A. MULTI-ELEMENT SERVICE CHARGE PLAN

The Multi-Element Service Charge Plan covers any work done at the request of the subscriber.

1. Elements Covered.

This work is broken down into elements as follows:

(a) Service Ordering Charge.

Covers all work associated with creation of a Service Order, including initial interview with subscriber, work done as to application card and other permanent records, typing Service Order, distribution of Service Order copies and completion of records originating from Service Order. Also includes plant assignment work.

(b) Line Connection Charge.

Covers all work involving the telephone line extending from the central office to the demarcation point at the subscriber's premises, subscriber's number, CAMA identification, jumper from equipment to line, drop wiring, etc. This would apply to new installations.

(c) Demarcation Point.

The point of connection, provided and maintained by the telephone utility to which the inside station wiring becomes dedicated to an individual customer's use. For an individual customer dwelling, this point of connection will generally be immediately adjacent to the protector or the customer's side of the protector. The drop and block, including the protector, will continue to be provided by and remain the property of the telephone utility.

SERVICE CONNECTIONS - LINK UP MISSOURI

NOV 19 1997

Applicability of Link Up Missouri Service Connection Program

MO. PUBLIC SERVICE COMM

1. The Link Up Missouri Service Connection Program is a Federal Lifeline assistance program applicable to eligible residential subscribers, as defined below, and designed to promote subscribership to the telephone network among low income residential households.
 - a. Service Connection Charges, as set forth in this tariff¹, for initial installation of the main residential service access line, will be discounted at a rate of 50 percent or \$30.00, whichever is less. These reduced charges shall be assessed only for a single residential telephone line per eligible household at the principle place of residence.
 - b. The customer may defer payment on up to \$200 of the above charges without interest for a period not to exceed one year. The deferred charges do not include any permissible security deposits required. Payments shall be equally paid over a twelve month period.
 - c. A qualifying low-income customer may choose either a or b, or both a and b as described above.
 - d. Link Up assistance is available for a second or subsequent time only for a principal place of residence with an address different from the residence address where assistance was previously provided.
 - e. The premises at which the residence service is requested must be the applicant's principal place of residence.
 - f. There is only one telephone line serving the residence premises. The residence premises household (dwelling unit) shall consist of that portion of an individual house or building or one flat or apartment occupied by a single family or individuals functioning as one domestic establishment.
 - g. Link Up will not be furnished on a Foreign Exchange service.

¹These do not include other charges that may be required at the initiation of service such as security deposit, contributions in and of construction, customer advances, etc.

11. The Company shall not be liable for shortages of coins collected and deposited at the subscriber's equipment. The limit of the Company's liability for end user fraud of whatever nature occurring at or in association with the subscriber's equipment shall be governed by provisions of this Tariff and rule or regulations of the Missouri Public Service Commission. In case of conflict between the tariff provisions and Commission rules and regulations, the rule or regulations shall prevail.
12. Off-Premise Extensions are not permitted.
13. Local messages from Payphones are charged at no higher than twenty-five (25) cents for each call. Upon implementation of the FCC rules preempting state regulations of payphone rates, this subsection will not apply.
14. The Multiline Business Subscriber Line Charge, found in the interstate access tariff, is applicable to all payphone Instrument and CO Implemented coin lines.

B. Responsibility of the Customer

1. The Customer for the purposes of this tariff is defined as the Payphone Service Provider.
2. The customer shall be responsible for the installation, operation and maintenance of the customer-provided instrument, plus all ancillary equipment, such as booths, shelves, lighting, directories, etc., used in connection with this service. The customer is responsible to comply with the requirements set forth in the American With Disabilities Act of 1990.

The customer-provided instrument must be registered in compliance with Part 68 of the FCC's Registration Program. In addition, the customer must comply with the Missouri Public Service Commission's Rules and Regulations regarding the use of customer-provided pay telephones.
