.15 Obligations of the Subscriber

.1 Private Line Service and VPN Premiere

(D)

- .1 The Company shall be indemnified and saved harmless by the subscriber against claims of libel, slander, or the infringement of copyright, or for the unauthorized use of any trademark, trade name, or service mark, arising from the material from, combining with, or using in connection with, channels furnished by the Company or apparatus and systems of the subscriber, and against all other claims arising out of any act or omission of the subscriber in connection with the channels provided by the Company.
- .2 The facilities provided hereunder by the Company may be terminated in subscriber-provided terminal equipment or subscriber-provided communications systems. When such terminations are made, the subscriber shall comply with the minimum protective criteria which shall be no less stringent than the criteria generally accepted in the telephone industry or other appropriate criteria as may be prescribed by the Company.
- .3 The subscriber will be responsible for insuring that subscriber-provided signals will not result in interference with any of the services provided by the Company or interfere with others using services provided by the Company. Physical arrangements for protection of the Company's facilities serving the subscriber shall be employed if needed. The subscriber will be required to use only those devices found to be necessary to insure proper operation of the local distribution facility and the intercity facility. The intent of this provision is to insure proper signal insertion so as to protect the entire network. All signals must be of the proper technical parameters so as not to damage the Company's equipment or degrade service to other subscribers. It shall also be the responsibility of the subscriber to provide adequate electrical power, wiring, and electrical outlets necessary for the proper operation of the Company's equipment on his premises.

Such equipment and facilities shall be suitable to avoid hazard or damage to Carrier's plant or injury to Carrier's employees or to the public because of the character or location of such equipment or facilities and sources of power to which it is connected. In cases in which additional protection equipment is required, this shall be provided by the subscriber or by the Carrier at the subscriber's expense.
- .5 Upon notice from the Carrier that the equipment or facilities of the subscriber, or of others so authorized to be connected, is causing or is likely to cause hazard or interference, the subscriber, or others so authorized to be connected, shall make such changes as may be necessary to remove or prevent such hazard or interference.
- .6 Subscriber shall be liable for:
 - .1 Reimbursing the Carrier for all loss through theft, fire, flood or other catastrophes to Carrier-provided facilities on subscriber's premises.
 - .2 Reimbursing the Carrier for damages to facilities or equipment caused by the negligence or willful act of the subscriber's officers, employees, agents, or contractors.
- .7 The Carrier reserves the right of entrance for its employees, agents, or contractors to the premises of the subscriber at any reasonable hour for the purpose of installing, inspecting, repairing, or, upon termination of service, removing the Carrier's channels or equipment. It shall be the responsibility of the subscriber to make any necessary arrangements with the owners of the premises for the entrance of the Carrier's employees, agents, or contractors.

3. TERMS AND CONDITIONS (Continued).16 Cancellation of Application for Service.1 PRIVATE LINE Service

When the subscriber or applicant has requested the Company to cancel the application for service prior to service installation, cancellation charges will apply. Cancellation charges for both the underlying private line service and access will be based on the stage the Access Service Request (ASR) has reached, either the Pre-Access Service Request (Pre-ASR) or the Post Access Service Request (Post-ASR) stage. (T)

The Pre-ASR stage is when the ASR is complete but has not yet been sent to the Local Exchange Carrier (LEC) or the Alternative Access Vendor (AAV). The Post-ASR stage is when the ASR is complete and has been sent to the LEC or AAV.

The amount of the cancellation charge will vary according to the category of service ordered and at which stage the cancellation occurred (Pre-ASR or Post-ASR). Category of services are (1) the Service Component based on CLEARLINE 1.5 Service ordered and (2) Access Component based on the type of access ordered. In instances where the subscriber or applicant has canceled an order and one end of the Access Component is in the Pre-ASR stage and another end is in the Post-ASR stage, the Service Component will be assessed the Post-ASR charge.

.1 Service Component Cancellation Charges: (T)

The following non-recurring charges apply for service orders canceled at the request of the subscriber or applicant. Charges are per private line canceled.

.16 Cancellation of Application for Service**MISSOURI
Public Service Commission****.1 Private Line Service**

If the subscriber or applicant cancels an application for service prior to the start of installation of service, or prior to the start of special construction, no charge applies.

If installation of service has been started prior to the cancellation, a cancellation charge equal to the costs incurred by the Carrier shall apply, but in no case shall such charge exceed the charge for the minimum period of the service ordered, including applicable installation charges, if any.

If the subscriber or applicant delays activation of his service during the period 30 days preceding the scheduled installation date for a period of more than one week, normal charges for local distribution facilities shall apply from the scheduled date of installation. In the event that the customer-induced delay exists for more than 30 days after the scheduled installation date, the Carrier may consider the delay a cancellation of application of service.

If special construction has been started prior to cancellation, a charge equal to costs incurred in the special construction, less net salvage, applies. In determining the charge, canceled service is treated as discontinued as of the date on which it was to have been placed in service. Installation or special construction for a subscriber or applicant is considered to have started when the Carrier incurs any expense in connection therewith or in preparation therefore which would not otherwise have been incurred, provided that the subscriber or applicant had advised the Carrier in writing not to proceed with the installation or special construction.

INTERCITY TELECOMMUNICATIONS SERVICES**3. TERMS AND CONDITIONS (Continued)****.20 Notice To Subscribers of Increases**

Increases in rates or charges shall be subject to notice to all potentially affected subscribers at least ten (10) days prior to the effective date of such increase.

.21 Adjustments for Taxes and Fees

When any municipality, other political subdivision, local agency of government, or public utility commission imposes upon and collects from Sprint Communications Company L.P. a gross receipts tax, occupation tax, license tax, permit fee, franchise fee or assessment fee, such taxes and fees shall, insofar as practicable, be billed pro rata to the Sprint Communications Company L.P. customers receiving service within the territorial limits of such municipality, other political subdivision, local agency of government, or public utility commission.

The Company may adjust its rates and charges or impose additional rates and charges on its Customers in order to recover amounts it is required by governmental or quasi-governmental authorities to collect from or pay to others in support of statutory or regulatory programs. Examples of such programs include, but are not limited to, the Universal Service Fund, the Primary Interexchange Carrier Charge, the Frequent Flyer Excise Charge, and compensation to payphone service providers for use of their payphones to access the Company's services. (T)

.22 Restricted Service

Restricted Service is defined as the customer's inability to access the Company long distance service. Toll calls are routed to a receivable operator who will define the terms and conditions of restoring long distance service. The customer's ability to make a local call is not interrupted. (T)

Service to a new customer, whose account is less than 90 days old, who has received advance verbal or written notice from the Company that payment of toll charges is, due may be routed to a receivable operator if the customer has incurred pre-bill charges exceeding \$150, and one or more of the following apply: (T)

- the customer does not have credit information available from one of the major credit reporting agencies;
- the customer has poor credit based on information available from one of the major credit reporting agencies; or
- the customer has not demonstrated the ability to pay any bill as a result of telephone or utility service, and/or bills from a major credit reporting companies; or

For example, if the customer has not paid a Sprint toll bill in a timely manner (in compliance with the requirements of Payment of Charges, Section 3.8, i.e. payment is more than 1 day past due), payment of the outstanding bill will be requested. Sprint also may request a deposit or a demonstration that the customer incurred similar charges with another carrier and paid such carrier in a timely manner.

.23 Monthly Recurring Charges

After the minimum service period, the full monthly recurring charge applicable for any service provided under this Tariff will apply for each month, or partial month, per account. Except as may be otherwise specified in this Tariff, there will be no pro-ration of this charge for a partial month's service when a customer cancels service.

(N)(CT)

Pursuant to FCC Docket No. 96-45, FCC 97-157 (Universal Service Order), schools and libraries may be eligible for reduced rates funded by the federal universal service fund.

.1 General

The Universal Service Support Mechanism was established to ensure affordable telecommunications service to all Americans including low-income consumers and eligible schools and libraries. Public and private schools (grades Kindergarten - Twelve) and public libraries, may be eligible for discounts (Support) through the Schools and Libraries Universal Service Support Mechanism (E-Rate Program) in connection with the purchase of Sprint services and equipment (Service). In addition, these Customers may be eligible for state or local corollaries to the E-Rate Program.

.2 Application for Support.1 E-Rate Program

The Customer will abide by all E-Rate Program rules for receipt of Support. The Customer is responsible for applying to the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (or other authorized E-Rate Program administrator) for Support from the E-Rate program each year the Customer is eligible for the Support. The Customer will notify Sprint in writing within 30 days of its receipt of a Funding Commitment Decision Letter from the SLD along with a copy of the notice and other relevant documentation as requested by Sprint.

.2 Other Funding Sources

The Customer is responsible for applying for Support from state and/or local administrators (Funding Sources). The Customer will notify Sprint in writing within 30 days of its receipt of a Support commitment from such Funding Sources and will include a copy of its application, Funding Source Support documentation, and other relevant documentation as requested by Sprint.

.3 Receipt of Support.1 E-Rate Program

The Customer will pay, in full, all invoices issued by Sprint prior to Sprint's receipt of notification from the Funding Source acknowledging the Customer's receipt of Service. Upon notification, Sprint will apply discounts to the Customer's invoices or reimburse the Customer according to the Funding Commitment Decision Letter. The Customer is responsible to apply for SLD reimbursement (instead of receiving discounted Sprint bills) for all eligible customer premise equipment rentals or other financed arrangements. Sprint reserves the right to require the Customer to seek SLD reimbursement (instead of receiving discounted Sprint bills) if the Customer has not received its Funding Commitment Decision Letter from the SLD by December 31 of the funding year. All discounts or reimbursements will be retroactive to the date authorized by the SLD funding year. Sprint will either apply a credit to the Customer's account or provide the Customer with a check corresponding to the appropriate amount of Support based on Service received.

.2 Other Funding Sources

The Customer will pay, in full, all invoices issued by Sprint prior to Sprint's receipt of notification from the Funding Source acknowledging the Customer's receipt of Service. Upon notification, Sprint will apply discounts or reimburse the Customer for Service delivered corresponding to the Funding Source acknowledgement. These discounts or reimbursements will be retroactive to the date authorized by the Funding Source funding year. Customer will not be responsible for Support withdrawn due to Sprint's material failure to provide Service.
- .2 Sprint is not responsible for the Customer's compliance with FCC, SLD or Funding Source rules and regulations, the Customer's applications for Support, or any decisions or actions by the FCC, SLD or Funding Sources with respect to the Customer.
- .3 For Service agreements of more than one year, the Customer may not terminate the Agreement based solely on its failure to receive Support.

.26 Telecommunications Relay Service

Intrastate toll calls received from the relay service shall receive the following discount.

- .1 Residential Sprint Relay users will be given a 50% discount off of the Sprint Service per-minute usage rates.
- .2 Business Sprint Relay users will be given a 50% discount off of the Business Sense per-minute usage rates.
- .3 If a Sprint subscriber is on a special promotion plan, the caller is charged at his/her special promotion rate, not the Relay Missouri rate.
- .4 These discounts commence on July 1, 2006 and will continue for a period of two (2) years, unless earlier terminated or modified in accordance with this Tariff. This contract is extended to June 30, 2010. (C)
- .5 Sprint Relay users will bear no charges for calls originating and terminating within a toll-free calling scope.
- .6 Intrastate Operator Services that would otherwise apply, such as collect, third number, person to person, calling card and credit card shall not exceed AT&T Communications of the Southwest, Inc.'s rates.

REC'D JAN 26 2000

.1 Message Telecommunications Service (MTS)*

Message Telecommunications Service (MTS) is an intercity service which is available for use by subscribers 24 hours a day. The subscriber will use one of the three following dialing patterns to gain access to the Sprint network.

1) In Feature Group D exchanges, the subscribers' telephone line(s) are programmed by the local telephone company to automatically route "1+" interLATA calls to the Sprint network. 2) To access the Sprint network for an intraLATA call, Feature Group D subscribers dial 10333 and then the called telephone number. This dialing pattern would also be used by presubscribed customers who had selected Sprint as their secondary carrier. 3) In non-Feature Group D exchanges, subscribers dial a seven digit access number, receive a second dial tone from the Sprint switch, then dial their authorization code and the called telephone number for both interLATA and intraLATA calls.

Subscribers may originate and terminate MTS from locations within the state of Missouri. In the event Sprint determines that provision of Dial-Up Service via a seven digit access number imposes a significant risk of fraudulent use of its service, Sprint, at its discretion, may choose not to process new orders for Dial-Up Service and/or may, after written notice, cancel existing customers' authorization codes. In such cases, Sprint will continue to offer customers its 800 access FÖNCARD service. SPRINT Dial-1 Service or the 10-10-XXX access number will also be offered where equal access is available. Customers who use Dial-Up Service in connection with automatic dialing equipment may be exempted from this requirement when Sprint determines that the likelihood of fraudulent use of the service using such equipment is not significant.

(T)

Directory Assistance, Operator Services, and FÖNCARD are available to MTS subscribers. Rates for these services are set forth in Rate Schedule Section 6.

*Effective October 6, 1995, Sprint MTS will no longer be available to Business customers.

MISSOURI
Public Service Commission.1 Message Telecommunications Service (MTS) (Continued).1 SPRINT Service

SPRINT Service is provided as the intrastate add-on service to interstate SPRINT Service, Sprint PLUSsm Service, and optional calling plans. Charges for SPRINT Service are based on the distance and duration of the call, monthly usage, and the rate period (Day, Evening, Night/Weekend) when the call is placed. If Feature Group D access is used, the distance will be measured from the rate center of the calling number as represented by the ANI to the rate center of the called number. If Feature Group A access is used, the distance will be measured from the rate center of the Feature Group A access number to the rate center of the called number. If Feature Group B access is used, the distance will be measured from the rate center of the "tandem location" or network site to which the Feature Group B line is connected. Per-minute rates for SPRINT Service are set forth in Section 1.
