Re: File No. ER-2016-0129

Dear Mr. Woodruff:

On November 25, 2015, Union Electric Company d/b/a Ameren Missouri (Ameren Missouri or Company) submitted 2nd Revised Sheet No. 73.11, part of Schedule No. 6, Schedule of Rates for Electric Service, and which was to supersede 1st Revised Sheet No. 73.11 (the "Original Tariff Sheet"). The Original Tariff Sheet was filed to effectuate the triennial change in the Fuel Adjustment Rate ("FAR") rates provided for in the Company's Rider FAC. It bore an effective date of January 27, 2016 (which is the first billing day of the February 2016 billing month).

The Commission's Staff has been engaged in review of the Original Tariff Sheet and the related FAR filing made in this docket. As part of its review, Staff contacted the Company about a minor error involving the loss factor used to calculate the Adjustment for Reduction of Service Classification 12(M) or 13(M) provided for by Rider FAC. The Staff has indicated to the Company that the Rider FAC filing made on November 25 is otherwise in compliance with the terms of Rider FAC and the Commission's rules.

More specifically, in order to calculate the applicable FAR rates (which are derived from the dollar value of the various components in Rider FAC), losses must be added to metered sales since the FAR rates are first calculated using kwh sales at the Company's MISO CP Node. In its original November 25 filing, the Company relied upon the loss factors used in its most recent general rate proceeding, but the Staff believes that Rider FAC indicates that the Transmission Voltage Adjustment Factor in Rider FAC should be used instead. The Company is agreeable to use the Transmission Voltage Adjustment Factor as recommended by the Staff and, consequently, has re-performed the calculations using that Factor.

Mr. Morris Woodruff

December 22, 2015

Page 2

While the re-calculation results in minor changes to some of the dollar values on the Original Tariff Sheet, it does not change any of the FAR rates that were filed on November 25.

The re-calculation necessitates substituting the attached tariff sheet for the Original Tariff Sheet. As the Original Tariff Sheet did, this substituted tariff sheet will implement the Company's Fuel and Purchased Power Adjustment for the 20th Accumulation Period ending September 30, 2015, and also includes the amounts to be trued-up for the 17th Recovery Period under the Company's Rider FAC.

Sincerely,

/s/ James B. Lowery

November 25, 2015

Mr. Morris Woodruff
Secretary
Missouri Public Service Commission
200 Madison Street, Suite 100
P.O. Box 360
Jefferson City, MO 65102-0360

Dear Mr. Woodruff:

The accompanying tariff sheet issued by Union Electric Company d/b/a Ameren Missouri (Ameren Missouri), is being transmitted for filing as a Revision of Schedule No. 6, Schedule of Rates for Electric service:

Filed
2nd Revised Sheet No. 73.11

Canceling
1st Revised Sheet No. 73.11

This tariff sheet is being issued November 25, 2015, to become effective on and after January 28, 2016.

The purpose of this filing is to change Ameren Missouri's Rider FAC rates. This tariff sheet is filed in conjunction with testimonies of Erik C. Wenberg filed in two separate dockets, one to effectuate a change in Rider FAC rates arising from the 20th Accumulation Period under Ameren Missouri's Rider FAC and one to effectuate a change in Rider FAC rates from the 17th True-Up Period under Ameren Missouri's Rider FAC. All such rate changes are reflected in this tariff sheet.

Sincerely,

Wendy K. Tatro

Wendy K. Tatro
