SERVICE

1. DESCRIPTION

MISSOURI

Public Service Commission

- a. GTE Business/Residence Line 800 Service is the furnishing of dial type telecommunications from stations within a LATA to a station associated with an 800 termination point within the same LATA within the same state.
- b. Dial type telecommunications is a call dialed and completed from or to an 800 access line without the assistance of a Telephone Company operator, or placed with an operator where facilities are not available for dial completion, or where, for other service reasons, operator assistance in completion of the call is necessary.
- c. Generally, an 800 termination is a path between the network interface at the customer's premises and the point in a Telephone Company central office where access to the switched network is obtained for the purpose of completing 800 calls. GTE Business/Residence Line 800 Service access will be arranged for common line termination. GTE Business/Residence Line 800 Service provides termination of calls over nondedicated business and residence one-party lines. One 800 number may be assigned to each existing or newly provided exchange telephone number which allows for the completion of 800 calls in addition to all other usage normally handled on this termination.
- d. GTE Business/Residence Line 800 Service is not available in conjunction with Semi-Public Coin Telephone Service, Public Coin Telephone Service, Semi-Public Message Rate Service, or Foreign Exchange service lines.
- e. GTE Business/Residence Line 800 Service provides for the termination of 800 calls only.
- f. GTE Business/Residence Line 800 service provides for the assignment of a single ten digit 800 number (i.e., 800+XXX+XXXX) to the customer which can be used in one or more LATAs at the same time for intraLATA calling. GTE Business/Residence Line 800 service allows for, but does not require the GTE Business/Residence Line 800 customer to use one 800 number in multiple LATAs for intraLATA calling. Customers may retain the same GTE Business/Residence Line 800 service telephone number when moving to another location within the state.

WIDE AREA TELECOMMUNICATIONS SERVICE (WATS) TARIFF

J. GTE BUSINESS/RESIDENCE LINE 800 SERVICE (Cont'd)

MISSOURI
Public Service Commission

1. DESCRIPTION (Cont'd)

- g. GTE Business/Residence Line 800 Service is the furnishing of facilities in accordance with the regulations and schedule of charges specified in this tariff. GTE Business/Residence Line 800 Service rates set forth herein are in payment for the service furnished between the calling and called stations.
- h. GTE Business/Residence Line 800 Service is furnished subject to the availability of the appropriate equipment and facilities.
- i. GTE Business/Residence Line 800 Service may only be provided by the Telephone Company.
- j. The term "Service Terminating Arrangement" denotes company-provided equipment which terminates GTE Business/Residence Line 800 Service at a customer's premises. The service terminating arrangement provides a clearly delineated interface which facilitates the design, isolation and testing of GTE Business/Residence Line 800 Service. Where a protective connecting arrangement is required, the service terminating arrangement is provided as a part of the protective connecting arrangement.
- k. All rates and charges quoted in this tariff provide for the furnishing of service when suitable facilities are available or where the construction of the necessary facilities does not involve unusual costs. When the revenue to be derived from the service does not warrant the Telephone Company assuming the unusual costs of providing the necessary construction, the customer may be required to pay all or a portion of such costs and to contract for the service for a sufficient period to warrant the construction, depending upon the circumstances in each case.

WIDE AREA TELECOMMUNICATIONS SERVICE (WATS) TARIFF

RECEIVED

MAR 6 1992

J. GTE BUSINESS/RESIDENCE LINE 800 SERVICE (Cont'd)

2. LIMITATIONS OF SERVICE

MISSOURI

Public Service Commission

- a. Dial type telecommunications associated with a GTE Business/Residence Line 800 Service access line are calls dialed and completed without the assistance of a Telephone Company operator, except that a Telephone Company operator will:
- Reestablish a call which has been interrupted after the called number has been reached, or
 - Reach the called telephone number where facilities are not available for customer dial completion.
- b. The Company does not undertake to transmit messages, but offers the use of its facilities for communications between customers. GTE Business/Residence Line 800 Service does not include calling to or from stations not within the same LATA, person-to-person, collect, conference or other calls requiring operator handling except as provided in the preceding.
- c. Connection to Other Services
- (1) GTE Business/Residence Line 800 Service is not represented as adapted for connection to other services of the Company, facilities of OCCs, or to customer-provided facilities. Connections of communications systems provided by the customer may be made; however, the Telephone Company will not be responsible for the through transmission of signals or for the quality of transmission on such connections. The service contemplates the provision of satisfactory transmission only between the access line and the called or calling station.
- (2) Regulations, rates and charges for the facilities used to connect customer-provided terminal equipment or customer-provided communications systems are set forth in Section 10 of the Telephone Company's General Exchange Tariff.

MISSOURI
Public Service Commission

d. Obligation of the Customer

- (1) The agents and employees of the Telephone Company shall have the right to enter the premises of a customer at any reasonable hour for the purpose of installing, inspecting or repairing the services of the Telephone Company or upon termination of the service, for the purpose of removing such services.
- (2) The Telephone Company undertakes to maintain and repair the facilities which it furnishes to customers. The customer shall be responsible for damages to facilities of the Telephone Company caused by negligence or willful act of the customer or authorized users. The customer or authorized user may not rearrange, disconnect, remove or attempt to repair, or permit others to rearrange, disconnect, remove or attempt to repair any equipment installed by the Telephone Company except upon written consent of the Telephone Company.
- (3) The customer is responsible for providing a suitable supply of commercial power, including outlets, when and where required by the Telephone Company for the operation of any equipment on the customer's premises.
- (4) The customer is required to reimburse the Telephone Company for any loss through theft of the equipment or apparatus on the customer's premises.

- e. GTE Business/Residence Line 800 Service is furnished upon the condition that the customer obtain adequate service to permit its use without creating excessive overflows and incompletions or otherwise interfering with this or any other service rendered by the Telephone Company. The Telephone Company, without incurring any liability, may terminate or refuse to furnish GTE Business/Residence Line 800 Service to any customer who fails to comply with said conditions, subject only to provisions in Section 3, Termination of Service of the Telephone Company's General Exchange Tariff.

f. Use of the Service

Public Service Commission

- (1) GTE Business/Residence Line 800 Service is provided for use by the customer and may be used by others, when so authorized by the customer, providing that all such usage shall be subject to the provisions of this tariff.
- (2) Orders, including those installing, rearranging, or discontinuing service, will be accepted by the Telephone Company only from the customer.
- (3) The customer subscribing to GTE Business/Residence Line 800 Service is responsible for its use and for the payment of all charges in connection therewith, and shall exercise such control as may be necessary to insure that it is not improperly used.

g. Cancellation For Cause

The regulations set forth in Section 3, Termination of Service of the Telephone Company's General Exchange Tariff apply when ~~applicable~~.

CANCELLED

3. APPLICATION OF MONTHLY RATES AND CHARGES

a. Timing of Calls

SEP 15 1994

- (1) Chargeable time begins when a connection is established between a station associated with the GTE Business/Residence Line 800 Service line and the calling station.
- (2) Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by automatic timing equipment in the telecommunications network.
- (3) When GTE Business/Residence Line 800 Service is directly connected at customer's premises to a communications system, chargeable time begins when the call terminates in or passes through the first multiline terminating system or terminal equipment on that communications system. It is the customer's responsibility to furnish appropriate answer supervision to the point of connection with the GTE Business/Residence Line 800 Service so that the chargeable time may begin.

3. APPLICATION OF MONTHLY RATES AND CHARGES (Cont'd)

MISSOURI

Public Service Commission

a. Timing of Calls (Cont'd)

(4) All messages completed in one billing period through GTE Business/Residence Line 800 Service will be bulk billed a minimum of 30 seconds per message.

b. The minimum service period for GTE Business/Residence Line 800 Service is one month.

c. Usage is subject to a Minimum Average Time Requirement (MATR) of 30 seconds per completed call in each rate period for each billing period. This means that if the average duration per call in any rate period during each billing cycle is less than 30 seconds, billing will be based on an average duration of 30 seconds per call.

d. The monthly charges for GTE Business/Residence Line 800 Service are determined as follows:

(1) Determine the total number of calls for each GTE Business/Residence Line 800 Service number.

(2) Determine the equivalent hours rounded to the nearest tenth used by applying the MATR as described in 3.c.

(3) Determine total actual hours used, rounded to the nearest tenth of one hour.

(4) Determine the chargeable hours which is the greater of (2) or (3).

(5) Multiply the chargeable hours by the usage charge shown in J.5, rounded to the next highest cent.

(6) Determine the charge for each GTE Business/Residence Line 800 Service number by multiplying the monthly rate per GTE Business/Residence Line 800 Service number shown in 4.a. and 4.b. by the quantity of GTE Business/Residence Line 800 Service numbers in service for that given month.

(7) Determine the total charges by adding the amounts developed in (5) and (6) preceding.
