.2 Optional Component of Residential Sprint ION xt⁴ Service**MISSOURI
Public Service Commission**
1st RPA-90.4.1 Toll Free Service:

Customers may order toll free service at the rates set forth on Page A-89 as a component of the customer's Residential Sprint ION xt⁴ service. Customers may order either Toll Free Plus PIN or Toll Free Without PIN Service. Customers inbound toll free calling delivered to a personal toll free number associated with the Residential Sprint ION xt⁴ Service account are contributory to the 750 minutes of interstate, intrastate, and intraLATA toll long distance dialing to non-Sprint ION Customers.

Customers subscribing to Toll Free Service with PIN will be given a four digit personal identification number (PIN) to be used in conjunction with their toll free number. After dialing the customer's toll free number a caller will be prompted to dial the PIN before the call can be completed.

The PIN functionality will apply unless: 1) a customer orders Toll Free Service in an area which presently does not have toll free plus PIN billing or 2) Toll Free Service with PIN functionality is not available with the Toll Free service the customer is ordering.

Customers are able to subscribe to Toll Free Service without the PIN dialing requirement if: 1) the customer requests their own personal number and Sprint can provide the number or 2) the customer does not want users of their toll free number to be required to dial a PIN. (M)
