COMMUNITY OPTIONAL SERVICE (COS)

RECEIVED

APR 11 1990

SERVICE DESCRIPTION

MISSOURI

- A. Community Optional Service (COS) is a plan approved by the Missouri Public Service Commission (MPSC) that allows customers in a qualifying Petitioning Exchange to purchase intraLATA interexchange calling with customers in designated exchanges, known collectively as their COS Calling Scope, under terms, conditions and rates that differ from those applicable to Extended Area Service (EAS) and Long Distance Message Telecommunications Service (LDMTS), as found in the other tariffs of the Company. The COS Calling Scope consists of the Target Exchange to which Petitioning Exchange customers have qualified for COS calling, plus all other exchanges with which customers in the Target Exchange have mandatory Extended Area Service (EAS). Calling scopes may also include other expanded calling areas but only through the application of COS rates deemed appropriate by the MPSC.
- B. The service is provided via three call direction/usage payment options. Rates are specified on Sheets 6 through 8 following.
1. One-Way Optional Flat Rate Service allows customers to make unlimited calls to the Target Exchange Calling Scope for a recurring monthly rate.
  2. Two-Way Optional Flat Rate Service allows customers to make unlimited calls to and receive unlimited calls from the Target Exchange Calling Scope for a recurring monthly rate. In addition, this option provides a listing in the white pages directory of the Target Exchange. In those cases in which the white page listings of the Target Exchange are not provided in the two-way COS customer's local directory, the customer will be entitled to a copy of the white pages directory of the Target Exchange.
  3. One-Way Optional Usage Sensitive COS allows customers in exchanges who have qualified for COS to either the St. Louis Metropolitan Area (Principal Zone, Tiers 1 and 2, 3rd Tier Optional Metropolitan and 4th Tier Special Optional Metropolitan) or Kansas City Metropolitan Area (Principal Zone, Tiers 1 and 2, 3rd Tier Optional Metropolitan and 4th Tier Special Optional Metropolitan) to make calls to their COS calling scope.

AUG 12 1994

QUALIFICATION PROCESS

In order to qualify, customers in one exchange, known as the Petitioning Exchange, must demonstrate that a community of interest exists with customers in the exchange with which they desire COS calling, known as the Target Exchange.

- A. Consideration of eligibility for COS calling is initiated by a petition filed with the MPSC by any or all of the following parties:

1. By 25 or more customers in the Petitioning Exchange;

COMMUNITY OPTIONAL SERVICE (COS)

RECEIVED

APR 11 1990

QUALIFICATION PROCESS (Continued)

## A. (Continued)

2. By the presiding official(s) of the appropriate city, town, village or county, served by the Petitioning Exchange;
3. The Office of the Public Counsel on behalf of the customers in the Petitioning Exchange;
4. The company serving the customers in the Petitioning Exchange.

B. Petitions requesting the service must specify the individual Target Exchange with which COS calling is requested. The Target Exchange may be served by another company.

C. Upon issuance of a Missouri Public Commission Order directing a Calling Study, the Company will conduct a study covering a one month billing period of Long Distance Message Telecommunications Service traffic from the Petitioning Exchange to the Target Exchange.

D. The MPSC has ruled that a community of interest is found to exist when the traffic studies show that both of the following criteria are met:

1. Customers in the Petitioning Exchange make an average of at least six calls per access line per month to the Target Exchange;
2. Two-thirds of the customers in the Petitioning Exchange make two or more calls per month to the Target Exchange.

E. If the MPSC determines that a community of interest exists, the Petitioning Exchange will be certified as a COS qualifying exchange and the service will be implemented on a time schedule approved by the MPSC.

REGULATIONS

A. Qualifying exchanges and their corresponding Target Exchanges are specified on Sheets 10 through 17 following. Target Exchanges are classified as Rural or Metropolitan by the MPSC. The Kansas City Metropolitan Area (Principal Zone, Tiers 1 and 2, 3rd Tier Optional Metropolitan and 4th Tier Special Optional Metropolitan) and the St. Louis Metropolitan Area (Principal Zone, Tiers 1 and 2, 3rd Tier Optional Metropolitan and 4th Tier Special Optional Metropolitan) have been designated to be Metropolitan. All other Target Exchanges have been designated Rural.

B. Unless otherwise specified in these regulations, this service is offered to all classes and grades of residence and business customers located in a qualifying exchange on a line-by-line basis.

COMMUNITY OPTIONAL SERVICE (COS)

APR 11 1990

REGULATIONS (Continued)MISSOURI  
Public Service Commission

- C. This service is not offered in conjunction with Public, Semi-Public or Customer-Owned Pay Telephone services.
- D. This service is offered to Hotel/Motel customers for administrative trunks only.
- E. The service is designed and intended for the exclusive use of the end user customers of the Company. This service is not to be shared or resold, with the exception of Shared Tenant Service. Also, COS and MOSP are mutually exclusive of each other.
- F. Unless otherwise specified, this service is subject to the Rules and Regulations as specified in the Local Exchange Tariff of the Company.
- G. Access to the Local Calling Scope of the Target Exchange
1. When a Target Exchange has Extended Area Service (EAS) or some other form of extra-exchange local calling with one or more exchanges, as defined in other tariffs of the Company, customers who qualify for COS will be able to access that Extra-Exchange local calling scope using COS.
  2. However, any EAS additive rate charged to customers in the Target Exchange for that extra-exchange local calling scope shall apply to COS customers in the qualifying exchange in addition to the rates shown on Sheets 6 through 9 following. Furthermore, if the EAS additive rate is changed by the MPSC relative to customers in the Target Exchange, the rate change will also apply to COS customers.
  3. In addition, Metropolitan and Noncontiguous Exchange (NEAC) Additives may be applicable. See Sheets 6 through 9.
- H. Rate Application
1. The monthly rates specified on Sheets 6, 7 and 9 following apply on a per line basis and are billed one month in advance.
  2. The Usage Charges assessed under One-Way Optional Usage Sensitive COS are billed in arrears (See Sheet 8).
  3. All rates and charges apply in addition to all other rates and charges paid by the customer for other services of the Company.

## H. Rate Application (Continued)

MISSOURI

Public Service Commission

4. COS must be ordered and provisioned on all lines on a multiline arrangement, or the multiline arrangement must be separated into optional calling lines or fully rated toll lines. A multiline customer may mix one-way and two-way flat rate COS on the same account. However, mixing Optional Usage Sensitive COS and Optional Flat Rate COS on the same account is not permitted.
5. All charges associated with Local Operator Service such as Calling Card, Operator Station-to-Station, Person-to-Person, Busy Line Verify and Busy Line Interrupt shall apply as outlined in Section 5, General Services of the Local Exchange Tariff.
- I. The minimum service period for subscription to these calling plans is one month.
- J. Timing of messages will be in whole minutes with fractions counted as whole minutes.
- K. This service is provided on a Dial Station-to-Station basis only. For all other types of calls, the appropriate Long Distance Message Telecommunications Service rates and Service Charges as specified in the Long Distance Message Telecommunications Service Tariff are applicable.

## B. One-Way Optional Usage Sensitive

1. This option is offered only when the Target Exchange is defined to be Metropolitan. See REGULATIONS Sheet 3.
2. Metropolitan—Usage Sensitive Option

Monthly Rate, per line:	S & E Code	Monthly Rate
Business	COUB	\$ 4.00
Residence	COUR	4.00

3. The usage charges applicable to this service will correspond to fifty (50) percent of the applicable rate from the Two-Point Service Rate Table in the Long Distance Message Telecommunications Service Tariff of the applicable Primary Toll Carrier for the Petitioning Exchange as set forth in the Memorandum of Understanding contained in the Long Distance Message Telecommunications Service Tariff of the Company.

## B. One-Way Optional Usage Sensitive (Continued)

MISSOURI

Public Service Commission

## 4. Time-of-Day Periods

- a. Discounts, as specified in the Long Distance Message Telecommunications Service Tariff will apply to all qualifying calls under this option.
- b. Discounts are applied by discount period to the total number of initial minutes and additional minutes accumulated during the billing period.
- c. When the application of the discount results in a fractional charge, the amount will be rounded to the nearest cent.
- d. When the connection is established in one rate period and ends in another, the rate for each rate period applies to the portion of the connection occurring within that rate period. In the event that a minute of use is split between two rate periods, the rate in effect at the start of that minute applies.

## C. Noncontiguous Exchange Additive Charge (NEAC)

1. For all exchanges that qualify for COS, that are not contiguous to the Calling Scope of the Target Exchange, an additional monthly charge will apply for each intervening exchange or tier of exchanges as shown below.
2. Monthly Rate, per line, per intervening exchange or tier of exchanges:

<u>Metropolitan</u>	<u>S &amp; E Code</u>	<u>Monthly Rate</u>
One-Way		
Business	NCBR	\$ 6.30
Residence	NCRR	2.95
Two-Way		
Business	NCMB	10.85
Residence	NCMR	5.15
One-Way Usage Sensitive

ASSOCIATED CHARGES WITH THE PROVISION OF TWO-WAY COS

A. Conditions

MISSOURI  
 Public Service Commission

1. Non-recurring charges associated with installing the Remote Call Forwarding (RCF) or Billing System Adjustment (BSA) portion of two-way COS service. (T)
  - a. This provision allows the Company to pass through to the end-user non-recurring charges from other companies relative to the provisioning of two-way COS. In cases where non-recurring charges for implementation of COS have been waived for ninety (90) days, as directed by the Commission, the non-recurring charges associated with RCF or BSA will likewise be waived. (T)
2. Recurring charges associated with the provision of non-listed and non-published listings for two-way COS numbers.
  - a. This provision allows some two-way COS customers a non-listed or non-published service for the directory listing of the RCF number in the target exchange directory. In those cases, the non-listed or non-published tariff rate of the Target Exchange Company will apply.

ASSOCIATED CHARGES WITH THE PROVISION OF TWO-WAY COS**MISSOURI  
Public Service Commission****A. Conditions**

1. Non-recurring charges associated with installing the remote call forwarding (RCF) portion of two-way COS service.
  - a. This provision allows the Company to pass through to the end-user non-recurring charges from other companies relative to the provisioning of two-way COS. In cases where non-recurring charges for implementation of COS have been waived for ninety (90) days, as directed by the Commission, the non-recurring charges associated with RCF will likewise be waived.
2. Recurring charges associated with the provision of non-listed and non-published listings for two-way COS numbers.
  - a. This provision allows some two-way COS customers a non-listed or non-published service for the directory listing of the RCF number in the target exchange directory. In those cases, the non-listed or non-published tariff rate of the Target Exchange Company will apply.
