

CUSTOMER NOTICE

RATE & BILLING RESTRUCTURING

Effective July 1, 2017, Ellington Telephone Company's local service rates will be restructured. Monthly rates will increase to \$23.50 for residential service, and \$25.50 for basic business services. To minimize the impact of the rate increases to our valued customers, all applicable Federal Access Recovery Charges and their associated Federal Universal Service Charges will be eliminated. The rate restructuring net increase in charges will range from \$1.99 to \$5.50 monthly, depending on the customer's class of service. If you have questions, please contact our Business Office at 573 663-2000.
