DEFINITIONS

2. Definitions (Cont'd)

Local Service Area

That geographical area throughout which a subscriber obtains telephone service without the payment of a toll charge.

Network Interface Device (NID)

A device wires between the telecommunications protector and the inside wiring to isolate the customer's equipment from the network.

(D)
|
(D)

Pilot Number

The number in a multi-line hunt service group which is published as the customer's telephone number. When this number is dialed and the line is in use, the central office switch will search for an available idle line in the hunt group.

Premises

All of a building or the adjoining portions of a building occupied and used by the subscriber; or all of the buildings occupied and used by the subscriber as a place of business or residence, which are located on a continuous plot of ground owned by one entity not intersected by a public highway or thoroughfare.

Private Line

A circuit provided to furnish communication only between the two or more locations directly connected to it, and not having connection with central office switching apparatus.

Public Telephone

An exchange station, either attended or equipped with a coin-collecting device which is installed for the convenience of the public at a location chosen or accepted by the Company.

Qualifying Low-Income Subscriber

A "qualifying low-income subscriber" is a subscriber who participates in one of the following programs: Medicaid; food stamps; supplemental security income; federal public housing assistance; or Low-Income Home Energy Assistance Program.

LOCAL EXCHANGE SERVICE

4. Local Exchange Service

4.1 Description

Local exchange service provides for unlimited calling within the boundaries of the Anderson, Jane, and Pineville exchanges as they are shown on the maps in Section 4.5. (T)
This service is subject to all terms and conditions as outlined in this tariff. Access to facilities to end users for interexchange carriers offering interexchange services are provided under the company's intrastate and interstate access tariffs. Local exchange service rates are listed in Section 4.4. (T)

(D)

4.2 Terms and Conditions

A. Business Rates Apply:

1. To any location where activities are of a business, trade, or professional nature.
2. To any location where the listing of service at that location indicates a business, trade, or profession.
3. Where only one network access line is provided at a location which is both a residence and a business.
4. To schools, hospitals, libraries, churches, lodges, and other similar institutions.
5. To any number where public advertising provides evidence that the number is used for business purposes.

B. Residence Rates Apply:

1. In private residence where business listings are not provided and telephone service is not used for the conduct of business.
2. In the place of residence of a clergyman, physician, or other medical practitioner provided the subscriber does not maintain an office in the residence.

LOCAL EXCHANGE SERVICE4. Local Exchange Service (Cont'd)4.3 Concession

Full-time employees will be provided with local exchange service, and all custom calling, and CLASS features where available, without charge as excess capacity allows. Customer Activity Charges will not apply on services provided to full-time employees.

4.4 Exchange Rates

Unless otherwise specified, the charges quoted in this tariff are for the period of one month and includes calling within and between all McDonald County Telephone (T) Company exchanges without incurring a toll charge.

A.	<u>Local Exchange Service</u>	<u>Monthly Rate Per Line</u>	
	Business	\$14.00	(I)
	Residence	\$14.00	(I)

4.5 Local Exchange Map

The following exchange maps are attached to this tariff:

Anderson
Jane
Pineville

LOCAL EXCHANGE SERVICE

4. Local Exchange Service (Cont'd)4.6 Payphone Service (Cont'd)

G. Rates and Charges

1. Exchange Access Line

<u>Description</u>	<u>Monthly Rate</u>	
Instrumental Implemented Payphone Service, 2-Way Service	\$14.00	(I)
Instrument Implemented Payphone Service, 1-Way Service	\$14.00	(I)
CO Implemented Coin Line	\$14.00	(I)

2. Features and Functions	<u>Monthly Rate</u>	<u>NRC</u>
Answer Supervision	\$0.83	
Coin Collection and Return	\$1.38	
Special Number Assignment		\$5.00
Selective Class of Call Screening	\$2.00	

3. A "local message" from Customer Provided Payphone Service served by a given exchange, is a completed local call originating at such service and terminating at any service which may be called without a toll charge.

4. Installation Charges, as specified elsewhere in this Tariff, apply in addition to other charges specified for CO Implemented Coin Line or Instrument Implemented Payphone Service.

5. Where Custom Calling Service is desired, the charges as specified in the appropriate Sections of this Tariff are applicable for Instrument Implemented Payphone Service.

6. Rates and Charges contemplate a normal business exchange access line service installation.

LOCAL EXCHANGE SERVICE

4. Local Exchange Service (Cont'd)

4.8 Reserved for Future Use

(D)

(D)

OPTIONAL SERVICES AND FEATURES

6. Optional Services and Features (Cont'd)

6.1 CLASS Service (Cont'd)

A. Feature Descriptions (Cont'd)

3. Calling Number Delivery

Calling Number Delivery (also known as "Caller ID") allows the subscriber, with the use of a display phone or adjunct display device, to view the directory number and name of calling party of an incoming call before answering. During the time that the incoming call is placed, the calling number is forwarded from the central office to a compatible customer provided Customer Premises Equipment (CPE) Display Unit associated with the customer's local exchange service. The calling telephone number and name is then delivered to the display device during the first silent interval of ringing. (T)

The calling number and name is also not available when incoming calls have been handled by an operator or charged to credit cards. Number and name delivery for calls originating from a PBX will display the main PBX number only. If the caller's number is not part of the CLASS network, is a multi-party line, or is blocked, the number and name will not be displayed. (T)

Subscription to Calling Number Delivery on EBS access lines is only available on the customer group level and not on a per line basis. Rates and charges, however, will apply on a per line bases. (T)

Telephone numbers and names transmitted via Calling Number Delivery may not be sold or given to another party without the caller's consent. Calling Number Delivery information may only be used for: (T)
a) routing or completion of calls, b) billing of calls, c) account management purposes, d) services directly related to (T)

OPTIONAL SERVICES AND FEATURES

6. Optional Services and Features (Cont'd)

6.1 CLASS Service (Cont'd)

B. General Regulations:

1. CLASS features can be provided on a stand alone basis or may be enhanced by use with Custom Calling service features as described in other sections of this tariff.
2. CLASS features are provided from specifically equipped Telephone Company Central Offices and enable customers to access various features by dialing a specific code. (T)
3. The customer of record will be responsible for all rates and charges associated with the CLASS features as described in Rates and Charges. The customer of record will be charged for all features activated on his/her service and charged the applicable monthly subscription rate for each line on which a CLASS feature is provided.
4. Reserved for Future Use (D)
5. A CLASS customer may employ available CLASS features only under the following conditions:
 - When both the CLASS customer and the other party involved in the call are served from the same central office, even if the other party does not subscribe to a CLASS feature.
 - When both the CLASS customer and the other party involved in the call are served from different central offices which are linked by facilities that can handle the delivery of the calling number, even if the other party does not subscribe to CLASS.

OPTIONAL SERVICES AND FEATURES6. Optional Services and Features (Cont'd)6.1 CLASS Service (Cont'd)

D. Rates and Charges

The following CLASS features are available at the following monthly rates:

	<u>Rate</u>	
1. Automatic Callback	NC	(R)
2. Automatic Recall	NC	(R)
3. Calling Number Delivery	\$2.50 per month	(R)
4. Customer Originating Trace Per Activation	\$5.00 per activation	
5. Distinctive Ringing	NC	(R)
6. Selective Call Acceptance	NC	(R)
7. Selective Call Forwarding	NC	(R)
8. Selective Call Rejection	NC	(R)

OPTIONAL SERVICES AND FEATURES

6. Optional Services and Features (Cont'd)

6.3 Custom Calling Service (Cont'd)

C. Feature Descriptions (Cont'd)

5. 8-Number Speed Calling – Permits local and long distance calls to eight different numbers to be placed by dialing an abbreviated code.
6. 30-Number Speed Calling – Permits local and long distance calls to thirty different numbers to be placed by dialing an abbreviated code.
7. Teenline – Allows a customer to have two directory numbers on the same single-party line so that a subscriber can receive calls dialed to separate numbers without installing a second line. The subscriber is issued a primary directory number (PDN) and a secondary directory number (SDN). Calls placed to the PDN are identified by normal ringing, while calls to the SDN are identified by distinctive ringing. Although calls can terminate to either the PDN or to the SDN, they can originate only from the PDN. All billing is applied to the PDN.

Call forwarding (CFW) can be applied to a Teen Service line in two ways: calls to both the PDN and the SDN can be forwarded, or call forwarding can be restricted to the PDN. If call forwarding is restricted to the PDN, calls to the SDN still ring at the subscriber's premises. A PDN cannot be forwarded to the SDN.

8. Call Waiting I.D. – Allows the subscriber to identify who is calling while on the telephone. A tone notification lets the subscriber know a call is waiting and the name and number of the caller waiting, subject to technical limitations, will appear on the Caller ID display. A phone that has Caller ID capability is necessary.

D. Rates

The following rate applies in addition to other rates and charges applicable to the associated individual local exchange service lines. (T)

- 1.a. Reserved for Future Use.

6.3 Custom Calling Service (Cont'd)

D. Rates (Cont'd)

2. Features Rates

- | | | | |
|----|--|----|-----|
| a. | Call Forwarding | NC | (R) |
| | Permits all calls directed to a customer number to be routed on to another dialable number, predetermined and activated by the customer. | | |
| b. | Call Waiting | NC | (R) |
| | Provides a signal to a customer using the telephone that another call is being attempted to his number. The customer can "hold" the original call to answer the incoming call. | | |
| c. | Three-way Calling | NC | (R) |
| | Allows for the addition of a third number to a connection made between two numbers without the assistance of a company operator. | | |
| d. | Teen Line | NC | (R) |
| | Allows two directory numbers on the same single-party line to receive calls dialed to separate numbers without installing a second line. | | |
| e. | Call Forward Busy Don't Answer (CFBD) | NC | (R) |
| | Allows customer to activate two types of call forwarding: Call Forward Busy (CFB) and Call Forward Don't Answer (CFD). | | |

6.3 Custom Calling Service (Cont'd)

D. Rates (Cont'd)

2. Features Rates (Cont'd)

f.	Speed Calling (8 Number Capacity)	NC	(R)
----	-----------------------------------	----	-----

Permits customer calling to other telephone numbers through the dialing of a code rather than an entire telephone number. Capacity is 8 numbers dialable by speed dialing code.

g.	Speed Calling (30 Number Capacity)	NC	(R)
----	------------------------------------	----	-----

Permits customer calling to other telephone numbers through the dialing of a code rather than an entire telephone number. Capacity is 30 numbers dialable by speed dialing code.

h.	Call Waiting I.D.	NC	(R)
----	-------------------	----	-----

Allows the subscriber to identify who is calling while on the telephone. A phone that has Caller I.D. capability is necessary.
