6.46 Business Unlimited Prime Best Rates Promotion #325

(F) Customers may add or remove access lines or relocate Service to a new address after the promotional period ending June 30, 2006 if they also commit to a new 1-year term plan agreement. In such situations, the Company will not adjust the per line Monthly Recurring Charge to the new line size. Instead, Customers will receive a single payment based on the number of months left in the original term, calculated at the remaining original line size of the difference in the basic Monthly Recurring Charges verses the promotional Monthly Recurring Charges. The Company may provide the single payment to the Customer in the form of a check, bill credit or other means, at the Company's discretion.

C

.a Example if Customer adds lines: Customer subscribes to the promotion with five (5) lines and after the 5th month of the promotional benefit period, the Customer decides to add two (2) additional lines. Customer must commit to a new 1-year term plan agreement and will receive a single payment based on the difference between current plan Month Recurring Charges and the promotional Monthly Recurring Charges based on the original five (5) lines multiplied by the seven (7) remaining months (the number of months remaining in the original term plan agreement promotion).

SECTION 6 – PROMOTIONS

6.47 Business Unlimited Prime Reduced MRC Promotion #329 (continued)

(F) Customers may add or remove Access Lines (but may not relocate Service to a new address) after the promotional offer period which ends June 30, 2006 if they also commit to a new 1-year term plan agreement. When the Customer adds or removes Access Lines, the Company will not adjust the per line Monthly Recurring Charge to the new line size. Instead, Customers will receive a single payment based on the number of months left in the original term, calculated at the remaining original line size of the difference in the basic Monthly Recurring Charges versus the promotional Monthly Recurring Charges. The Company may provide the single payment to the Customer in the form of a check, bill credit or other means, at the Company's discretion. Relocation of Service to a new address after the promotional offer period has ended will result in a forfeiture of any remaining promotional benefits.

C

.1 Example if Customer adds lines: Customer subscribes to the promotion with five (5) lines and after the 5th month of the promotional benefit period, the Customer decides to add two (2) additional lines. Customer must commit to a new 1-year term plan agreement and will receive a single payment based on the difference between current plan Month Recurring Charges and the promotional Monthly recurring charges based on the original five (5) lines multiplied by the seven (7) remaining months (the number of months remaining in the original term plan agreement promotion).

(F) Customers may add or remove Access Lines (but may not relocate Service to a new address) after the promotional offer period which ends August 31, 2006 if they also commit to a new 1-year term plan agreement. When a Customer adds or remove Access Lines, the Company will not adjust the per line Monthly Recurring Charge to the new line size. Instead, Customers will receive a single payment based on the number of months left in the original term, calculated at the remaining original line size of the difference in the basic MRCs versus the promotional MRCs. The Company may provide the single payment to the Customer in the form of a check, bill credit or other means, at the Company's discretion. Relocation of Service to a new address after the promotional offer period has ended will result in a forfeiture of any remaining promotional benefits.

- .1 Example if Customer adds lines: Customer subscribes to the promotion with five (5) lines and after the 5th month of the promotional benefit period, the Customer decides to add two (2) additional lines. Customer must commit to a new 1-year term plan agreement and will receive a single payment based on the difference between current plan Month Recurring Charges and the promotional MRCs based on the original five (5) lines multiplied by the seven (7) remaining months (the number of months remaining in the original term plan agreement promotion).
- .2 Example if Customer removes lines: Customer subscribes to the promotion with five (5) lines and after the 5th month of the promotional benefit period decides to remove two (2) lines. Customer must commit to a new 1-year term plan agreement and will receive a single payment based on the difference between current plan MRCs and the promotional MRCs based on the remaining original three (3) lines multiplied by the seven (7) remaining months (the number of months remaining in the original term plan agreement promotion).

F. Customers may add or remove Access Lines (but may not relocate service to a new address) after the promotional offer period which ends September 30, 2006 if they also commit to a new 1-year term plan agreement. When a Customer adds or removes Access Lines, the Company will not adjust the per line MRC to the new line size. Instead, Customers will receive a single payment based on the number of months left in the original term, calculated at the remaining original line size of the difference in the basic MRCs versus the promotional MRCs. The Company may provide the single payment to the Customer in the form of a check, bill credit or other means, at the Company's discretion. Relocation of service to a new address after the promotional offer period has ended will result in a forfeiture of any remaining promotional benefits.

- .1 Example if Customer adds lines: Customer subscribes to the promotion with five (5) lines and after the 5th month of the promotional benefit period, the Customer decides to add two (2) additional lines. Customer must commit to a new 1-year term plan agreement and will receive a single payment based on the difference between current plan MRCs and the promotional MRCs based on the original five (5) lines multiplied by the seven (7) remaining months (the number of months remaining in the original term plan agreement promotion).
- .2 Example if Customer removes lines: Customer subscribes to the promotion with five (5) lines and after the 5th month of the promotional benefit period decides to remove two (2) lines. Customer must commit to a new 1-year term plan agreement and will receive a single payment based on the difference between current plan MRCs and the promotional MRCs based on the remaining original three (3) lines multiplied by the seven (7) remaining months (the number of months remaining in the original term plan agreement promotion).

(G) Except in Connecticut, Customers may add or remove Access Lines (but may not relocate Service to a new address) after the promotional offer period which ends June 30, 2007 if they also commit to a new 1-year term plan agreement. When a Customer adds or removes Access Lines, the Company will not adjust the per line MRC to the new line size. Instead, Customers will receive a single payment based on the number of months left in the original term, calculated at the remaining original line size of the difference in the basic MRCs versus the promotional MRCs. The Company may provide the single payment to the Customer in the form of a check, bill credit or other means at the Company's discretion. Relocation of service to a new address after the promotional offer period has ended will result in a forfeiture of any remaining promotional benefits.

- .1 Example, if Customer adds lines: Customer subscribes to the promotion with five (5) lines and after the 5th month of the promotional benefit period, the Customer decides to add two (2) additional lines. Customer must commit to a new 1-year term plan agreement and will receive a single payment based on the difference between current plan MRCs and the promotional MRCs based on the original five (5) lines multiplied by the seven (7) remaining months (the number of months remaining in the original term plan agreement promotion).
- .2 Example, if Customer removes lines: Customer subscribes to the promotion with five (5) lines and after the 5th month of the promotional benefit period, the Customer decides to remove two (2) lines. Customer must commit to a new 1-year term plan agreement and will receive a single payment based on the difference between current plan MRCs and the promotional MRCs based on the remaining original three (3) lines multiplied by the seven (7) remaining months (the number of months remaining in the original term plan agreement promotion).

SECTION 6 - PROMOTIONS

6.77 AT&T Business Unlimited Calling Winback Promotion #411 (continued)

(E) Customers may add or remove Access Lines (but may not relocate Service to a new address) after the promotional offer period if Customer also commits to restarting its existing 1-year term plan agreement. When a Customer adds or removes Access Lines after the promotional offer period has ended, the Company will no longer apply the promotional rate on a monthly basis. Instead, Customers will receive a single payment based on the number of months remaining in the term immediately prior to this addition or removal of Access Lines. For an addition of Access Lines the single payment will be calculated by multiplying the number of Access Lines on which the Customer was receiving the promotional rate prior to this addition of Access Lines, multiplied by the difference between the promotional and non-promotional monthly recurring rate, multiplied by the number of months over which the Customer would have received the promotional rate had this addition or removal not occurred. For a removal of Access Lines, the single payment will be calculated by multiplying the number of Access Lines that the Customer is retaining after the removal of Access Lines, multiplied by the difference between the promotional and non-promotional monthly recurring rate, multiplied by the number of months over which the Customer would have received the promotional rate had the removal not occurred. The Company may provide the single payment to the Customer in the form of a check, bill credit or other means at the Company's discretion. Relocation of service to a new address after the promotional offer period has ended will result in a forfeiture of any remaining promotional benefits.

- .1 Example, if Customer adds lines: Customer subscribes to the promotion with three (3) lines and after the 5th month of the promotional benefit period, the Customer decides to add one (1) additional line. Customer must commit to a new 1-year term plan agreement and will receive a single payment based on the difference between current plan MRCs and the promotional MRCs based on the original three (3) lines multiplied by the seven (7) remaining months (the number of months remaining in the original term plan agreement promotion).
- .2 Example, if Customer removes lines: Customer subscribes to the promotion with four (4) lines with and after the 5th month of the promotional benefit period, the Customer decides to remove two (2) lines. Customer must commit to a new 1-year term plan agreement and will receive a single payment based on the difference between current plan MRCs and the promotional MRCs based on the remaining original two (2) lines multiplied by the seven (7) remaining months (the number of months remaining in the original term plan agreement promotion).

SECTION 6 - PROMOTIONS

6.78 Switched Toll Free – 2 Month MRC Waiver Risk Promotion #418

Toll Free 2 Month MRC Waiver Promotion #418 is available to new Business Customers adding new toll free lines that place an order with the Company for Toll Free Service terminating over Switched Access arrangements between June 6, 2008 through January 2, 2009.
