3. TERMS AND CONDITIONS

3.1 Definitions

APR 25 2003
By TD-03-352
Public Service Commission
ADJUTANT

Certain terms used in this tariff are defined below.

Carrier

The term "carrier" means Communications Cable-Laying Company, Inc., d/b/a Dial U.S.A.

Closed End Circuit

The termination of a circuit to a location other than a local exchange company switching office.

Commercial Service

The phrase "Commercial Service" means telecommunications services provided to a customer for use primarily or substantially of a business, professional, institutional or other occupational nature.

DACC

"Digital Access Cross-Connect" refers to demodulation of a voice grade circuit over a DS1 channel.

Day - Schedule #1 & #2

The term "Day" means 8:00 a.m. to, but not including, 5:00 p.m., local time at the originating city on Monday through Friday, excluding Carrier-specified holidays.

DS1

A circuit that transmits digital signals at 54.4 megabits per second over terrestrial channels.

Evening - Schedule #1 & #2

The term "Evening" means 5:00 p.m. to but not including 11:00 p.m., for Schedule 1, or 8:00 p.m., for Schedule 2, local time at the originating city on Sun. through Fri. and anytime on Carrier-specified holidays except when a lower rate would normally apply.

Exchange Area

A geographically defined area wherein the telephone industry through the use of maps or legal descriptions sets down specified areas where individual telephone exchange companies provide communication services.

Holiday

The term "Holidays" mean all Carrier-specified holidays: New Year's Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day.

3.2 Responsibilities of the Carrier

AUG 20 1987

(a) The service provided consists of the use of facilities made available by Carrier for telephone communication between different exchange areas. The Carrier does not undertake to accept, transmit or delay messages. The service provided does not include collect calls or third number billing.

(b) Carrier is a reseller of long distance services. Carrier leases WATS lines and other facilities from other telephone companies and offers to sell to subscribers the right to use those facilities on an as needed basis. The service provided by Carrier is non-exclusive. Carrier's customers can and do have access to other long distance carriers.

(c) The obligation of Carrier to provide service is dependent upon its ability to procure facilities which are required to meet the subscriber's order for service. Carrier will make reasonable efforts to secure the necessary facilities as provided for in these tariffs.

3.3 Liability of Carrier

(a) Because the subscriber has the exclusive control of his communications over the facilities provided to him by Carrier, and because of the inability to provide error-free service over the telecommunication facilities provided, the services provided are subject to the terms and conditions contained in these tariffs.

(b) The subscriber assumes all risks for damages arising out of mistakes, omissions, interruptions, delays, errors, or defects in transmission or from failure or defects in equipment and facilities furnished by Carrier occurring in the course of providing service.

(c) If service is interrupted or the subscriber receives a poor connection on a call, other than as a result of negligence or willful act of the subscriber, an allowance or credit in the amount that would normally be charged for said call will be given to the subscriber. In order to be entitled to such a credit or allowance, the subscriber shall notify Carrier of the disconnect or poor condition within five (5) business days from the date of the call.

(d) The liability of Carrier for damages arising out of mistakes, omissions, interruptions, delays or errors or defects in transmission occurring in the course of furnishing service and not caused by negligence of the subscriber shall in no event exceed an amount equivalent to the proportionate charge to the subscriber for the period of service during which such mistakes, omissions, interruptions, delays or errors or defects in transmission occur.

(e) Carrier shall be indemnified and held harmless by the subscriber against any and all claims for libel, slander or copyright infringement arising directly or indirectly from the material transmitted over the facilities of Carrier or the use of same by subscriber, and also against claims for patent infringement arising from combining with, or using in connection with, facilities furnished by Carrier and apparatus, equipment and systems provided by the subscriber, and against all other claims arising out of any act or omission of the subscriber in connection with the services and facilities provided by Carrier.

3.4 Use of Service by the Subscriber

AUG 20 1987

MISSOURI

Public Service Commission

(a) The service is provided for use by the subscriber and may be used by others when so authorized by the subscriber, providing that all such usage shall be subject to the provisions of Carrier's filed tariffs.

(b) Service is furnished subject to the condition that there will be no abuse or fraudulent use of the service. Abuse or fraudulent use of service includes, but is not limited to, the following:

(1) The use of profane or obscene language in communications over Carrier's facilities.

(2) A call or calls, anonymous or otherwise, if made in a manner which could reasonably be expected to frighten, abuse, torment or harass another.

(3) For any unlawful purpose.

(4) Use of service in any manner that would violate any rule, regulation or contract provision regulating the relationship between Carrier and those who supply the facilities that Carrier makes available to its subscribers.

(5) The use of service or facilities of the Company to transmit a message or to locate a person or otherwise to give or obtain information without payment of the charge applicable for service.

(6) The obtaining, or attempting to obtain, or assisting another to obtain or to attempt to obtain service by rearranging, tampering with or making connection with any facilities of the Carrier, or by any trick, scheme, false representation or false credit device, or by or through any other fraudulent means or device whatsoever with intent to avoid the payment, in whole or in part, of the regular charge for such service.

(7) The use of the service in such manner as to interfere unreasonably with the use of the service by one or more other customers.

3.7 Billing and Payment of Charges

AUG 20 1987

(a) Unless a subscriber's bill has a zero balance, he will receive a bill each month for all charges incurred during the preceding month. A month shall be the thirty (30) days preceding the rendition of the bill. Special billing arrangements may be provided for service to governmental agencies.

(b) A subscriber is responsible for all charges in conjunction with the use of his authorized access number and for all charges for service provided to him by Carrier.

(c) Bills are due as specified on the bill and may be paid at any business office of the Carrier or at any agency authorized by Carrier to receive payment.

(d) For billing of any fixed charges, service is considered to be established on the day that Carrier notifies the subscriber of installation.

(e) Payment of commercial bills is due upon receipt. Commercial bills which are unpaid fifteen (15) day after the date the bill is rendered will incur a \$5.00 late payment fee. Interest at the rate of 18% per annum will be charged on all commercial bills that are unpaid sixty (60) days or more after the date the bill was rendered. Subscriber will be billed for all usage beginning immediately upon access to service. For the purpose of computing charges, a month is considered to consist of thirty (30) days.

(f) Payment of residential bills is due upon receipt. Residential bills which are unpaid fifteen (15) day after the date the bill is rendered will incur a \$3.00 late payment fee. Interest at the rate of 18% per annum will be charged on all bills that are unpaid sixty (60) days or more after the date the bill was rendered. Subscriber will be billed for all usage beginning immediately upon access to service. For the purpose of computing charges, a month is considered to consist of thirty (30) days.

(g) Subscribers billed by local exchange telephone companies on behalf of Carrier are responsible for any late payment charges that the local exchange telephone company may employ in its billing process.

(h) Unless a subscriber challenges the accuracy of a bill, no later than ninety (90) days from the date of rendition, a bill will be conclusively presumed to accurately reflect the subscriber's use of Carrier's services.

Public Service Commission

(a) Each commercial applicant for service may be required to establish credit. Any applicant whose credit has not been established may be required to make a deposit to be held as a guarantee of payment of charges at the time of application. In addition, an existing commercial subscriber may be required to make a deposit or increase a deposit presently held.

(b) A deposit will not exceed the estimated charges for two (2) months' service plus installation. It will be returned:

(1) When an application for service has been cancelled prior to the establishment of service. The deposit will be applied to any charges applicable including installation charges and the excess portion of the deposit will be returned.

(2) At the end of six (6) months of satisfactory credit history.

(3) Upon the discontinuance of service. Carrier will refund the subscriber's deposit or the balance in excess of unpaid bills for the service.

(c) The fact that a deposit has been made in no way relieves the subscriber from complying with the regulations with respect to the prompt payment of bills on presentation.

(d) On deposits held thirty (30) days or more, simple interest at the rate of nine percent (9%) per annum shall be credited annually to the account of the subscriber or paid upon the return of the deposit, whichever occurs first. Interest will not accrue on any deposit after the date on which a reasonable effort has been made to return it to the subscriber.

(e) In lieu of a deposit, Carrier may accept a written guarantee. The limit of the guarantee will not exceed the amount of a cash deposit.

(f) A guarantor will be released upon satisfactory payment of all undisputed charges during the last twelve billing periods. Payment of charges is satisfactory if received prior to the date upon which the charge becomes delinquent provided it is not in dispute.

AUG 20 1987

(a) Carrier, by mailing a notice to the subscriber ^{MISSOURI} days before the date of cancellation by first class mail, may cancel the application for service or discontinue service without incurring any liability to the subscriber for any of the following reasons.

- (1) Non-payment of any sum due to Carrier for service for more than thirty (30) days beyond the date of rendition of the bill for such service; or
- (2) A violation of or failure to comply with any regulation governing the furnishing of service or;
- (3) An order of a court or other government authority having jurisdiction which prohibits Carrier from furnishing service.
- (4) Failure to post a required deposit or guarantee.
- (5) Material misrepresentation of identity in obtaining service or the use of service in a manner that in the opinion of Carrier constitutes fraud or abuse.
- (6) Incurring charges not covered by a deposit or guarantee and evidencing an intent not to pay such charges when due.
- (7) Disconnection of current listed telephone service by local exchange telephone company without prior notification to Carrier.

(b) Subscribers who wish to cancel PRO-WATS, Private Lines, or any service which supplies the subscriber with Direct Access Lines or facilities provided through a separate telecommunications company require a thirty (30) day written notice for disconnection. All other services may be cancelled either verbally or by written notice during normal business hours at Carrier's office.

(c) A cancellation of service by either Carrier or the subscriber shall not affect the subscriber's obligation to pay for all use of Carrier's facilities by the subscriber or anyone using subscriber's access codes prior to the time at which Carrier received proper notice of cancellation.

(1) The applicant is unable to establish that he had a previous account with a telephone utility for a period of at least twelve (12) months for which all undisputed charges were satisfactory paid; or

(2) The applicant has not previously had telephone service for a twelve (12) month period and does not meet at least two or the following criteria:

- (i) Home ownership, excluding mobile homes
- (ii) Vehicle ownership-car or truck
- (iii) Is fifty or more years of age
- (iv) Has been employed two (2) years or more with the current employer
- (v) Has an existing loan from a financial institution not considered delinquent by the creditor.

(b) A present subscriber may be required to post a deposit or guarantee as a condition of continued service if undisputed charges in two out of the last twelve billing periods have become delinquent or the subscriber has had service discontinued for non-payment of an undisputed delinquent charge at any time during the preceding twelve billing periods.

(c) No deposit or guarantee or additional deposit or guarantee will be required by the Carrier because of race, sex, creed, national origin, marital status, age, number of dependents, condition of physical handicap, source of income, or geographical area of residence.

(d) The amount of deposit for a new applicant will be twice the average monthly bill for all residence subscribers. If, within the first six (6) months of establishing service, the subscriber incurs service charges in any one billing period which are greater than 400% of the amount of deposit previously required, an additional deposit may be required.

3.11 Mileage

AUG 20 1987

MISSOURI

Mileage used in these tariffs is calculated by the Public Service Commission coordinates as obtained by reference to AT&T Tariff FCC No. 10

Method of Calculation

The airline mileage between two carrier service locations is calculated as follows:

$$\text{Mileage} = \sqrt{\frac{(V1 - V2)^2 + (H1 - H2)^2}{10}}$$

where V1 and H1 are the V and H coordinates of point 1 and V2 and H2 are the coordinates of point 2.

The mileage is rounded up to an integer value to determine the airline mileage.

4. DESCRIPTION OF SERVICE
4.1 Standard Long Distance Service

MISSOURI

Carrier provides a dial-up interexchange service available for subscriber use twenty-four (24) hours a day, seven (7) days a week. The subscriber uses a connection through the local exchange network to call any place within the State of Missouri.

(A) Access

Access to the service is obtained by dialing a seven (7) digit access number or an 800 inward WATS number. Either of these numbers produces a dial tone. The subscriber then enters a six digit code which produces a dial tone. He can then dial the number that he is calling.

Carrier also is an equal access provider. Under this service long distance calls may be made by dialing 1 plus the number being called. This service is available to customers in cities where "easy access" service is available and for whom Carrier has been designated as their principal long distance company.

In areas where the local exchange company provides FG B with Automatic Number Identification (ANI) the 6 digit code is not required.

(B) Minimum Usage

There is no minimum usage requirement for this service.

(C) Exceptions

1+800 and 1+900 calls, calls to directory assistance services, and other toll free calls are not included under these special rates nor do they apply toward any minimum usage.

(D) Discounts

Volume discounts for this plan may be chosen by the customer under rates set forth in 5.1.1 and 5.1.2. The volume discounts applicable are in section 5.13.

4. DESCRIPTION OF SERVICE (CONTINUED)
4.13 Operator Services for End Users

APR 25 1989

Operator Services allows customers to place calls person to person, station to station, and also allows customers alternatives of billing the charges.

This service is accessed depending upon the type of service connecting the customer to Carrier. Subscribers with Direct Access Lines will dial "0" and the desired number, those with equal access to Carrier will dial "00" and the desired number. Customer who access Carrier via FG-A or FG-B, will still need to dial the access number before entering "0" and the desired number. It is not necessary to dial a "1" before the desired number. If the desired number is not dialed following the "0" or "00", the operator will still come on line. This tariff applies to end users of Dial U.S.A.

(1) General Regulations

- a. Dial U.S.A. will not bill for incomplete calls where answer supervision is available. Where answer supervision is not available, call billing will not begin until 1 (one) minute from the intervention of the operator or automated equipment. Dial U.S.A. will not bill for incomplete calls and will remove any charge (s) for incomplete calls upon (i) subscriber notification or (ii) Dial U.S.A.'s knowledge.

- b. The caller and billed party, if different from the caller, will be advised that Dial U.S.A. is the operator service provider at the time of the initial contact.

Rate quotes will be given upon request, at no charge, including all rate components and any additional charges.

- d. Only tariffed rates approved by the Commission for Dial U.S.A. shall appear on any local exchange company (LEC) billings.

- e. Dial U.S.A. shall be listed on the LEC billing if the LEC has multicarrier billing ability.

- f. Dial U.S.A. will employ reasonable calling card verification procedures which are acceptable to the companies issuing the calling cards.

MISSOURI

- g. Dial U.S.A. will route all 0- or 00 emergency calls in the quickest possible manner to the appropriate local emergency service provider, at no charge.
- h. Upon request, Dial U.S.A. will transfer calls to other authorized interexchange carriers or to the LEC, if billing can list the caller's actual origination point.

(2) Class of Service

(A) Person to Person

Person to Person calls allow the person originating the call to specify to an operator a particular person to be reached, or a particular station, department, or office to be reached through a communications system attendant. When, after the telephone, or communications system has been connected and while the connection remains established, the person originating the call requests or agrees to talk to any person other than the person specified, or to any other person, station, department, or office to be reached through a communications system attendant, the classification of the call remains Person to Person.

When the person originating the call wishes the operator to make arrangements in advance with particular party or station for the establishment of a connection at a specific time (appointment call), the call is classified as Person to Person.

(B) Operator Station to Station

Operator Station to Station calls allow for completion of operator assisted service to the desired telephone number when the calling party does not specify a particular party to be reached. An exception to this service category is outlined in Zero Dialed Station to Station.

(C) Zero Dialed Station to Station

This service allows the user to place a non-operator assisted call and have the charges billed to a credit card number.

(3) Billing

(A) Reversal of Charges

Charges for Person to Person, Operator Station to Station, and Zero Dialed Station to Station calls may be billed to or collected from the called station. This collect call may be billed to a calling card or third party number. In the case of a public or semipublic coin telephone, the charges must be billed to a credit card or third party number, or the call may be re-originated from the called station. The regularly established rates apply except if the called station does not accept the charges and the calling party requests the operator to place the call later, on a collect basis, the call will be reclassified as a Person to Person call.

(B) Bill to Third Party

Bill to Third Party denotes a billing arrangement by which a call may be charged to an authorized station as determined by Carrier other than the station originating the call or the station where the call terminates.

(C) Credit Card Calls

The term "credit card" denotes a credit/charge card for use in billing operator service calls, and is subject to the approval of Carrier. Example of approved credit cards are: Teleconnect Credit Card, VISA, Mastercard, American Express, Diner's Card, any BOC credit card.

Traffic aggregators refer to subscribers which have the opportunity to generate revenues from operator-assisted calls (such as hotel, hospitals, universities, payphones, etc.). The same regulations, conditions, and rates previously listed in this tariff for Operator Services for End Users 4.14, will be applied to traffic aggregators and end users; however, the following additional general regulations will be applied specifically to traffic agregators:

a. Dial U.S.A. will refuse operator services to traffic aggregators which block access to other carriers.

b. Traffic aggregators will post and display information including (1) that Dial U.S.A. is the operator service provider, (2) detailed complaint procedures, and (3) instructions informing the caller on procedures to reach the LEC operator and other authorized interexchange carriers.
