In order to be eligible for this promotion, the customer must (i) have enrolled in one of the Business Sense Credit Promotions between January 1, 1996 and December 31, 1996 and (ii) must designate Sprint as its "Exclusive Telecommunications Service Provider" and, as such, award to Sprint 100% (excluding usage at volume levels currently under contract with another carrier on the execution of this promotion and networks established for redundancy as long as backup carrier is used only in the event of a Sprint outage, and only for the period of that outage) of its long distance communications services. Hospitality Small Segment Hotel Promotion

MO. PUBLIC SERVICE COMM

Sprint customers enrolling in a new Hospitality Connection Plus one or two year Term Plan (N) may be eligible to receive usage discounts of 20% if enrolling in a one year term and 23% if enrolling in a two year term on their intrastate Hospitality Connection Plus Service usage charges. These discounts are only available when direct dial services are combined with Sprint Operator Service.

Customers enrolling in a term plan will receive these promotional rates for the duration of the term. These rates are offered in lieu of all of the standard tariff Hospitality Connection Plus rates and discounts. The discounted rates will apply only to a customer's associated locations defined herein. If Sprint Operator Service usage charges are not generated during any billing month of the Term, customer will not receive the Hospitality Connection Plus price plan set forth above but will instead receive Sprint's Hospitality Connection Plus month-to-month price plan as set forth in the applicable tariffs.

Customer must designate Sprint as its "Exclusive Telecommunications Service Provider" with respect to the Services outlined above, and, as such, award to Sprint 100% (excluding usage at volume levels currently under contract with another carrier and for redundancy as long as backup carrier is used only in the event of a Sprint outage, and only for the period of that outage) of Customer's telecommunications services that are the same as or similar to Sprint Hospitality Connection Plus Service (Direct Dial) and Sprint Operator Service. If during any month of the term, customer fails to award such traffic to Sprint, customer will not receive any further promotional discounts and all subsequent charges for Sprint Services will be based upon standard tariff rates and discounts. In addition, Sprint will bill the customer for the promotional discounts received under this promotion during any billing months that Sprint was not the customer's Exclusive Telecommunications Service Provider. In order to be eligible, customer must be (i) a new Hospitality Connection Plus customer or (ii) an existing Sprint Hospitality Customer with less than 60 days remaining on their current term plan.

This promotion may be used by hotel/motel customers for commercial use only. This promotion is available to hotel/motel properties or legitimate hotel management companies with at least \$150 per month in Sprint Hospitality Plus (Direct Dial) Service usage charges. This promotion cannot be combined with any other promotion applicable to Hospitality Connection Plus usage. This promotion cannot be used in conjunction with any affinity discount program. This promotion is available through December 31, 1997 unless sooner changed or canceled. Services must be activated by January 31, 1998. (N)

6. Promotional Offerings (Continued)**Sprint Sense Cash Back Program**

New customers signing up for Sprint Sense or any Sprint Sense calling plan, and whose first year anniversary with Sprint will fall on or after August 28, 1996, can enroll in the Sprint Sense Cash Back Program by calling a special advertised 800 toll-free number or by responding to a Sprint telemarketing solicitation. Existing Sprint Sense calling plan customers may request enrollment to this program.

Upon signing up for the program, Sprint Sense Cash Back Program customers will begin to accrue 10% of their total gross monthly usage. Gross usage includes all domestic and international Dial "1", FÖNCARD, Residential Toll Free and operator services usage and surcharges but excludes any applicable non-recurring charges, monthly recurring charges and taxes. After 12 months the customer is eligible to receive the accrued balance for the preceding 12 months if all of the following conditions are met:

- 1) The customer contacts Sprint to request the check once the 12 month continuous service period has elapsed;
- 2) The customer remained a Sprint Sense Cash Back Program customer for 12 consecutive months;
- 3) The customer still has Sprint as its Primary Interexchange Carrier;
- 4) The customer's account is no more than 30 days past due; and
- 5) The customer has accumulated a minimum of \$250.00 in usage over 27 consecutive months. (C)

If any of these conditions are not met, the customer will not be issued a check. However, the customer's accrued balance will continue to grow. When all conditions are met, the customer will be issued a check, and the customer's balance will be reset to zero and will begin to accrue during the next 12 months. If, after 27 consecutive months in the Sprint Sense Cash Back Program the customer has not expressed an interest to redeem its Cash Back Reward and/or continue in the Cash Back Rewards Program, Sprint has the option to reset the account balance to zero. Further, Sprint will end the customer's Cash Back program with no impact to the customer's existing calling rates, and the account will no longer be eligible to accrue a balance. Participants in this program are ineligible to participate in the Sprint Priority Rewards Programs and the Sprint Sense 100 Free Minutes Promotion.
