- A. Sheet Numbering - Sheet numbers appear in the upper-right corner of the sheet. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between existing sheets with whole numbers, a decimal is added. For example, a new sheet added between Pages 34 and 35 would be 34.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper-right corner of the sheet. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 34 cancels the 3rd revised Sheet 34. Because of deferrals, notice periods, etc., the most current sheet number on file with the Commission is not always the tariff sheet in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level of coding.

MISSOURI

Channel or Circuit - A dedicated communications path between two or more points having a bandwidth or Transmission Speed specified in the Tariff and selected by a Customer.

Completed Calls - Completed calls, as defined herein, are answered calls on the distance end. Appropriate one minute credits will be issued for incomplete calls billed when brought to the company's attention by the customer. These one minute credits do not apply to calls terminating in an answering device. Calls terminating in an answering device are determined by calls initiated by Axces to the distance end party verifying whether the distant end called is an answering device.

Custom Account Coding - Allows the customer to create tables of unique project and/or account numbers for their private use.

Customer - The person, firm, corporation, or other entity which orders or uses service and is responsible for the payment of charges and compliance with tariff regulations.

Customer Provided Equipment - Terminal equipment, as defined herein, provided by a customer.

Day Rate Period - The hours of 8 a.m. up to, but not including, 5 p.m. Monday through Friday, except on Carrier recognized holidays.

Dedicated Port - A port on Reseller's switching facility which is dedicated, at extra charge, to customer's exclusive use, and which is connected to customer's premises by a private line furnished by customer or customer's serving local exchange company.

Dial Access Service - Pursuant to Dial Access Service carrier provides its customers access to the available network of cities via a local business telephone line provided by carrier or a Specialized Common Carrier from whom carrier has acquired service.

SECTION 2 - RULES AND REGULATIONS

NOV 22 1995

2.1 Undertaking of AxcesMISSOURI  
Public Service Commission

Axces provides long distance message toll telephone service to customers for the direct transmission of voice, data, and other types of telecommunications. The service is provided to multiple users.

Communications originate when the customer accesses Axces directly or through the facilities of the local service carrier via one or more access lines, equal access or on a dial-up basis. Axces may act as the customer's agent for ordering access connection facilities provided by other carriers or entities when authorized by the customer, to allow connection of a customer's location to the Axces network. The customer shall be responsible for all charges due for such service arrangements.

The Company's services are provided on a monthly basis unless otherwise stated in this tariff, and are available 24 hours per day, seven days per week.

2.2 Limitations on Service

2.2.1 Service is offered subject to the availability of the necessary facilities and/or equipment and subject to the provisions of this tariff.

2.2.2 Axces reserves the right to provide services only to and from locations where the necessary facilities or equipment are available.

2.2.3 Axces reserves the right to discontinue furnishing service upon written notice, when necessitated by conditions beyond its control or when the customer is using the service in violation of the provisions of this tariff or in violation of the law.

2.2.4 Title to all equipment provided by Axces under these regulations remains with Axces. Axces' prior written permission is required before any assignment or transfer. All regulations and conditions contained in this tariff shall apply to all such permitted assignees or transferees, as well as all conditions for service.

**2.3 Use of Service**MISSOURI  
Public Service Commission

Service may not be used for any unlawful purposes or for any purpose for which any payment or other compensation is received by the customer, except when the customer is a duly authorized and regulated common carrier. This provisions does not prohibit an arrangement between the customer, authorized user, or joint user to share the cost of the service as long as the arrangement generates no profit for any participant in the arrangement.

**2.3.1 Minimum Service Period**

The minimum period for service is one month (30 days), unless otherwise noted in the service description.

**2.4 General Limitation of Liability of Axces**

2.4.1 Axces shall not be liable to any person, firm or entity in any respect whatsoever including, without limitation, for damages, either direct, indirect, consequential, special, incidental, actual, punitive, or for any other damages or for any lost profits of any kind or nature whatsoever, arising out of mistakes, accidents, errors, omissions, interruptions, delays or defects in transmissions, including those which may be caused by Regulatory or Judicial authorities, arising out of or relating to this tariff or the obligations of Axces pursuant to this tariff, and not caused by the negligence of the customer, commencing upon activation of service and in no event exceeding an amount equivalent to the proportionate charge to the customer for the period of service during which mistakes, accidents, errors, omissions, interruptions, delays or defects in transmission occur. Axces makes no warranty, whether express, implied or statutory, as to the description, quality, merchantability, completeness or fitness for any purpose of the service or local access, or as to any other matter, all of which warranties are hereby excluded and disclaimed.

Axces shall have no liability of any kind to any person, firm or entity for any act or omission of itself or its agents or any other representatives excepting and only as follows:

MISSOURI

Public Service Commission

Axces, at its own expense, will indemnify the customer and hold it harmless in respect to any and all loss, damage, liability or expense asserted against the customer by a third party on account of any property damage or personal injury caused by any negligence or willful misconduct of Axces or its agents or representatives arising out of performance by Axces of any testing or other activities on the customer's premises pursuant to this tariff. Axces' obligations under the immediately preceding sentence shall be subject to the customer's full performance of this tariff and subject further to the customer's duty to take reasonable precautions in the location, construction, maintenance and operation of all activities, facilities and equipment for the protection against hazard or injury and so as to not interfere with the services provided by Axces.

## 2.4.2 Axces shall be indemnified and held harmless by the customer against:

- A. Claims for libel, slander, infringement of patent or copyright, or unauthorized use of any trademark, trade name, or service mark arising out of the material, data information, or other content transmitted over the carrier's facilities; and
- B. All other claims arising out of any act or omission by the customer in connection with any service provided by Axces.

2.4.3 Axces shall not be liable for, and the customer indemnifies and holds Axces harmless from, any and all loss, claims, demands, suits, or other actions, or any liability whatsoever, whether suffered, made, instituted, or asserted by the customer or by any party or persons, for a personal injury to, or death of, any person or persons, and for any loss, damage, defacement, or destruction of the premises of the customer or any other property, whether owned by the customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, condition, location, or use that is not the direct result of the carrier's negligence. ### 2.7.5 Cancellation by Customer

If a customer orders services requiring special equipment and/or facilities dedicated to customer's use and then cancels his order before the service begins or before a completion of the minimum period mutually agreed upon by customer and Axces, a charge will be made to customer for the non-recoverable portions of expenditures or liabilities incurred expressly on behalf of customer by Axces and not fully reimbursed by installation and monthly charges. If, based on such an order, any construction has either begun or been completed, but no such services provided, the non-recoverable cost of such construction shall be borne by customer.

### 2.7.6 Payment and Charges for Services

Charges for service are applied on a recurring and non-recurring basis. Service is provided and billed on a monthly basis. Service continues to be provided until disconnected by customer in writing.

#### A. Payment of Charges

Payment will be due upon receipt of the statement and shall be considered past due or delinquent after being thirty days past the due date. Interest at the greater of 1.5% per month on commercial accounts or the highest rate allowed by law will accrue on any unpaid amount commencing on the sixteenth day after the due date.

1. Customer is responsible for payment of all charges for service furnished to customer. The initial billing may consist of 1 months estimated usage billed in advance. Thereafter, charges based on actual usage during a month will be billed monthly in arrears. All fixed monthly and non-recurring charges for services ordered will be billed monthly in advance.

### 2.7.6 Payment and Charges for Services

#### A. Payment of Charges (continued)

2. Service may be denied or discontinued for non-payment of amounts due Axces, past the due date. Restoration of service will be subject to all applicable installation charges. Disconnection may not occur before thirty (30) days from invoice. Axces will give five (5) days written notice before disconnection occurs. Restoration of service will be subject to all applicable installation charges.
3. All state and local taxes (i.e. gross receipts tax, sales tax, and municipal utilities tax) are listed as separate line items and are not included in the quoted rates.

### 2.7.7 Application of Charges

The charges for service are those in effect for the period that service is furnished.

## 2.8 Responsibility of Carrier

### 2.8.1 Calculation of Credit Allowance

Pursuant to limitations set forth in Section 2.7.4, when service is interrupted the credit allowance will be computed on the following basis:

- A. No credit shall be allowed for an interruption of less than two hours.
- B. The customer shall be credited for each hour or major fraction thereof that an interruption continues beyond two hours.

2.8.1 Calculation of Credit Allowance (Continued)

- C. When a minimum usage charge is applicable and the customer fails to meet a usage minimum credit, the outage shall be applied against that minimum equal to 1/360th of the monthly minimum charges associated with the portion of service disabled for each period of two hours or major fraction thereof that the interruption continues.

2.8.2 Cancellation of Credit

Where Axces cancels a service or the provision of equipment and the final service period is less than the monthly billing period, a credit will be issued for any amounts billed in advance, prorated at 1/30th of the monthly recurring charge for each day the service was rendered or the equipment was provided. This credit will be issued to the customer or applied against the balance remaining on the customer's account.

2.8.3 Disconnection of Service by Axces

Axces, upon 5 days written notice to the customer, may discontinue service or cancel an application for service without incurring any liability for any of the following reasons:

- A. Non-payment of any sum due to Axces for service for more than 30 days beyond date of rendition of the bill for such service;
- B. A violation of any regulation governing the service under this tariff;
- C. A violation of any law, rule, or regulation of any government authority having jurisdiction over the service; or
- D. Carrier is prohibited from furnishing services by order of a court or other government authority having jurisdiction.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES

NOV 22 1995

3.1 Timing of CallsMISSOURI  
Public Service Commission

3.1.1 Customer time begins when the Company receives signalling to detect that the network connection between the calling party and the Axces network has been established. For Operator Station and Person-to-Person calls, chargeable time will not begin until the final connection is established between the calling party and the called party. No charge will apply to Person-to-Person calls for which the designated party or agreed alternate is unavailable. In all cases, chargeable time ends when either party disconnects.

There are no charges incurred if a call is not completed.

The minimum length of a call for billing purposes is sixty (60) seconds, unless otherwise specified under the individual description of service contained in this tariff.

3.2 Start of Billing

For billing purposes, the start of service is the day following acceptance by the customer of Axces' service or equipment. The end of service date is the last day of the minimum notification of cancellation or any portion of the last day, after receipt by Axces of notification of cancellation.

3.3 Interconnection

Service furnished by Axces may be interconnected with services or facilities of other authorized communications common carriers and with private systems, subject to the technical limitations established by Axces. Service furnished by Axces is not part of a joint undertaking with such other carriers. Any special interface equipment of Axces and other participating carriers shall be provided at the customer's expense.

Customer is responsible for taking all necessary legal steps for interconnecting his customer-provided terminal equipment or communications systems with Axces. The customer shall secure all licenses, permits, right-of-ways, and other arrangements necessary for such interconnection.

3.4 Terminal EquipmentMISSOURI  
Public Service Commission

Axces' service may be used with or terminated in customer provided terminal equipment or customer provided communication systems, such as teleprinters, handsets, or data sets. Such terminal equipment shall be furnished and maintained at the expense of the customer, except as otherwise provided. The customer is responsible for all costs at his premises, including customer personnel, wiring, electrical power, and the like incurred in his use of carrier's service.

3.4.1 When terminal equipment is used, the equipment shall comply with the minimum protective criteria set forth within the telecommunications industry and shall not interfere with service furnished to other customers. Any necessary additional protective equipment shall be employed at the customer's expense.

3.4.2 The power of the signal which may be applied by the customer-provided equipment at the point of termination will be specified by the Carrier for each application, to be consistent with the signal power allowed on the telecommunications network.

To protect the telecommunications services from interference at frequencies which are above the band of service provided, the carrier will specify the acceptable signal power to be applied by the customer provided equipment or communications system at the point of termination to insure that the input to the facilities does not exceed acceptable limits.

3.4.3 The customer shall ensure that his terminal facilities are of the proper mode, band-width, power, data, speed and signal level for the intended use of the customer, and that the signals do not damage Axces' equipment, injure personnel or degrade service to other customers.

3.4.4 If the customer fails to maintain and operate his terminal equipment properly, Axces may require the use of protective equipment at the customer's expense. If this fails to produce satisfactory quality and safety of service, Axces may, upon written notice, terminate the customer's service.

3.5 Calculation of DistanceMISSOURI  
Public Service Commission

Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call.

The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The company uses the rate centers and associated vertical and horizontal coordinates that are produced by Bell Communication Research in their NPA-NXX V&H Coordinate Tape and AT&T Tariff.

$$\text{Formula: } V = \frac{\sqrt{(V1 - V2)^2 + (H1 - H2)^2}}{10}$$

3.6 Minimum Call Completion Rate

The customer can expect a call completion rate of 99% per 100 calls attempted during peak use periods for all Feature Group D (1+) services.

3.7 Special Services

For the purpose of this tariff, a Special Service is deemed to be any service requested by the customer for which there is no prescribed rate in this tariff. Special Services charges will be developed on an individual case basis and filed in this tariff. The service will be priced above cost and will be made available, upon request, to the Commission staff for review.

3.7.1 Specific Regulations

Special Service charges will be based on the estimated cost of furnishing such services including cost of operating and maintaining such a service, the cost of equipment and materials used in providing such a service, the cost of installation including engineering, labor supervision, transportation, and the cost of any other specific item associated with the particular Special Service request.

- A. If Axces obtains customer requested facilities not normally used to provide service, the cost incurred will be billed as a Special Service.

- C. Where special signaling, conditioning, equipment, or other features are required to make customer-provided equipment compatible with Axces service, the cost of providing these features will be billed as a Special Service.

3.8 Description of Carrier Service

Axces will provide common shared access switched service, hereinafter referred to as Message Toll Service or MTS, outbound Wide Area Telephone Service (WATS), Inbound 800 Service, Directory Assistance. The customer's total monthly use of Axces' service is charged at the applicable rates per minute set forth herein and are based on the airline mileage between the points, where applicable, as determined by Calculation of Distance formula set forth herein. Axces will engineer its switching systems on the basis that ninety-nine percent (99%) of the customers accessing their system will be served during the busy hour.

3.8.1 Message Toll Service (MTS)

MTS service is a measured use, full time service and is offered on a monthly basis, utilizing inter-city communications facilities shared among multiple users. The individual customer's basic monthly charges for the use of such inter-city communications facilities are based upon the time of day, the total minutes the customer utilizes such facilities or the distance of each call. For each call under the MTS option, the minimum charge shall be the applicable charge for one minute of use with use in excess of one minute during a call charged at the applicable rate per minute with the fraction, if any, of the last minute of each call rounded up to the next highest whole minute, unless stated otherwise.

### 3.8.2 Wats Service

Axces WATS is a one-way outbound service requiring the customer to originate calls via a dedicated access facility between the customer's premises and Axces' terminal location and allowing the completion of calls via Axces' interexchange facilities and the facilities leased from other carriers. The dedicated access facility is provided by the Local Exchange Carrier. Axces will act as agent for the customer in the ordering and installation of such facilities.

### 3.8.3 800 Services

800 Service is the furnishing of dial-type intrastate telecommunications originating on feature group facilities provided by the Local Exchange Carrier (LEC) and terminating on a Regular Business Line or a Special Access Line (SAL).

#### A. Availability of 800 Service

The furnishing of 800 Service under this tariff will require certain physical arrangements of the facilities of the local exchange carrier and is therefore subject to the availability of such facilities.

#### B. Use of the 800 Service

1. 800 service is provided for use by the customer and may be used by others when so authorized by the customer, provided that such usage is subject to the provisions of this tariff.
2. 800 service is furnished subject to the condition that there will be no abuse or fraudulent use of the service. Abuse or fraudulent use of the service includes:
  - (a) The acceptance of an 800 service call in response to an uncompleted Message Telecommunications Service (MTS) call placed to send information and avoid the MTS charge.

Public Service Commission

- (b) The obtaining or attempting to obtain, or assisting another to obtain or to attempt to obtain 800 service through any fraudulent means with intent of avoiding payment of the regular charges for such service.

C. Provisioning Scope and Responsibility

800 service arrangements include account planning, testing, maintenance, billing service accuracy and customer inquiry responsibility. Local Exchange Carrier facilities are standard components of 800 service arrangements. 800 services include access lines provided and are billed as part of the service arrangements by the respective LEC. The company reserves the right to delay or defer service ordering and provisioning in locations where billing capability and facilities are not available to Axces and/or no customer demand exists.

D. Design Layout Requirements for 800 Service

Since 800 service access line facilities are provided and billed by the LECs as part of the company's 800 service arrangements, any customer or other carrier request for access line design parameter should be directed to the LEC as the access line facilities provider.

E. Limitation of 800 Service

800 service is furnished upon the condition that the subscriber contracts for adequate facilities to permit the use of this service without injurious effects upon it or any service rendered by the company. The company may terminate or refuse to furnish 800 service to any applicant, without incurring any liability, if the use of the service would interfere with or impair any service rendered by the company.

### 3.8.3 Reservation of Numbers for 800 Services

MISSOURI  
Public Service Commission

Axces will accept a prospective 800 service customer's request for a particular 800 service telephone number (up to ten (10) in total), and will reserve such number(s) on a first come first serve basis. All requests for 800 service telephone number reservations must be made in writing, dated and signed by a responsible representative of the customer. Axces does not guarantee the reservation of number(s) until that number is assigned. The 800 services telephone number(s) so requested, if found to be available, will be reserved for and furnished to the eligible customer, provided the customer subscribes to 800 service within 10 days of the reservation of said number and uses the service within an additional 90 day period. If the customer who has received a number does not subscribe to and use the service within the appropriate 10 and 90 day periods specified above, the company reserves the right to make the number available for use by another customer in accordance with the terms of the section.

### 3.8.4 Incoming 800 Service

Incoming 800 is a service that allows calls to be terminated on feature group facilities provided by the local exchange carrier network.

### 3.9 Travel Card Service

Travel Card Service is a special travel feature whereby a customer can access the network via an 800 number (provided by Carrier) from any touchtone phone, anywhere in the continental United States.

### 3.10 Directory Assistance

Carrier will not charge a fee for directory assistance rather, carrier will pass through, at its cost, the cost for providing directory assistance.
