5.0 TeleQuality Private Line Data Services

5.1 Private Line Data Services

Service is designed and provisioned on an Individual Case Basis (ICB) pursuant to contracts with Customers. All requesting Customers shall have nondiscriminatory access to ICB Services and facilities at nondiscriminatory rates, terms and conditions. While TeleQuality will provide service at the published rates, contract prices may be less than, but not more than, the published rates based on competitive market considerations and factors such as the number of locations to be connected, physical location of each facility, availability of existing infrastructure to support network requirements, speed, latency, jitter, network availability requirements, costs to obtain underlying services from RLEC, ILEC and CLEC providers, internal equipment costs required by TeleQuality to provide service, and collocation facilities required to integrate services from multiple providers.

Bandwidth	Recurring Monthly Rate
1.5 Mbps (N x T1)	\$1,450 (per bonded T1)
10 Mbps	\$2,720
20 Mbps	\$2,015
100 Mbps	\$5,600
250 Mbps	\$4,900

5.2 Service Connection and Related Charges

Nonrecurring charges may apply to Customer requests for connecting, moving, or changing Service. These charges will be determined on an Individual Case Basis (ICB) and will apply in addition to any other scheduled rates and charges that otherwise apply under this Tariff.

5.2.1 Charges for the connection, move, or change of Service may apply for work being performed during the Company's normal business hours. If the Customer requests that overtime labor be performed at a premises on the day or days of the week other than normal work hours or on holidays, or interrupts work once it has begun, an additional charge may apply based on the additional costs involved.
