Public Service Commission Original Sheet No. 6

TARIFF FORMAT

- A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet revision on file with the P.S.C.MO.. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the P.S.C.MO. follows in their tariff approval process, the most current sheet number on file with the Commission is not always the tariff page in effect. Consult the Check Sheet for the sheet currently in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

2.
2.1.
2.1.1.
2.1.1.A.
2.1.1.A.1.
2.1.1.A.1.(a)
2.1.1.A.1.(a).I
2.1.1.A.1.(a).I.(i).
2.1.1.A.1.(a).I.(i).(1).

- D. Check Sheets - When a tariff filing is made with the P.S.C.MO., an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if there are only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the P.S.C.MO..

2.1. Application of Tariff

This tariff contains the regulations and rates applicable to the provision of Missouri Intrastate Long Distance Message Telecommunication Service ("LDMTS") by American Telco, Inc. (hereinafter referred to as the "Company") between domestic points within the state of Missouri as specified in this tariff. Service is furnished subject to the availability of facilities and subject to transmission, atmospheric and like conditions.

All terms, conditions and limitations of liability contained in this tariff apply to all Missouri intrastate services including international and domestic services provided by the Company, and including those where charges are established pursuant to contract, unless the contract explicitly provides otherwise.

2.2. Service Description

Missouri Intrastate Long Distance Message Telecommunication Service (hereinafter referred to as "LDMTS") is offered to residential and business Customers of the Company for the transmission of voice communications calls placed between one or more stations in the state of Missouri. The Company provides long distance network Services for voice grade and data transmission Services. All services are provided subject to the terms and conditions set forth in this tariff.

The Company installs, operates, and maintains the communication service provided hereinunder in accordance with the terms and conditions set forth under this Tariff. It may act as the customer's agent for ordering access connection facilities provided by other carriers or entities when authorized by the customer, to allow connection of a customer's location to The Company's network. The customer shall be responsible for all charges due for such service arrangement.

The Company's services and facilities are provided on a monthly basis unless ordered on a longer term basis, and are available twenty-four hours per day, seven days per week.

2.3. Interconnection with Other Common Carriers

The Company reserves the right to interconnect its services with those of any Other Common Carrier, Local Exchange Carrier, or alternate access provider of its election, and to utilize such services concurrently with its own facilities for the provision of Service offered in this tariff.

2.4. Shortage of Facilities

MISSOURI
Public Service Commission

All service is subject to the availability of suitable facilities. The Company reserves the right to limit the length of communications or to discontinue furnishing service when necessary because of the lack of satellite or other transmission medium capacity or due to any causes beyond its control.

2.5. Uses of Services

- 2.5.1. Services provided under this tariff may be used only for transmission of communications by customers in a manner consistent with the terms of this tariff and regulations of the FCC and all state and local authorities having jurisdiction over the service.
- 2.5.2. Services provided in this tariff shall not be used for unlawful purposes.
- 2.5.3. The use of the Company's Service(s) without payment for Service or attempting to avoid payment for Service(s) by fraudulent means or devices, schemes, false or invalid numbers or false calling or credit cards is prohibited.
- 2.6. Liability of the Company**
- 2.6.1. Except as stated in Section 2.6, the Company shall have no liability for damages of any kind arising out of or related to events, acts, rights or privileges contemplated in this tariff. This tariff does not limit the liability of the Company for gross negligence or willful misconduct.
- 2.6.2. The liability of the Company, if any, for damages resulting from or arising in connection with the furnishing of Service(s) in this tariff, including but not limited to mistakes, omissions, interruptions, delays, errors, defects in transmission, or failures or defects in facilities furnished by the Company shall in no way exceed an amount of money equivalent to the charges applicable under this tariff. However, any such mistakes, omissions, interruptions, delays, errors, or defects in transmission or Service(s) that are caused by or contributed to by the negligence or willful act of the Customer, or which arise from the use of Customer-Provided Facilities or equipment shall not result in the imposition of any liability upon the Company.

2.6.8. Where Customer-provided equipment is connected to service furnished pursuant to this tariff, the responsibility of the Company shall be limited to the maintenance and operations of such services in the proper manner; subject to this responsibility, the Company shall not be responsible for the through transmission of signals generated by Customer-provided equipment or for the quality of, or defects in, such transmission; or the reception of signals by Customer-provided equipment; or network control signaling where such signaling is performed by Customer-provided network control signaling equipment.

2.6.9. Under no circumstances whatsoever shall the Company or its officers, directors, agents, or employees be liable for any indirect, incidental, special, or consequential damages.

2.7. Assignment

Customer shall not assign or transfer the use of the Company's Services except with the prior written consent of the Company in each and every instance.

2.8. Responsibilities of the Customer

2.8.1. The Customer is responsible for placing any necessary orders, and for complying with tariff Regulations, and for ensuring that Authorized users comply with tariff regulations. The Customer is also responsible for the payment of charges for calls originated at the Customer's premises. This includes payment for LDMTS calls or services originated at the Customer's number(s); accepted at the Customer's number(s) (i.e., collect calls); billed to the Customer's number via Third Number Billing if the Customer is found to be responsible for such call or service, the use of a Calling Card, the use of a Company assigned Special Billing Number and incurred at the specific request of the Customer.

- 2.8.4. The Customer is responsible for arranging ingress to its premises at times mutually acceptable to the Customer and the Company when required for the Company personnel to install, repair, maintain, program, inspect, or remove equipment associated with the provision of the Company's Service(s). Occasionally customer requested changes and testing for impairment may only be evident at certain times (i.e., a certain hour of the day). In such cases, LDMTS must be made available for testing during the same time periods if the trouble condition is to be corrected.
- 2.8.5. The Customer shall ensure that its terminal equipment and system is properly interfaced with the Company's facilities and Services, that the signals and voltages emitted into the Company's facilities are of the proper mode, bandwidth, power, and signal level of the intended use of the Customer and in compliance with the criteria set forth in the rules of the FCC, and that the signals do not damage equipment, injure personnel or degrade Service to other Customers.
- 2.8.6. Interconnection between the Customer's equipment and Company-provided service must be made by the Customer by leased channel or dial-up service. Where interconnection between Customer's equipment and Company-provided service is not made by lease of Company facilities, interconnection must be made by the Customer at the Company's operating offices. Any special interface equipment necessary to achieve the compatibility between facilities of the Company and the channels or facilities of others shall be provided at the Customer's expense.
- 2.8.7. If the protective requirements in connection with Customer-provided equipment are not being complied with, the Company may take such immediate action as necessary to protect its facilities and personnel and will promptly notify the Customer of the need for protective action. In the event that the Customer fails to advise the Company within 10 days after such notice is received that corrective action has been taken, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities and personnel from harm.

2.10.1. Without incurring liability, the Company may by 24 hours advance notice discontinue Service(s) to a Customer or to a particular Customer location, or may withhold the provision of ordered or contracted Service(s) under the following conditions:

- (i) For past due balances or when usage has exceed the estimated credit limit established by the Company;
- (ii) For violation of the terms or conditions governing the furnishing of services under this tariff;
- (iii) For violation of any law, rule, regulation, or policy of any governing authority having jurisdiction over the Company's Service(s); or
- (iv) By reason of any order or decision of a court having competent jurisdiction, public utility commission, federal regulatory body or other governing authority prohibiting the Company from furnishing its Service(s).

2.10.2. Without incurring liability, the Company may temporarily interrupt the provision of Service(s) at any time in order to perform test(s) and inspection(s) to assure compliance with tariff regulations and the proper installation and operation of Customer and the Company's equipment and facilities.

2.10.3. In the event that the Company incurs attorneys fees or other costs to recover any sums then due and the Company prevails, the Company shall be entitled to recover its costs of collection, legal costs, court costs, and reasonable attorneys' fees, in addition to whatever other relief the court may award. The Company may assign or sell receivables to Local Exchange Carriers, collection agencies or other parties and said amounts owed to the Company shall then become due and payable to said third party.

2.10.4. Service(s) may be discontinued by the Company, without notice to the Customer, by blocking traffic to and from certain countries, cities, NXX's, or by blocking calls using certain Customer Authorization Codes or Calling Card Account Numbers when the Company deems it necessary to take such action to prevent fraud or other unlawful use of its Service(s). The Company may restore Service(s) as soon as it can be provided without undue risk.

- 3.1.5. LONG DISTANCE DIRECTORY ASSISTANCE - An outbound service offered on a per call basis to all Commercial and Residential Customers whereby the customer can obtain telephone numbers by dialing 1+ area code + 555-1212. Such service is available twenty-four (24) hours per day, seven days a week.

3.2. Timing of Calls

The customer's long distance usage charge is based on the actual usage of the Company's network. Timing on completed calls begins when the call is answered by the called party. When the called party picks up is determined by hardware answer supervision in which the local telephone company sends a signal to the switch or the software utilizing audio tone detection. Timing terminates on all calls when either party goes to the on-hook mode. Unless otherwise indicated, for residential Missouri intrastate calls there is a one minute minimum charge, with additional time billed in increments of one minute with full minute rounding. Also, unless otherwise indicated, for commercial Missouri intrastate calls there is a 30 second minimum charge, with additional time billed in increments of 6 seconds.

3.3. Calculation of Distance

In the event the company provides mileage sensitive products, then usage charges are based on the airline distance between rate centers associated with the originating and terminating points of the call.

The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The Company uses the rate centers and associated vertical and horizontal coordinates that are produced by Bell Communications Research in their NPA-NXX V & H Coordinates Tape and Bell's NECA Tariff No. 4.
